With proper management the ratification of this amendment will give us in Oregon 200 colored votes, and elect the entire Republican ticket at the June election. At the Presidential election Grant only lacked 164 votes of getting the electoral vote of Oregon. There are upwards of two hundred colored voters in Oregon. Nine-tenths of this class vote the Republican ticket throughout the United States.

This is the reason why Democrats howl for a "white man's government;" and this is one reason why we favor the Fifteenth Amendment. Our colored population show they deserve to be enfranchised by voting against rebels and democrats.—Dowell's Washington Letter to the Sentinel, January 17th.

SPEAKING LAST SATURDAY.—On last Saturday evening Hon. Jas. D. Fay addressed the citizens of Jackson county, at the Court House, on the political questions of the day. It was one of Mr. Fay's happiest efforts; in which the principles involved in the Democratic platform were ably sustained, and the corruptions and evil designs of the Republican party thoroughly ventilated. The idle sophistry of George L. Woods vanished like snow before a noon-day sun and he was routed from every position, while his official acts were portrayed to the audience in such truthful and glowing colors, as to cause Woods—who was present—to writhe like a poor worm in hot embers. Mr. Fay then proceeded to photograph the noble Palmer, which was done with artistic strokes, and the hideous thing held up to the scorn and contempt of the critical public. Mr. Fay then administered a bitter pill to the factionists, and closed amid the firing of guns and the cheers of the assembly.

REMEMBER, Democrats, that Mr. Tod Cameron, one of the principle movers on the fusion movement, declared, publicly, on the streets of Jacksonville on last Saturday, that neither Alex. Martin nor E. H. Greenman could have become candidates on that ticket, if they had not previously pledged themselves to support Williams for the U. S. Senate.

Carefully read and seriously ponder the article by our able correspondent, Cramond.

To the Voters of Jackson County.

Next Monday the polls will be opened for the election of State and county officers; citizens will have the opportunity of exercising the sacred privilege of casting their votes according to the dictates of their judgment and conscience.

The excitement grows hourly more intense, as the day of election approaches; and there is a bitterness of feeling apparent between the friends of the various candidates that might, upon a slight provocation, terminate in a collision. Several have expressed their fears of such a result; but we trust that the gentlemen, now seeking honorable positions, will influence their friends, and that the polls will close without having witnessed any disturbance whatever.

Two State tickets are before the people, having been regularly nominated by their respective parties in Convention. Of the merits of the two tickets enough has been said, and public opinion is decided. Democrats will certainly elect their State ticket, aided by many free thinking Republicans. As to the County tickets it is somewhat different. The Democratic candidates were all regularly nominated in convention, and are men of sound principles, of integrity and capability. Men who cling to their principles and abide party decisions; who were Democrats yesterday, to-day and will be tomorrow; and who will make sterling officers and promoters of the general welfare.

Contra. The mongrel, or so-called "People's ticket," is a fusion of all the isms and political elements of the day. Of that ticket some are Republicans who once were Democrats, while some are Democrats who once were Republicans; and some are a little of both while others are a good deal of neither. The motives of this combination, to, are various; one is seeking honor and another wants plunder; but their special aim is to grab the "two Legislative votes," by which to help send Williams to Congress another six years, who, before that time expires, besides misrepresenting the people generally will have aided in flooding the country with Chinamen, and have made voters of the last dog of them.

It is said by some that the circumstances of this election are "peculiar and embarrassing"—which means, maybe, they have friends on the "black-and-tan ticket," and are undecided how to vote. This is no fault of the Democracy of Jackson county; they did not make that ticket or furnish the material; and the duty of every Democrat is plain—vote against it. Unless you wish to see the Democratic organization of the county disrupted and destroyed, and the Mongrel party built up, vote against it. If you still admire the principles of the Democratic party, and wish to see its prestige maintained in this county; if you wish to keep your name off the black book and remain a member of the party with a fair record; if indeed, you desire the success of the party, for the present and future, resolve, now, to go to the polls next Monday and vote the STRAIGHT DEMOCRATIC TICKET.

