Meetings Grow in Interest

The big tabernacle meetings conducted by Rev. Van Marter are still growing in interest and what ever one may say of Van, it must be admitted that he is a fearless exponent of what he thinks is right, and that he does not mince matters in any form. The meetings will probably continue indefinitely, or as long as there are any visible results.

No Wonder.
The ancients thought the world was flat.
I'm really not surprised at that.
We'd find it flat, I dare to say.
If we were living in their day.
Just think, they had no autos then,
No show girls to delight the men,
No pipes to smoke and no cigars,
No cocktails served at handsome bars,
No bridge to play and no pink teas,
No liners speeding o'er the seas,
No yellow journals and no flats,
No women's monstrous picture hats,
No tariff problem to attack,
No gowns that button up the back,
No end seat hogs with manners rude,
No monkeying with the price of food,
No ice bills, no cold storage eggs,
No bunko steerers and no yeggs,
No trolley cars with clang and whirr,
No Teddy to keep things astrir—
Say, is it any wonder that
The ancients thought the world was flat?

"Eb? How?"
"By not stealing it, of course."—New York Weekly.
