Appointments.

James D. Fay, H. Klippel and T. H. B. Shipley, Democratic nominees for State Senator, Sheriff and County Judge, will address their fellow-citizens at the following times and places, at the usual place of voting in each precinct:

Table with 2 columns: Location and Date/Time. Includes Willow Springs, Applegate, Rock Point, Evans Creek, Butte Creek, Sams Valley, Link River, Ashland, Jacksonville.

Opposing candidates are respectfully invited to meet us at the above places of speaking a 1 o'clock p. m., except Willow Springs and Jacksonville, which will be in the evening. The meeting in Sams Valley will be held at Antioch School House; Butte Creek, at Simp on's School House.

With proper management the ratification of this amendment will give us in Oregon 200 colored votes, and elect the entire Republican ticket at the June election. At the Presidential election Grant only lacked 164 votes of getting the electoral vote of Oregon. There are upwards of two hundred colored voters in Oregon. Nine-tenths of this class vote the Republican ticket throughout the United States.

This is the reason why Democrats howl for a "white man's government;" and this is one reason why we favor the Fifteenth Amendment. Our colored population show they deserve to be enfranchised by voting against rebels and democrats.—Dowell's Washington Letter to the Sentinel, January 17th.

Proceedings of the Democratic County Committee.

Pursuant to adjournment, the Committee met in Jacksonville, May 17th, 1870. On motion, W. J. Plymale was chosen Secretary. On motion, A. J. Burnett was declared the Democratic nominee for Representative, to fill the vacancy on the Democratic Ticket caused by the resignation of Col. John E. Ross. On motion, adjourned.

JAMES D. FAY, Ch'n,  
W. J. PLYMALE, Sec'y.

Theo. Clay, son of Henry Clay, who has been an inmate of the Lexington Lunatic Asylum for nearly fifty years, is dead.

Jackson County Democratic Ticket.

It is an admitted impossibility to select a ticket—no matter how fair and unexceptionable the names, composing the ticket, might be—to which some parties will not raise objections, and manifest their dissatisfaction by growling, scratching or bolting; and the ticket we present to the voters of Jackson county is no exception; yet, carefully considered—prejudice aside—it should be accepted by, and receive the hearty support of every Democrat, who more desires the success and perpetuation of the party, than the spoils of office or the petty gratification of defeating or injuring the candidates, selected through the judgment of the party to fill the various offices.

Hon. Jas. D. Fay, candidate for State Senator, needs no assistance at our hands, to place him fairly before the people. His political record is clear as the noonday sun; and familiar to every voter of Southern Oregon, and of the whole State. A life-long Democrat, his political career has been consistent and firm; not only has he expounded and defended the principles of his party, when the honors and emoluments of office were to be won at the ballot box, for himself or friends, but in those dark, regretted days of bloodshed, when to claim to be a Democrat jeopardized life and called forth the epithet of "traitor," from the Powers in ascendancy, did he dare to raise his voice and use his pen, in defense of our "time-honored principles." His high legal attainments and acknowledged legislative ability, his eloquence and integrity, plainly pointed him out as the most suitable candidate for the position, and who will best serve the interests of Jackson county and of the State.

The gentlemen for Representatives—Messrs. Rader, Wells and Burnett—are old citizens, identified with the interests of the county, sterling Democrats, and men knowing the wants of the people and capable of guarding their rights and welfare.

T. H. B. Shipley, candidate for County Judge, is a young man of considerable legal acquirements, of untiring energy, and prompt and attentive to business. He has served the County, the past two years, as Superintendent of Common Schools, faithfully performing the duties of that office and rendering general satisfaction; and if elected to the important position he now seeks, will discharge the duties incumbent upon him, with credit to himself, with benefit to the county, and without partiality.

We cordially endorse the selection made for County Commissioners. John S. Herrin and Thomas Wright are men of business qualifications, of sound judgment, and have at heart the prosperity of the county, whose affairs, under their care, will be conducted with fairness and economy.

