The Radical Ticket.

The Portland Convention of the 6th inst. has placed a ticket in the field which is neither complimentary to the intelligence of the party which . nominated it or to the people of the State.

Joseph G. Wilson, the candidate for Congress, is at present Judge of the 5th Judicial Instrict, a position which, we understand, he has not resigned, although he has accepted the nomination for Congress. The oath which Judge Wilson took when he assumed his position upon the Bench, is as fol-

affirm, that I will support the Constitution of the State of Oregon; and that I will faithfully and impartially discharge the duties of a Judge of the colored population show they deserve to be enfran- and endorse his actions to the letter. Supreme and Circuit Courts of said State accord- chised by voting against rebels and democrats .ing to the best of my ability; and that I will not accept any other office, except Judicial offices, during the term for which I have been elected."

We feel assured that Wilson will not accept the office of Representative, in the sense of enjoying the honors and emoluments of the position, for he has as surely "gone where the woodbine twineth." as if the 6th of June had already come, and the dolorous trip up Salt river commenced. Though whether Judge Wilson has not already committed We look upon this as merely the commencea moral, if not a legal violation of his official oath, is a matter for the consideration of his own conscience. Before the war Wilson was a radical democrat of the straitest sect, although, we believe, he bolted the pominations of both Stout and Sheil. Since the war, he has aspired to the position of being the leader of the negro-worshippers in this State. A few years ago, a couple of negroes were married in Salem, and Judge Wilson being then in Salem, attending the Supreme Court, accepted the position of master of ceremonies at the wedding feast, kissed the bride, and made himself generally useful as the chief adviser in regard to the table arrangements. This circumstance indicates that Wilson is an appropriate standard-bearer for the equality-among-all-men party. The Judge is remarkable for no particular traits of character, except an intense love for our colored and Chinese brethren, a passion for the tones of the trombone. and delights in retailing to admiring hearers varns that are too highly spiced for fastidious ears.

Gen. (?) Joel Palmer is the candidate for Governor, and the Convention perpetrated a stupendous joke when it nominated him upon an anti-repudistion platform; for when Palmer was superintendent of Indian Affairs in Oregon at the com mencement of the Indian war of 1855-6, he did return with the Crescent city mail, last Monday, on more to cause the repudiation of the Oregon War account of the high waters of Applegate and tribu-Debt, than did Gen. Wool himself. His letters to Jacksonville last Monday night, having been dethe Department were filled with the vilest slanders tained twenty-four hours at Cow creek, by high tion of "Civil I.
