DR. J. D. KELLEY
Physician and Surgeon

Office in Donald Charleston home, opposite Presbyterian church, Bandon, Oregon

REPUBLIC FOR PORTUGAL IS SURE

King Manuel Attempts Suicide, But is Prevented by Mother.

PROMISE OF LIBERAL GOVERNMENT

(Wireless via Cape Blanco.)
Lisbon, October 10th.—The King of Portugal leaves the country in company with Queen Dowager and Duke Aporpo. The revolution gains ground constantly, but a large part of the inhabitants remain faithful to the crown.

A Republican newspaper says: King Manuel tried to commit suicide after his flight from Lisbon, but was prevented from doing so by his mother. A dispatch from Gibraltar reports that King Manuel was slightly wounded.

The establishment of a Republic in Portugal is an accepted fact. For a city that has passed through the throes of a bloody revolution, that resisted a bombardment, Lisbon today is a cloudy sunshine.

Peace centers over Portugal and Lisbon is gay in the new colors of a Republic. The new government takes firm hold, acclaiming a new organization and promising liberal laws and reforms on the broadest scale.

Riverton Locals.

Stewart Whitsett sold his residence property here to the Jamison brothers for \$1500.

The Masquerade ball given by the Elliott orchestra was well attended. Some very unique costumes were worn. We especially commend Mrs. Viola Martin who represented a gypsy fortune teller, and also Mr. McAdams as a cow boy.

Steve Steward returned home last week from his trip to Washington. He is now working in the logging camp of Seely & Anderson.

George Chard and family have moved to Coquille. He will work in the Peart mine this winter.

The outing party consisting of T. Maloon and wife, O. A. Kelly and wife, Jas. Ferry, Jr. and Ernest Barry, returned home from their camp on Five mile creek near the coast. They report having caught a goodly number of sea fish, also a fine fat deer.

Wott Harrington and family have moved into the old Copley house.

Mrs. Wm. Rohm and Mrs. M. Hayter spent a day visiting in Bandon last week.

Mr. and Mrs. J. R. McGee made a flying trip to the bay last week.

Miss Rose Ferry, late of Cottage Grove, will make her home with her parents this winter.

Mrs. L. A. Lee is visiting in Marshfield this week.

VERITAS.

Reception to Pastor.

A reception was given at the Presbyterian parsonage last night in honor of Rev. Hartranft and wife, a large number of members and friends of the church were present and all enjoyed the occasion very much. A business meeting of the Christian Endeavor Society was also held at the church which was well attended.

Members of the church will meet this evening to organize a Bible class, and all who are interested are invited to attend.

ARTISTS WILL ENTER CONTEST

Make Designs for Trademark for Panama-Pacific Exposition.

Artists and painters of the highest rank all over the country have indicated their intention to compete for the \$1,000 prize offered by the Panama Pacific Exposition committee—the largest prize ever offered in a contest of this character.

Not only will the men who have been adding lustre to the fame of California by their work in the East be represented, but the artists whose magazine covers, illustrations and paintings have made their individuality familiar to all Americans will try to achieve the distinction of having created the design that will symbolize the greatest work of man.

The contest is open to every artist in the United States, but it is the belief of the committee that the virile imagination of some young Californian will rise to the opportunity offered by the contest. Whistler and most of the eminent painters and sculptors who have watched the awakening of American art have asserted that the really great thing will be done in the near future in the United States; and they have considered California the cradle of the native art of America.

No more inspiring theme has ever been presented to a creative mind than the opening of the Panama Canal, and the making of the design should call forth the best thought and technical skill in the nation. Hundreds of suggestions have already been presented. Thousands doubtless will follow. But out of the lot there will probably be a limited number whose strength of conception and power of technique will enable them to stand out as the real competitors.

In making the drawings competitors should bear in mind that the design is to be used on everything sent out by the Exposition committee—letterheads, stickers, posters, and all other matter—and should therefore make their sketches conform to the purpose for which the accepted design will be used. It has been requested by the committee that designs be sent in as early as possible in order that they may have time to give adequate consideration to the thousands of sketches that will come in before the time closes.

