Oregon Democratic Platform.

The following are the resolutions adopted by the great Democratic Convention at Albany, embodying the principles of the party in this State:

1. That they are unalterably attached to the principles of our Republic as expounded by its founders, and the paramount object of their organization shall ever be to uphold and maintain those principles inviolate.

2. That they hold those political partisans, who, occupying positions of trust, claiming to be representatives of the people, have usurped the authority conferred on them, maliciously trampled under foot our sacred bill of rights, made civil law subordinate to military rule, perverted the functions of Government, and endeavored to concentrate its powers in the hands of an oligarchy, wholly disregarding the will and wishes of their constituents, and insidiously endeavoring to disparage, debase and stigmatize the once proud title of American citizenship, as enemies to the best interests of this commonwealth.

3. That the so-called reconstruction measures attempted to be carried out by the present party in power is a notorious scheme, revolutionary in design, treasonable in execution, one which if acquiesced in as a rightful exercise of authority will establish a most dangerous precedent and imperil the safety and prosperity of our form of government, and that the present Senators in the Congress of the United States from this State in supporting those measures have misrepresented the wishes and outraged the sentiments of the people of Oregon.

4. That the systematic efforts made by that party to extend to the African, the Indian, and the Chinaman all the civil and political rights and privileges enjoyed by the white race, evinces a design on the part of its leaders to destroy the high estimate placed upon that invaluable heritage and render despotism less objectionable and more easy of accomplishment.

5. That the ratification of the recently proposed amendment to the Constitution of the United States extending the right of suffrage to the benighted negro and Indian, and which opens the door for its enjoyment to the heathenish Chinaman, is irregular, arbitrary and unlawful, and they most earnestly protest against the passage by the United States Congress of the pending act designed to enforce this obnoxious and illegal provision.

6. That they urge and entreat a repeal of the recent treaty concluded between the United States and China which guarantees to the latter nation such extensive privileges and immunities without corresponding benefits to American citizens, and offers to its holders of semi-barbarians such favorable inducements to swarm in upon us, occupying our mineral and agricultural districts, create competition with our laboring masses, establish immoral pursuits, disgusting rites, ceremonies and practices in our towns, discourage and repel the immigration of our own race, decrease the white population, retard thrift, impede the advancement of education and enlightenment, abstract from our resources and send away our valuable mineral wealth, and demoralize and apostatize our community, and they resolve that a party who will sustain a policy so unwise, ruinous and ruthless as that which upholds such an infamous bargain, is unworthy the support of white men.

7. That in the management of municipal affairs they urge a judicious application of the principle of sound political economy, a laudable encouragement to agricultural, mineral, manufacturing and commercial interests; a just and equitable protection to the laborer and capitalist and the faithful exercise of a system of rigid retrenchment; that the government should be administered for the people and not against them, in protecting their rights and interests and not in fostering monopolies to prey upon them and despoil them of their substance; that a system of taxation which has for its object the establishment of privileged orders under the Government, either by preferring one class to another or by imposing grievous burdens upon the taxpayers, while conferring favors, exemptions and immunities upon the holders of Government securities deserves no other name than legalized public plunder.

8. That the continual payment of the semi-annual interest on the bonded debt of the United States without abatement, together with other enormous expenses for which the people are taxed, make a burden too intolerable to be borne without an effort to find some speedy means of relief; that the amount of the bonded debt was increased more than two-fold by the venal, illegal and unjustifiable terms of its contraction, and there is neither justice or wisdom in the repeated payment of the principal by the continued payment of the interest; that it is no part of good policy or good government to embarrass the energies of labor and all business enterprise by excessive and oppressive taxation for the exclusive benefit of a combination of untaxed capital, that to relieve the country and to restore prosperity we favor an equitable adjustment of the bonded debt of the United States.

9. That the desire of the present Congress, as manifested by the proceedings, to secure to the wealthy bondholders payment in coin on account of indebtedness growing out of loans to the United States, of Treasury notes when worth less than one-half their coin value, after the holders thereof have received exorbitant interest thereon, and at the same time leaving the pensions due unfortunate soldiers, their wives, children or other kindred to be paid in a depreciated currency, exhibits a spirit of injustice unsurpassed in the history of class legislation and fully demonstrates the existence of a design on the part of the monied aristocracy of the country to influence the establishment of a policy favoring the aggrandizement of the rich at the expense of the poor; a policy which has for its object the aggregation of wealth, opulence and power on the one hand, and misery, poverty and slavery on the other; a policy fitted only to a monarchical form of government.

10. That the Democracy of this State now, as heretofore, are strenuous advocates of a tariff for purposes of revenue only; that the principle of protection for the sake of protection is at war with the diversified interests of the people of the States, and experience has shown its tendency to aggrandize a class in the community at the expense and to the injury of the producing and laboring millions, taxing their industry equally, in violation of

the authority of the Constitution, and of the great principles that should govern this people in their intercourse with the family of nations.

11. That we favor the adoption of an amendment to the Constitution of the United States, rescinding the 14th and 15th amendments.