For County Clerk, Silas J. Day possesses all the requisite accomplishments. He is an expert penman, and a splendid accountant. His character for morality and sobriety cannot be questioned; and he will always be punctual at his post and correct in his work.

Henry Klippel, the nominee for Sheriff, who was before the Convention two years ago, was the almost unanimous choice of the Democracy at the last convention, and will certainly be the choice of the people at the next election. Cool and determined, upright and unprejudiced, he will prove, in the capacity of Sheriff, a most efficient officer.

For Treasurer, John Neuber is the man. No more judicious nomination could have been made. His talent for receiving and disbursing moneys is proverbial; and the people feeling assured of an "equitable adjustment," will give him a big majority.

Mr. Redpath, the nominee for Assessor, by his extensive knowledge of the correct valuation of real and personal property, and his previous experience in the business of assessing, is eminently qualified for the office; and the people knowing that he is "the right man in the right place," are determined to elect him.

Dr. L. T. Davis, candidate for Superintendent of Common Schools, has once filled that office, with credit to himself and advantage to our School interests; and his re-election will secure a faithful agent for the advancement of education.

Dr. E. H. Greenman was declared the nominee for Coroner, by acclamation. He is an excellent physician and surgeon; and his services rendered heretofore, in the capacity of Coroner, entitles him to re-election.

Democrats of Jackson county, the above, in connection with the State ticket, is the STRAIGHT ticket, and the only ticket Democrats can vote, without proving recreant to their principles. Heed not a "People's Ticket," or an "Independent Ticket," should any appear; they are machinations of disappointed sore-heads for the ruination of the party. Take the genuine ticket,—the Democratic ticket, herewith presented,—and work for it, vote it, and see that your friends vote it; and you will be rewarded by seeing your party successful, and the entire ticket elected by an increased majority.

"AND OF SUCH IS THE KINGDOM, &c.—Dowell's "chronological record" of the war is a very good way of advertising himself as an "attorney-at-law, Jacksonville, Oregon." It reminds us of an epitaph on a grave-stone in a cemetery at Sacramento. "Sacred to the memory of —, barber and hairdresser, who departed this life Sept. 12th, 1859, in the hope of a blessed immortality, leaving a disconsolate widow who continues the business at the old stand." Dowell certainly has an eye to business. He says one word for his country and two for himself.

The San Francisco Mercantile Association will give a grand gift concert, at San Francisco, on the 1st of September; \$500,000 is to be given to the ticket holders. Tickets \$5.

Ashland Correspondence.

ASHLAND, May 17th, 1870.

EDITOR NEWS:—Our little town has been very quiet during the past fortnight. The people talk railroad a good deal, horse a few, and politics considerable. They have right fine horses hereabouts, and in a year or two you may expect to see more than one lively stepper that can knock the block out of 2:40. Politics are on the "bile;" we are organizing a mob to go down to your town and hear Slater speak next week. The Democracy here all jubilant and united, and are confident of rolling up a good majority for the State ticket, besides carrying every county nomination from the crown of Jim Fay's head down to the toes of Doc. Greenman's boots. As for the railroad, we have none yet; but like Mr. Barkis, we are "willin'" to have one. And whenever that road is built, look out for the suicide of a baldheaded man about fifty years of age, with a red mustache and a cigar in his mouth.

Dr. Cabaniss, of Fort Jones, Cal., delivered a lecture here on Friday evening last, on the subject of Diphtheria and its treatment. The school-house was filled to overflow, by a very appreciative audience. The Doctor came over here to attend Hon. Giles Welles, who ran a thorn in the little finger of his right hand about a fortnight ago. Last Sunday Dr. Cabaniss amputated the finger, and the old war-horse of Democracy is daily improving.

The weather now seems quite unpropitious for the Union school picnic next Saturday. The preparatory arrangements are all being made, and if it is decided to postpone it for a fortnight I will telegraph you on Friday night. I hate to allude to the weather, but am obliged to do so in order to keep up my reputation for stupidity.