The following are the conditions of the contest as adopted by the Exploitation and Publicity Committee: "A prize of \$1,000 is offered for the best and most practical design for a trademark for the Panama-Pacific Exposition. The words, 'Panama-Pacific International Exposition, San Francisco, 1915, must be included, and the design submitted, must be finished in detail with the color scheme attached. Competition will close Oct. 15th, and the name of the winner of the contest will be announced a few days later.

"The design will be used as a seal to be placed on all official documents as part of official posters, on all stationery and all other literature or documents that we may desire to make official."

J. C. Shields and wife spent Sunday with their daughter, Mrs. Olsen, near Coquille. They returned on Monday evening's Dispatch.

FOR SALE—Five room cottage and furniture, and two lots. Best location in town. Close in. Inquire of Nels Rasmussen. 29-tf

SURVEYING AT THE SIUSLAW

North Bend Man Tells of Southern Pacific and Asset Company.

Friday's Coos Bay Times says: Fred Hollister of North Bend, who has just returned from the Siuslaw tells of the activities of the railroad companies in that locality. He says that the two surveying parties, one out for the Southern Pacific and the other for the Lane County Asset Company, are working on the Siuslaw. Real estate is moving and a big saw mill for the locality is in prospect. The Strett and Hovey Company of Michigan, having large timber holdings on the Siuslaw, is to build a big mill which will be second to none on the coast excepting the C. A. Smith mill in this city. The work which is being done on the jetty, Mr. Hollister says, is also helping the place. Regarding the railroad work Mr. Hollister says: "The Asset Company has started its survey from Eugene and has practically less than a one per cent. grade from there to Springfield. From the latter city the survey runs to Mapleton, which is at the head of deep water on the Siuslaw, and extends down the south side of the river to Glendale, which is opposite Florence near the mouth of the river. This survey makes the distance from Eugene to Mapleton 41 miles.

"The Southern Pacific is surveying from Junction City, 15 miles north of Eugene, to Mapleton, and from that point practically parallels the Asset Company survey to Glendale. The Southern Pacific has completed its preliminary survey and is going back to make the permanent survey. It is understood that from Glendale the survey will come down the coast to the Umpqua, extending through the lake country. The activities of the railroad is giving the Siuslaw quite a start right now."

From Floras Lake Banner.

Frands Thomsen left Sunday for Lincoln, Neb., as a delegate to the Farmer's National convention to be held in that city.

Miss Pearl Axtell left Tuesday for her home on Elk river where she will spend a week visiting with her father. She was accompanied by Rodger Handley, who will spend the week hunting.

One of the most delightful afternoons was spent at the home of Mrs. Cox, by the Ladies' Social Club. The hostess entertained at whist, Mrs. Lee winning first prize, and Mrs. Anna Swanson second. A delicious luncheon of all the good things a farm affords, including chicken, was served. Every one enjoyed themselves immensely, and claim Mrs. Cox a most charming hostess.

New Power Hammer.

Shields & Kennedy, the blacksmiths, returned last night from San Francisco where they had been for a couple of weeks buying additional stock for their shop. They purchased a big power hammer which will enable them to do heavy work much easier and with greater dispatch than ever before. They also bought considerable stock for their shop, and are contemplating putting in a new bolt machine in the near future. This enterprising firm always keeps abreast with the times.

RECEIVED BRUTAL TREATMENT

Oregonian Tells of Horrible Practice at Crystal Springs Sanitarium.

The Oregonian of last Saturday tells a horrible tale of abuses at Crystal Springs Sanitarium of Portland, upon one Dr. Laurel A. Stemmler, a dentist and patient in that hospital.

Dr. Stemmler is a brother of J. O. Stemmler, of Myrtle Point, who is well known in Coos county and is a highly respected citizen. According to reports, Dr. Stemmler has been suffering from weak mind and was placed in the Sanitarium by H. E. Stemmler of Portland and J. O. Stemmler of Myrtle Point, who were paying \$100 a month. The two gentlemen, says the Oregonian, went to visit their brother Thursday and were informed by the head nurse that he was out walking. They elected to wait for his return, and in the meantime were shown about the Sanitarium by the nurse whose name is Arnold. It is said that the patient at the time was in an upstairs room, bound to a bed and gagged. When the nurse found he could not shake the visitors whose suspicions were beginning to be aroused, he went up and let the man loose, threatening to kill him if he told anything and offering a box of cigars if he kept still.

