EAKINS' EGGS
SUBSTITUTE,
This Powder is invaluable to the Housekeeper, Hotel and Restaurant Proprietors, Miners and owners of Steamships and sea going vessels, as it does away with the necessity of providing Eggs for Puddings, Cakes, Fancy Breads, etc., as the contents of each tin is equal in every respect (for the above purpose) to four dozen of Eggs.
It dispenses ENTIRELY with the use of Soda, Saleratus and Cream of Tartar, (three ingredients that are very apt to disagree with delicate stomachs), and is a friend to the dyspeptic, as it makes the food into which it is introduced; light and wholesome. It is entirely free from all mineral ALKALIES, and is recommended by the Faculty to those suffering from sour stomachs and impaired digestion, or irregularity of the biliary secretions.
The above article is put up in sealed cans, and warranted to keep in all climates.
Directions on each box.

EAKINS'
Celebrated California
Buckeye Salve.
Patented March, 1868.
A certain cure for
Rheumatism, Paralysis, Piles and Old Sores.
The therapeutic value of this salutary preparation is exhibited in its application as a medicinal in cases where, owing to disease, a partial suspension of the vital powers has taken place, as in
RHEUMATISM OR PARALYSIS,
and where the animal functions have become inert or inoperative, as in
PILES, FISTULA AND CHRONIC SORES.

It permeates the system, into which it becomes thoroughly absorbed, and thus it strikes at the root of evil in both Rheumatism and Paralysis. As a lenitive, it mitigates pain and soothes the irritation of the parts affected. It is both emollient and depurative in its action on sores, which it mollifies and softens, and it effectually cleanses them from impurities and foreign matter, causing them to cicatrize rapidly.
DISCOVERY OF THE BUCKEYE.
The curative properties of the Buckeye, Nut, from which this ointment is principally expressed, were first brought to notice by Mr. Conroy, who, while residing in Anderson's Valley, suffered so severely from Rheumatism, that he could move neither hand nor foot. He had known the natives to use the nut as a specific, and tried it with great success on himself. The potency of its effects as a drug is exemplified in its singular operation on cattle, by which, when taken, it causes abortion in those animals that are with young when the nut is eaten. Squirrels, as if aware of its medicinal properties, eat but half of it, leaving the other half unatoned.
So wonderful is the efficacy of this production of nature, in cases of Rheumatism, that many of the old settlers and early Californians subject to the disease, carry the nut about their persons, not only as an antidote, but as a preventive.
In no cases where THIS PREPARATION has been applied to the human subject, has it failed in establishing a COMPLETE CURE in the diseases above mentioned.
Beware of Counterfeits.—Ask for Eakins' Buckeye Salve, and take no other.
Sold by all Druggists throughout the country.

CERTIFICATE.
MR. L. BAUGUENESS—Dear Sir: This is to certify that on or about the 20th of Nov., I was taken sick with a very sore throat—said to be Diphtheria, in the very worst form. My throat was badly swollen; my jaws were set, almost equal to Lockjaw. I thought several times I would smother to death. I was confined to my bed about fourteen days, and by the use of about five bottles of your Indian Vegetable Liniment, I was restored to health.
Signed, MARTHA W. ROWE.