12. That we are in favor of a liberal policy being pursued by the Legislature of this State, in the bestowal of the land grants to her for the purpose of public improvements.

13. That the Governor and resigning members of the Legislature, in engaging in a conspiracy to overthrow the State government, collect large amounts of coin as revenue, to be drawn from the business and hard earnings of the people, to be idle in the treasury, or to be the subjects of gambling speculations in warrants, bonds and other securities, were guilty of a high crime against the Government of Oregon, rendering them unworthy the respect and confidence of the people, or of being further entrusted with the administration of the government; and while we thus condemn the action of the Governor and resigning members, we unhesitatingly approve and endorse the conduct of the Democratic members in earnestly and faithfully striving to restore and maintain the organization of the Legislature, and provide for the due administration of the laws.

The Honest Candidate for Governor! and what His Present Admirers and Supporters said of Him in 1856.

To his Excellency Franklin Pierce, President of the United States:

HONORED SIR: We, the undersigned, democratic members of the Council and House of Representatives of the Territory of Oregon, would most respectfully but earnestly pray your Excellency to remove the present incumbent, Joel Palmer, from the office of Superintendent of Indian Affairs of this Territory. This, sir, we ask, among others, for the following reasons, to wit:

First. The official conduct of the said Palmer, during the two years last past, abundantly satisfies your petitioners that he, said Palmer, is unqualified for the proper discharge of the duties of said office. And in support of this, our unanimous judgment, we beg leave to state to your Excellency the following facts, to wit: He, said Palmer, in forming treaties with Indian tribes within this Territory, has, in entire and willful disregard of the expressed unwillingness of the recognized chiefs of tribes to assent to, or sign, proposed treaties, recognized other Indians as chiefs of their respective tribes, and received their signatures to his treaties, being told, at the same time, that their acts were not and would not be approved by either the legitimate chiefs or their people; which, together with other foolish and visionary acts and movements on his part, has greatly contributed to produce the present Indian war, and to bring upon the defenceless inhabitants of this frontier the combined power and hostility of a horde of ruthless savages. And, what is still more inexcusable and unendurable, the said Palmer is, at this moment engaged in efforts to purchase the land claims of citizens residing on the west side of the Willamette valley, and contiguous to the coast range of mountains, with the avowed intention of bringing thousands of Indians from remote parts of the country, and of colonizing them in the heart of the Willamette valley; and this, too, despite the remonstrance of the legislative assembly, and of our constituents—the men, women and children of the Territory.

Second. We would also further represent to your Excellency the fact that the said Palmer, representing himself to be a sound national Democrat, received through the recommendation of such Democrats, residents of this Territory, his appointment from a Democratic administration. But, through a spirit of political perfidy, ingratitude, and meanness, he the said Palmer, did, about one year since, join the Know Nothings; and, having bound himself with the perfidious oaths of that dark and hellish secret political order, has faithfully kept his oaths by neglecting to vote for the nominees of the Democratic party, and by appointing incompetent Know Nothing Whigs to office, to the exclusion of sound, worthy, and competent Democrats.

In consideration of which said foregoing reasons, we earnestly pray that the said Palmer may be promptly removed from the said office of Indian Superintendent, and that Edward R. Geary, a sound, consistent, and reliable national Democrat, and an able and worthy citizen may be appointed in his stead. And we will not allow ourselves to believe, for one moment that our prayer will be disregarded.

Grant this our petition, and we, your Excellency's democratic friends, representing the people of Oregon in the legislative assembly, will, as in duty bound, ever pray, &c.

Delazon Smith, Speaker House of Rep's.; William Tichum, Representative of Coos Co.; Herman C. Buehingham, Rep. of Benton Co.; John Robinson, of Benton county; F. Waymire, of Polk county R. P. BOISE, of Polk county; HYER JACKSON, of Washington and Multnomah counties; James Officer, of Clackamas; William Hutson, of Douglas; Hugh L. Brown, of Linn; Orville Risley, of Clackamas; A. McAlexander, of Lane; I. R. MOORES, of Lane; John Harris, of Columbia; B. P. Grant, of Linn; C. W. Brown,

of Multnomah; John R. Hall, of Jackson; M. P. Burkwell, of Jackson; Andrew Shuek, of Yamhill; A. R. BURBANK; William P. Harpole, of Marion; Hugh D. O. Bryant, of Douglas, Cook and Umpqua counties; JOHN M. HARRISON, of Marion; Charles Drain, of Linn; L. F. Grover, of Marion; Thomas Smith, of Jackson; N. Huber, member of Council, Yamhill Co.; H. Straight, of Clackamas; J. M. Cozad, of Umpqua county; N. H. Gates, of Wasco county; James M. Fulkerson, of Polk; A. P. Dennison, President of Council; James K. Kelly, member of Council; JOHN C. PEEBLES, member of Council, Marion county. Salem January 8, 1867.

Appended to the above memorial are affixed the signatures of such shining lights of the present Radical party as R. P. Boise, of Polk, who was the author of the document, C. W. Brown, A. R. Burbank, now of Lafayette, John M. Harrison, of Marion, and John C. Peebles.