The Woolen Factory will resume operations in a few days, as soon as an abundant supply of the raw material can be had. They are about to add a new branch of industry to their work, in the shape of sluice blankets for quartz mills, orders for over a hundred yards having been received from Klamath county and Siskiyou. All this money brought into this State from an adjoining one is so much clear gain.

The two wise and holy pilgrims from Washington, en route for Eugene, passed through here one day last week—Pengra and Kinkhead. So as the pilot-fish is the forerunner of the shark, I suppose old Bowles will be along pretty soon, to see a practical test made of the Fifteenth Amendment. Won't it be beautiful to behold the exemplification of Mister Gorham Gobbie-em's pet theory of the "Universal Motherhood of Bran?" In the language of the inspired poet,

The night shall be filled with Revels,  
And the chaps that infest the day  
Shall fold up their tents like the Butlers,  
And carry the spoons away.

Hurrah for the Railroad.

The following from the Washington correspondence to the Bulletin, under date of May 4th, proves that a railroad through our valley, with a branch from this valley to the Humboldt, is a fixed fact; we shall have two railroads instead of one, and will be placed in direct communication with the East, as well as San Francisco and Portland:

OREGON AND CALIFORNIA RAILROAD.

The bill amendatory of the "Act of July 25th, 1866, granting lands to aid the construction of a railroad and telegraph line from the Central Pacific Railroad in California to Portland, in Oregon," was passed, with an amendment in the nature of a substitute, which settles the old controversy as to which Company was entitled to the benefits of the grant by providing that the Oregon and California Railroad Company, now engaged in the construction of the Oregon portion of the road, shall be entitled to receive all moneys now unpaid for odd sections taken under the pre-emption laws or sold since the passage of said Act within the limits of the grant therein provided for, and all moneys that may hereafter become due for odd sections within said limits; "and if, inclusive of said receipts, it shall be determined that the amount of ten sections per mile on each side of said road cannot be obtained under the provisions of said Act, then it shall be lawful for said company to make up the deficiency from the ten odd sections outside and nearest to the exterior limits of said grant."

THE OREGON BRANCH RAILROAD.

The Senate to-day passed a substitute for the bill to aid the construction of the Oregon Branch Pacific Railroad, which was introduced in March, 1869, and has been in the hands of the committee ever since until last week. The bill, as now passed, provides for a grant of the right of way and twenty alternate sections of land per mile to the Oregon Branch Pacific Railroad Company for the purpose of aiding in the construction of a railroad and telegraph line, "from a point on the Central Pacific Railroad at or near but not east of the north bend of the Humboldt river, in the States of Nevada and Oregon to a junction with the line of the Oregon and California Railroad, in the Rogue River Valley."

The company above named is described as a corporation organized pursuant to the laws of the State of Oregon on the 9th of July, 1868.

"THE CULPRIT FAY."—When D. Drake wrote the exquisite poem that bears this title, he little dreamed that it would for a the caption for a political squib. But we cannot but think it must man our candidate for the Senate, against whom the Radical press are clamoring in impotent rage. They can console themselves that the said Fay will be the next Senator from this county, unless the bottom falls out of America before the 6th of June. That's what's the matter.

INFORMATION WANTED.—Of Levi Beckley, who was last heard from at Denver City, about six months ago, on his way to Oregon. Any information of said person would be gladly received by his brother Henry Beckley, of Elkton, Oregon.

Political and Personal.

It seems that Jasper W. Johnson is stumping the State on a pass, signed by James B. Underwood, Special Agent, certifying that he is doing business for the P. O. Department.

Capt. O. C. Applegate, who has been an invalid at Salem for many months, returns to Ashland this month.

B. F. Dowell, Esq., who has been at Washington City, for several months past, arrived home last Saturday.

Remember, that Hon. Jas. H. Slater, Democratic nominee, and Jos. G. Wilson, Republican nominee, will address the citizens of Jacksonville and vicinity, next Monday, at 1 o'clock, p. m. On next Saturday—May 28th—the citizens of Jackson county will have an opportunity of listening to the Democratic and Republican candidates for Governor—Hon. L. F. Grover and Gen. Joel Palmer—Gov. Woods, substitute for Palmer.

