

Local Lore

The Misses Allen, nurses at Mercy Hospital, North Bend, are in Bandon for a months' vacation and rest.

Mr. and Mrs. Charles Fox left Tuesday morning for a months' outing down the coast. They will go as far as Pistol river.

See or phone L. J. Radley for all kinds of Fire Wood. 27 tf

L. A. Liljvist, of Coquille, deputy prosecuting attorney for this district, was a Bandon pleasure visitor Sunday.

Mr. Crippen, of Portland, came in on the last Breakwater, and went down to Langlois where he will look over the ground with the view of prospecting for oil in that vicinity. Two more Portland men will come on the next Breakwater, and go direct to Langlois.

LOST—A Colt's Automatic Revolver, on the county road, between Bandon and Two mile. Return to G. T. Treadgold and receive reward.

W. Sinclair, of Coquille, was a Bandon visitor Saturday and Sunday.

Mr. and Mrs. Clark, who have been at Lakeport for some time, left Monday for their home in Portland. Mr. Clark was connected with the new saw mill recently built at Lakeport.

Try T. W. Robison for hay, grain and feed before purchasing elsewhere. 27 tf

A. J. Sherwood, of Coquille, accompanied by his wife and daughter, were Bandon visitors over Sunday.

Mr. and Mrs. George Turner left Wednesday for Florence where they will make final proof on their homestead, which is on the Umpqua. They have a very fine claim.

You can do better for cash if you buy your hay, grain and feed of T. W. Robison at the Central Warehouse. 27 tf

J. W. Lint went to Myrtle Point Tuesday and will return the latter part of the week. He expects to move his family to Myrtle Point about the first of August, and will embark in the photograph business again.

Wm. Logan has taken over the Sydman contract and will finish up the planking of Atwater street. Mr. Logan has put in his order for material and expects to get started to work the latter part of this week or the first of next.

After August 1st, please bring your cash when buying hay, grain and feed of T. W. Robison at Central Warehouse. You can buy cheaper. 27 3t

F. N. Perkins returned from Coos Bay Monday, where he had been for a few days taking treatment for his hip which was dislocated by a fall some time ago. Mr. Perkins states that it will be necessary for him to return to the bay and go into the hospital for a week or perhaps more, and will be compelled to undergo another operation to have his hip pulled into place, as it is still dislocated.

Having sold our jewelry business, will devote all our time to optical work. Will be in Bandon one week out of each month. Save your work for us. Watch for notice.

C. L. BENDER, O. D.
28-2t E. P. BENDER, O. D.

W. H. Mansell and wife, of Coquille, were down to Bandon over Sunday taking in the sights of our city.

Bishop Scadding and wife arrived in Bandon, Monday, and will spend some time at their cottage on the beach.

Col. R. H. Rosa returned on the last Breakwater from Portland, having attended the Republican State Assembly at Salem.

Miss Effie Collier of Coquille was a Bandon visitor Saturday and Sunday.

FOR SALE—Five room cottage and furniture, and two lots. Best location in town. Close in. Inquire of Nels Rasmussen. 29 tf

Mrs. E. Lewin and daughter, Mrs. Hoover, Miss Vivian Van Valkenburg and Mrs. Wm. Craine and daughters left Monday for Whiskey Run where they will camp out for a week or ten days.

Dr. H. M. Brown has returned from a two weeks' outing down in Curry county and reports a fine time.

S. G. Rosa and wife of Grand Rapids, Mich., are visiting at the home of the gentleman's brother, Col. R. H. Rosa of this city. Mr. and Mrs. Rosa have been visiting on the coast for a year, spending the winter in California, and having been at North Yakima, Wash., before coming here.

LOST—An Elk Tooth Charm, marked B. J. C., 647. Finder please return to Coumerilh-Christensen Co and receive reward. 29-1t

The special election of the city of Coquille, held Monday, for the amendment of the city charter, resulted favorably for the amendment, there being 112 for and 38 votes against the measure. This provides greater powers for the city council, which was necessary in the management of the city's affairs.—Coquille Herald.

Rev. W. J. Manifold of Wilson Creek, Wash., arrived here last week and is looking over the field in connection with the Presbyterian church and if conditions suit he will probably move his family to this city. Mr. Manifold comes highly recommended and is a very nice appearing gentleman.

Capt. M. W. King, who has had charge of the U. S. Dredging Co.'s work in the Fat Elk district, left on the Elizabeth for San Francisco, having secured another position that was more to his liking. Capt. Hogland of San Francisco has arrived and will take Captain King's place.

J. S. Barton and Miss Florence Atkinson, two of Coquille's popular young people were married Saturday evening July 16th, at the home of L. H. Hazard. They will be at home at Coquille after August 10th. Mr. Barton is manager of the Coquille office of the Title Guaranty & Trust Co., and is well and favorably known throughout Coos county.

Judge Sperry, wife and daughter were down from Coquille over Sunday. They were accompanied by Mrs. E. D. Sperry's sister, Miss E. P. Howard, of Knoxville, Ill., and mother, Mrs. Sarah F. Howard, of Three Rivers, Mich., who have been visiting at the Sperry home in Coquille for some time. Miss E. P. Howard is Superintendent of the ladies' college at Knoxville, Ill., the oldest female college in the United States.

The parties owning the plat of ground adjoining the G. A. R. cemetery on the east are desirous of exchanging land and are trying to negotiate with Bandon Post. If successful it will result in the removal of the cemetery farther east, and for this reason the W. R. C. are waiting for a decision before doing any work on the soldier's monument. Some have donated very liberally and to them some explanation is due, and owing to the fact that the cemetery is too small and a change will be obligatory, this explanation is for all who are interested.

Arrangements are being made for the Hoop Hoos of Coos County to get together for a picnic and general good time at Bandon some time in August. This will be the first general gathering of the lumbermen since their organization in this section, and it will, no doubt, be a great gathering.

The steamer Dispatch has been laid up for a few days undergoing repairs. The Favorite is taking the Dispatch's run at present. Captain White says his boat will probably be ready to float again about Saturday.

THE CRASH OF WORLDS.

A Scientific Theory Concerning the End of Our Planet.

Credulous individuals who are always fearful that some of the ends of the world predicted by sensational prophets may prove to be true will find considerable comfort in the assertion of Professor Lowell that there is good scientific evidence for the belief that mankind will have many years' warning of the great catastrophe that is destined to put an end to all things on this planet.

According to Professor Lowell's statements, there is somewhere within the remote confines of space a great mass of matter—once a world, but now dead—that is hurling itself toward our sun. In time it is certain to reach the goal to which it is tending, and when the two come together the globe on which we live is destined to cease to exist.

Fortunately for our peace of mind, there is at the present moment no such dead world within dangerous proximity, and yet any day it may appear. Any day the morning papers may announce that one of the dark bodies has come within the reach of the telescope—that it may readily be seen by the light of the sun reflected upon it.

While it would then be certain that the end of the world was in sight, there would still be ample time in which to prepare for the inevitable. If the first view of the intruder was caught at the eleventh magnitude—it could scarcely come much nearer without being detected—it would not be until twenty-seven years later that it would become visible to the naked eye, and three years more would elapse before it appeared to us as equal in size to a first magnitude star. In two years and three months more it would have come as near to us as Jupiter, and by that time it would be far the brightest star in the sky. In fact, its effect upon the world would already be felt. Our seasons would change, and the days would grow longer. Finally, just 145 days later, those who were still alive would witness the beginning of the end. The stranger would not strike the earth, but would pass so close in its dash to the sun that the earth would turn and follow until together they would drop silently into the sun.—Brooklyn Eagle.