Those men acting under the sanctity of a Legislative oath, deliberately charged that Joel Palmer "is unqualified for the proper discharge of the duties of his said office."

If these men told the truth, then, when they charged Palmer with "a spirit of political perfidy, ingratitude and meanness," we should like to know what has since occurred in his political life to change their opinions.

Boise might try to argue the seal off the bound, while Burkhart, Harrison, Peebles, and others would simply try to tie it off. Their names stand upon the record, and they must admit that under the lash of party dictation they are now supporting a man for Governor whom they have deliberately damned as both dishonest and incompetent. Let the people read and ponder upon such facts.

And what is a more striking fact concerning the above memorial, it is said to have emanated from the pen of R. P. Boise and is a specimen of the malignant hatred of Boise towards Palmer at that time, as well as his absolute want of confidence in Palmer's personal and political honesty; but as politics makes strange bed fellows it is more than probable that Boise will support Palmer at the coming election with a zeal apparently real.—Press.

Party Newspapers.

The members of a party should patronize and sustain their party paper. This ought to be an accepted and practiced dogma of political faith in all parties, and it is received and acted upon to its fullest extent in all parties in this country everywhere except the Democratic party on this coast. Here a great many of this party though they acknowledge the correctness of the theory, rarely evidence the strength of their faith by their works. That "faith without work is of no avail" is a truth which is no less vital in politics than in religion. Political success can no more be gained by faith alone than eternal salvation by inactive belief. Nothing is more essential to the achievement of victory in our campaigns than well-conducted newspapers, which, preaching boldly the doctrines upon which our true interest depend, enlightening those who are in the dark as to the evil designs of our opponents, stir up the indolent, encourage the desponding and invigorate the weak brethren of our organizations; and it is not only during the campaigns that such newspapers are necessary, but at all times, that they may keep alive the fires of patriotism and party fealty (which are, and ought to be, with Democrats, synonymous terms,) so that when the time of election comes to hand, the task of arousing our party men to action shall be rendered less difficult than if in the intervals between the elections their energies should have become lethargic.

Strange as it may seem, Democrats alone, of all partisans, need such reminders as these. Republicans always maintain their newspapers, and never imagine that in so doing that they are making any stupendous sacrifice; but men claiming to be Democrats, some of them, too, holding lucrative positions, the gift of their party, to which they have been assisted by the support of party papers, not only fail to recognize their practical duty, but, under frivolous pretences, aid by subscription and advertisements the opposite organs, which, if their voices had been heeded, would have left these men, who form a large element of their supporters, without position, office or influence.—Examiner.

ESPOINAGE.—We are informed that the spies of the Revenue Department have been "noising" around among the cigar and tobacco dealers within the last few days, with a hope, no doubt, to find some individual who had failed to remove the stamps from empty cigar boxes. These unpleasant gentlemen, engaged in a most disgraceful l lling, it would appear, thrive luxuriantly upon the gains of their profession, since the internal revenue returns for the last year show that, in addition to their liberal salaries, they and the rest of the agents of the bureau throughout the United States, collected \$1,770,156 27 as their share of the forfeitures made during that time. The corruption, cruelty, injustice, and dishonesty brought into play, in order to ply the questionable vocation of spy, profitably, can scarcely be estimated, and if persisted in must gradually work a popular demoralization. If the Government cannot collect its taxes except at such a vicious cost, we had better sell out to somebody who can.—Herald.

SUMNER has introduced a bill into the Senate, giving negroes the same rights as white persons on all steamboats and railroad cars. It will be a penal offence to exclude negroes from the public tables of boats and cars. Civil and political, but not social equality eh! It begins to look as though we were about to have social equality as well as other kinds! Negro children forced into the public schools and negro men and women by the sides of white men and women at the public tables of steamboats, railroad cars and hotels, by act of Congress! Verily, we are progressing a pace!—Yreka Union.

A LIE NAILED.—The prostitute, Woods, mouth-piece for Palmer, asserted positively, in Oregon City, in his speech, Mr. Grover had negotiated with Mr. Wm. P. Doland, of Portland, to send up a band of Chinamen to work in the Salem Factory. Mr. Doland hearing of this, publishes a statement in the Herald, branding Geo. L. Woods as a liar. Pity the cause which must be bolstered up by such means as Woods would bring to his aid in this canvass.—Mercury.

JUDGE BOISE, deliberately and on his oath as a legislator, in 1856, averred that Joel Palmer was both dishonest and incompetent. Will Judge Boise go back back on himself and support a man for Governor whom he has thus solemnly denounced as incompetent even for Supt. of Indian Affairs? And what has Judge Peebles of Salem to say for himself on this subject? Speak out, gentlemen, Your honor is involved in this matter.—Mercury.

AN ENGLISHMAN AT NIAGARA.—An English cockney at the Falls of Niagara, when asked how he liked the falls, replied: "They're 'ansome—quite so; but they don't quite haner my expectations; besides, I got vetted, and lost me 'at. I prefer to look at 'em in an engraving, in 'et weather, and in the 'ouse."