Mr. Smith, of Oregon.

Following is the extract from Mr. Gaston's Railroad letter to the Oregonian which was suppressed by that paper. It contains pretty good evidence whether or not Oregon Democrats are opposed to railroads. We copy from the Herald:

We print here the suppressed parts of Mr. Gaston's letter, and commend it to the attention of all lovers of fair play, whether Republicans or Democrats. We italicize the words that the Oregonian omits:

"After Fitch's speech the floor was then first given to McCormick, of Mo., for three minutes, to state the position of the Public Land's Committee in favor of the bill; thirteen minutes to Smith, who had the management of the bill, to answer questions and push the bill to a vote. It being near five o'clock when Smith got the floor, and the House becoming impatient, although by general consent he was authorized to take his own time to explain, yet feeling the great importance of reaching a vote before adjournment, which would have defeated us, after a few telling sentences, repudiating the Democracy of Holman, and with a few of those gestures for which Smith's long arms are remarkable, and by which he seemed to be reaching out to the "crack of doom," he called the previous question upon "Holman's motion to refer." (Other matter.) Although in poor health, Mr. Smith managed the contest in the House ably and successfully, and he deserves the gratitude of the West Side people." (Other matter.) The Oregonian intimates that Mr. Smith introduced his bill to embarrass Senator Williams and the West Side Road. I, of course, do not know his motives; but I do know that from the day the Williams' bill passed the Senate, Mr. Smith labored faithfully and manfully to secure the passage of our bill; and by his courtesy, moderation and general good standing here, he secured for us what no other Democrat could, a large number of Democratic votes, when his party was against us on the question. I trust I have said enough on this subject, but no more than candor and justice required."

REMEMBER, That W. K. Ish, in a public speech at Ashland on Thursday afternoon, asserted that the Speckled-Legislative ticket was concocted in order to assist Geo. H. Williams to a seat in the U. S. Senate to vote for the amendment to the Constitution, rescinding the \$50,000 indebtedness prohibition clause in the State Constitution; to favor the guarantee by the State of the payment of the interest on Ben. Holladay's Railroad bonds, and to further Mr. Ish's private interests.

PUBLIC SPEAKING.—The last shot of this campaign will be fired to-night. Messrs. Fay, Shipley, Klippel, and T. B. Merry, of Ashland, will address their fellow citizens this evening, at the Court House. Remember, that opposition candidates are cordially invited to meet them.

Democrats, do you prefer a staunch Democrat for County Judge, to a double-dyed Republican, who endorses the infamous 15th m'n'd't, and everything that savors of darkie, or favors him? Then vote for T. H. B. Shipley.

Vote for Henry Klippel, who will make an honest and efficient Sheriff.

The Ish—Dowell Ticket.

Old Dowell commenced his leading editorial last week by saying that the "New Ticket" was gotten up in the interest of the Republican party; and, at length, continued to present to the public the merits of the several candidates running upon it. He calls it a "People's Ticket." Dowell is the mother of it; Bill Ish—its father. How many God-fathers and old grannies were in attendance when it was born, he don't say; we learn, however, from other sources that a few sore-heads were around, simply to do the dirty work.

A. H. Martin heads the ticket. Dowell says he is a Democrat; we say he has a poor way showing it. Mr. Martin was tendered a place on our Legislative ticket; he declined upon the ground that it did not pay enough. To go to the Legislature, said he, "won't pay; I work for money." He has accepted a similar position upon the Republican ticket, and the inference is that he has been bought, and we say emphatically that a Democrat who can be bought to run upon a Republican ticket, can be bought to vote for a U. S. Senator in favor of Chinese suffrage; furthermore, we have it from the best of sources that he obligated himself to support Old Williams for the Senate, before he was permitted to go upon the ticket.

"With the Republican Committee, we went down into the camp of the enemy, and rescued E. H. Greenman." We are glad that Greenman has been captured by the enemy. Arnold like, he has been seeking an opportunity to betray his friends. He never was anything but the tail-end of the Democratic party, or something under that.