When the brothers were brought into the presence of the patient their suspicions were in no way allayed and they began an examination. Upon his jaw he bore a wound that had splintered the bone. His body showed signs of having been kicked by heavy shoes, one arm was badly swollen. The indignant brothers at once took possession of Stemmler and removed him from the institution. They appealed direct to Deputy District Attorney Fitzgerald who hurried them to the grand jury where an investigation was made. Mr. Fitzgerald at once prepared a complaint against Arnold and a policeman was sent for him, but he had fled, and up to last report had not been located.

Teachers and Patrons Organize.

At the Teachers' and Patrons' Meeting held at the school building last Friday night, a permanent organization was formed and the following officers elected: Mrs. Steve Gallier, president; Mrs. J. L. Kronenberg, secretary. An executive committee was appointed which will outline the work and prepare programs. This committee consists of H. C. Ostien, chairman, A. Haberly, Mr. Bain, Mrs. Kopf and Mrs. J. D. Kelly.

Committee on constitution and by-laws, P. C. Stevenson, Miss Lusk and Mrs. Rosa.

A good program, consisting of music and recitations was carried out by the high school students, also short addresses by A. Haberly and Rev. Hartranft. There was a good attendance and a very profitable meeting.

Mrs. R. Clinton and son came down from Coquille Saturday to visit her parents, Mr. and Mrs. W. L. Beach. Mr. Clinton, who is superintendent of a pile driver at Prosper, came down Saturday evening and all spent Sunday here. Mr. Beach accompanied them up the river Monday and went to Myrtle Point and Marshfield to lay in a supply of goods for his second hand store.

BOATS ARRIVE AND DEPART

Much Shipping In and Out of the Coquille River Harbor.

BUSINESS CERTAINLY ON INCREASE

The shipping business in and out of Bandon is constantly on the increase. As was announced in last Friday's RECORDER the Elizabeth, Fifield, Washcalore and Ruby all sailed for San Francisco Friday, in addition to the freight as given at that time the Elizabeth carried the following passengers: O. Jirby and wife, Mrs. J. C. Jirby, J. A. Gardner, F. H. Brown, Harold Parks, Mrs. J. W. Parks, Leo Parks, Mabel Parks. The Fifield's passenger list was: M. R. Drushbach and wife, C. W. Burgess, Mrs. W. Taylor, W. C. Sellmer, J. N. Slattery, Percy Ward, Mrs. Ward and three children, J. H. Shermer, L. H. Landis, A. J. Morgan, H. Mason, J. White, L. Knopp, D. Brass, H. Brady, L. W. Batchler, P. Hazleton, T. H. Shaw, Mrs. J. McCue and Mrs. W. Hayter.

The tug Klyham arrived yesterday from Coos Bay with the Oregon in tow; the latter had box spooks for local distribution. The shuck lumber was taken over from here. Why has Bandon not got a box factory? Here is certainly the opportunity for one.

The Newport left Portland last night for Coos Bay and the Coquille river. It is rumored here that Captain Fry is master and Gurley Boak chief engineer.

Four Mile Locals

Everyone is rejoicing over the rain; grass has begun to show up fine already.

Elmer Davis, a son of A. Davis, spent a week visiting his parents at New Lake.

W. A. DeLong returned from Seattle where he has been visiting the past month. He reported very smoky weather at Seattle.

A picnic and Socialist meeting was held at the Four mile hall the 2nd of October, and there was a very large attendance. Several very good speakers from up river were present.

John Stillwell was called to the bedside of his mother, Mrs. Stillwell at Bandon, who was very ill, but is now on the mend.

Mr. Hess will start up the mill at Two mile, better known as New Mill.

The farmers are all busy digging their potatoes. The crop is reported very light this year. PETE.

Notice of Dissolution.

BANDON, ORE., Oct. 10, 1910.

Notice is hereby given that the partnership formerly existing between Claude Woodruff and George Turner, under the firm name of Woodruff & Turner, has been dissolved by mutual consent of both parties. Claude Woodruff will retain the business and pay all bills of the company, and all accounts due the firm are now due and payable to C. W. Spencer.

Signed: CLAUDE WOODRUFF,
41-14 GEORGE TURNER.

The RECORDER only \$1.50 per year