News from all parts of the State, regarding the condition of the Democracy, is of the most encouraging character. Instead of a decrease, nearly every county is calculating on an increased majority. Jackson has now the opportunity of becoming the Banner county of the State. If every Democrat will do his duty, the party will poll THREE HUNDRED majority on the 6th of next June. Heed not the discouraging reports of the enemy; and forget not your duty on account of local bickerings or prejudice, but prepare to vote the entire ticket; and, though a hundred Jaspers were in the field, victory will be ours all over the State.

The Candidates for Delegate in Washington Territory, are, Garfield, Rep., Mix, Dem., and Blinn, independent.

The colored gents of Portland are indignant because the colored children were not permitted to participate in the Sunday School picnic, given at that place last Saturday. A Republican is accused of being the leader of this "cold-shoulder" movement.

The Democracy of Josephine county held a convention at Korbville, at the call of the Democratic Committee, on last Tuesday, when the following nominations were made: For Representative, A. L. Waldon; for Sheriff, Dan. Green; for Clerk, David Kendall; for County Commissioners, Ben. Bull, T. G. Patterson; for Treasurer, Wm. Nauckee; for Assessor, D. M. Gilmore; for Superintendent of Common Schools Dr. Foley.

Dr. Tolman left last week, for California, with the intention of bringing his family to Jacksonville.

O. P. S. Plummer, Telegraph Superintendent of the Oregon District, has sent a dispatch to all agents of the line, ordering them not to transmit any dispatches of a partisan nature, hereafter, under penalty of a dismissal from the Company.

A Collision occurred on the Missouri Pacific R. R., on the 12th inst., near St. Louis, by which nineteen persons were killed and many wounded.

A prize fight between two youths of Linn county, for \$25 a side, is announced.

A company has been incorporated at Portland to build a bridge across the Willamette, at that place. The incorporators are Frank H. West, E. Joseph, Henry Failing, B. Goldsmith, Phil. Wasserman, L. M. Starr, J. C. Hawthorn and A. M. Loryea.

The Albany Democrat accuses Jas. D. Fay of being in complicity with O'Meara and others in trying to disorganize and break up the Democratic party in Oregon. Fay has been nominated by the Democracy of Jackson county for State Senator, and the question arises as to who is the best authority or who has the best right to say what the 8th resolution of the Democratic platform means, Fay or the Democrat. Fay has received a more substantial endorsement from the Democracy than the Democrat has, and certainly has just as much right to speak for the party as the organ that is accusing him of being a disorganizer. Will the Democrat please say now whether Fay is a disorganizer or not?—State Journal.

Challenge.

We are authorized to put up the money on the following wagers:

Not so Long.

It has been asserted that it will take four years for Holladay to cause the debt restriction clause to be stricken from our Constitution. This is not the case. Two years is all that is required to amend our Constitution. An amendment adopted by the Legislature of 1870 can be re-adopted by its successor in 1872 and submitted at a special election ordered four weeks later, so that in 1872 Holladay, if he can by bribery and corruption carry the State, to have our Constitution amended and at a called session a monster debt saddled upon our people.

Citizens, tax-payers of Oregon, are you really to become the servants of a foreign capitalist and through the years of the long future pay for your enslavement from your hard earnings, while population and capital shall be kept from your State, which will then be wrung from you to return to him the money he is now scattering broadcast over the State to harvest the votes of a purchasable class no community is free from. If not, mark the party which he has selected as his instrument, and especially the base men who consent to be his agents, disburse his corruption fund and do his dirty work.—Press.

The camp meeting in Heber's Grove will begin on Thursday, the 26th inst., at 4 p. m. Mr. Lavenburg, of Phenix, will take charge of the Boarding Tent during the meeting.