Correspondence.

EDEN, May 30th, 1870.

EDITOR NEWS—SIR: I want to ask a few leading questions of B. F. Dowell, J. C. Tolman, Wrisley, and others of this crew, who deliberately set aside the expressed wish of our party. This idea of fusion was discussed, and the people in their might, through their delegates in convention, decided that the only way to keep up the organization of the great Union party, was to run Union men, and reliable men. B. F. Dowell came home from Washington, and thought he saw a chance to put money in his pocket, therefore the ticket must be reconstructed, or else he would pour out the vials of vengeance on the heads of the Union nominees through his press. Will you, my Republican friends, stand such a swindle as this; must we be led by this Dowell ring in our noses as so many sheep to the slaughter. I, for one, answer emphatically no; when a few conspirators can take off our ticket such names as Kahler and Pat. Dunn, and substitute such names as A. H. Martin and W. A. Owen, I think it high time for every honest Republican to abandon and repudiate the action of this corrupt cable, who have no principle where there is no money. I know of six Union men in this precinct who will not be made parties to this Dowell & Co.'s swindle.

S. CROWWELL.

Voters' Lookout.

Voters of Jackson county, we have it from reliable Republicans that Dowell and Bill Ish forced C. W. Kahler to sign certain papers before they would consent to let him remain upon the ticket for County Judge. There is some deep-laid scheme at work to route the tax-payers of this county out of their hard earned money, and we warn them to lookout. Mr. Kahler running upon the Dowell ticket is a different man from Kahler running upon the Republican ticket; while upon the latter he was responsible to his party and the people. In leaving it, and signing written articles, he becomes responsible to Dowell and Bill Ish only, and is bound to assist them in their hellish schemes.

Contract Taken.

Smith & Howard have taken the contract to make the coffin, in which to bury the first birth of Dowell and Ish. Funeral will take place at 10 o'clock Monday night next. Old Mike will preach the funeral sermon from the well known text: "Thus passes away the political corpse of the Dowell birth." Friends and acquaintances are respectfully invited to attend.

A CARD.

ED. NEWS—SIR: I am authorized by W. A. Childers to say that his name as a candidate for County Commissioner on the People's Ticket was put there without his knowledge and against his will; and that he will not, under any circumstances, be a candidate on the People's Ticket for any office.

L. T. DAVIS.

Jacksonville, June 4th, 1870.

VOTE for Davis for School Superintendent; vote for Neuber; vote for Redpath; vote for Herrin and Wright for Commissioners; vote for Rader, Wells and Burnett, Representatives; cast your vote for Silas J. Dav. for Clerk; vote the straight ticket; don't swap a vote.

If you are in favor of railroads; if you are opposed to Chinese immigration and Chinese suffrage; and if you desire that taxation should be equalized, vote for James H. Slater, for Congress.

Vote for T. Patterson, for State Printer; and send Kincaid, the nigger-equality man to the rear.

Cast your vote for S. F. Chadwick, for Secretary of State, and L. Fleischner, for State's Treasurer, men of sound record and unimpeachable characters.

To Weak-kneed Democrats.

Has it ever occurred to you that by fighting a certain portion of the regularly and legitimately nominated ticket of your party and by giving aid to the mongrel abortion hatched up in this city last week, you are indirectly aiding in the re-election of our Senatorial nuisance, George H. Williams? Do you not know that Ben. Holladay, through his Ish-masite striker, is at the bottom of all this bolting and soreheadedness? Did you not see his hireling emissaries, clad in purple and fine linen, stalking about our streets last Saturday, trying to buy up votes and nullify the sanctity of the ballot box? Do you not know enough about railroad companies to know that they always aim to make the people build their roads for them, instead of building them themselves? Did not the history of the last California Legislature show conclusively that every Republican Senator, save Perkins, of Butte, was owned body, soul and breeches, by the railroad lords? Was not the integrity of the Governor and the fourteen Senators who sustained his veto, all that kept seven counties of that State from being bankrupted by these grasping railroad plunderers? Read the record and see for yourselves.

Suppose you vote the bolting ticket, and elect Martin and Greenman along with the Republicans that are already on that masterpiece of political patchwork; do you suppose they will be admitted to the Democratic caucus, though they profess to be Democrats? Not a bit of it, unless the Democrats lack just two votes to give them a majority on joint ballot. Such a contingency might occur, but it is not probable. Your safer way is to vote for men who will be sure to be in good standing as Democrats, right from the start. Fay, Rader, Burnett and Wells, you can depend upon. No danger of the caucus throwing them overboard. They did not go outside of the Democratic party to get a nomination, and if Democrats will only practice what they have preached for a year, these gentlemen will not have to go outside of the party to be elected.

Just at this time, the importance of maintaining the party entire and unbroken, cannot be exaggerated. Abroad Jackson county bears the name of an impregnable stronghold of Democracy. In this trying hour, when so important an election hangs trembling in the balance, is she going to prove false to her glorious history and recede to her undimmed record of stainless Democracy? The devotion of her sons to the cause of popular right has made her the synonym for staunch and unwavering fidelity to principles that have stood the test of three-score and ten years. Already, the eyes of all the other States are turned to Oregon. She is the hope of the early skirmish; let her but record her vote for the Democracy, and Nevada will win her battle later in the day. California is soundly Democratic, and Nevada only needs to be freed from the corrupt influences of the Bank of California to be Democratic also. Let Oregon wheel into line and roll up another victory like that of 1868.

Do not listen to what these men tell you, who say there is no political issue—no great principle, involved in a county election. The idea that you can be a consistent Democrat and defeat your own county ticket, is absurd. Nobody but a Black Republican or a sore-headed Democrat place-hunter would have the effrontery to assert such rubbish. What a humiliating thing it would be if the Republicans were to carry the Legislature by one or two majority on joint ballot, just because Jackson county had elected Republican representatives, thereby re-electing that bag of conceit, George H. Williams, to the U. S. Senate. You may rely upon it every man elected (if any are) upon that Zebra ticket will cast his vote for Williams, because Williams is Holladay's lackey in Congress, and Holladay is furnishing the money to aid the bolter. Rebuke them by casting an unscratched ballot for the Democratic nominees, and show them that "as Jackson goes, so goes the State."

CRAMOND.

Suffice it to say, that Governor Woods completely used Mr. Grover up, and clearly refuted all charges against the Republican candidate for Governor.—Ensign.

Not so, here— he scarcely made the attempt. Palmer undertook to apologize to the people of Southern Oregon for having slandered and vilified them; but only made the matter worse. His explanation of the Tom Sucky affair, was ludicrous, and disgusted even his Republican friends. He had better have remained silent, although he cannot worst his prospects much, in these parts.

L. F. Grover is pledged, if elected, to do everything in his power, without prejudice or partisan spirit, to promote the best interests of Oregon, to call extra sessions of the Legislature, should the public weal require it; to see that the State treasury is not looked up to rust, or invested in private speculation, but that it is used for the payment of State debts; and to favor White instead of Chinese labor, and encourage White, instead of Chinese immigration. All in favor of such a Governor—vote for Grover.

The effect of Dr. Walker's VINEGAR BITTERS, even when taken for its cathartic properties, are very different from those of any other medicine prepared specifically for that purpose.

There is no nausea or disturbance of the stomach, and instead of causing any sense of languor, or debility, it seems rather to invigorate the whole system, and excite the keenest appetite.

For Prosecuting Attorney, vote for H. K. Hanna—a gentleman, a man of talent, a Democrat, and well worthy and every way qualified to fill the office.

Political and Personal.

The Press alleges that \$15,000 of the corruption fund of Williams and Holladay, has been sent to Polk county, and placed in the hands of Boise, Lafollet, Boone and others, to be used in bribing voters. \$100,000 is to be spent in electing Williams again to the U.
