

The Democratic News.

SATURDAY MORNING, JULY 16, 1870.

Universal Dissatisfaction.

How often do we see persons who wish to be taken for what they are not. The boy apes the man; the man affects the ways of boyhood. The sailor envies the landman's lot; the landman, for pleasure goes to sea. The business man who must travel from town to town, and from country to country dreams of the day when he will be able to "settle down;" the man of sedentary occupation grieves over the thought that he has to vegetate like a cabbage in one spot, and sigh for the time when he may travel. The town bred youth hails with joy the morning when he can breathe pure air and ramble among green fields; the country lad is all wonder and admiration when he first sees the rows of town gas lamps tapering away in perspective like beads of gold—and he is excited by the blaze of gas which pours from the windows on the road. Your fine musician would like to be a great painter, your wit a dignified philosopher, your philosopher a wit, able to set the table in a roar. Even an oyster, if he could enter into the feeling of an oyster, would wish to put forth fins and have a fine flexibility, and sail abroad to see the world, while the traveled fish looks with an eye of envy on the oyster as one who lives with out work a fish of independent means, who has got a fixed position and a good strong house of its own.

GERMAN IMMIGRATION.—Mr. Hogue, who is looking for a location upon which to settle 500 families, starts up the valley in a day or two for the purpose of examining the lands. We trust the people of our State will show him every courtesy, and offer such strong inducements that he may conclude to make his settlement within the borders of our State.—*Herald.*

FOR THE PENITENTIARY.—Three men were brought down to the Penitentiary from Union county. Their names were: Geo. Dodson, convicted on the charge of murder in the second degree, and sentenced for life; John Allen and John Joseph, sentenced for three years each, having been convicted of grand larceny.—*Ex.*

EAKINS'

SUBSTITUTE,

This Powder is invaluable to the Housekeeper, Hotel and Restaurant Proprietors, Miners and owners of Steamships and sea going vessels, as it does away with the necessity of providing Eggs for Puddings, Cakes, Fancy Breads, etc., as the contents of each tin is equal in every respect (for the above purpose) to four dozen of Eggs.

It dispenses entirely with the use of Soda, Saleratus and Cream of Tartar, (three ingredients that are very apt to disagree with delicate stomachs), and is a friend to the dyspeptic, as it makes the food into which it is introduced, light and wholesome. It is entirely free from all mineral ALKALIES, and is recommended by the Faculty to those suffering from sour stomachs and impaired digestion, or irregularity of the biliary secretions. The above article is put up in sealed cans, and warranted to keep in all climates. Directions on each box.

EAKINS'

Celebrated California

Buckeye Salve.

Patented March, 1868.

A certain cure for **Rheumatism, Paralysis, Piles and Old Sores.**

The therapeutic value of this salutary preparation is exhibited in its application as a medication in cases where, owing to disease, a partial suspension of the vital powers has taken place, as in

RHEUMATISM OR PARALYSIS,

and where the animal functions have become inert or inoperative, as in

PILES, FISTULA AND CHRONIC SORES.

It permeates the system, into which it becomes thoroughly absorbed, and thus it strikes at the root of evil in both Rheumatism and Paralysis. As a lenitive, it mitigates pain and soothes the irritation of the parts affected. It is both emollient and depuratory in its action on sores, which it mollifies and softens, and it effectually cleanses them from impurities and foreign matter, causing them to cicatrize rapidly.

DIS OVERY OF THE BUCKEYE.

The curative properties of the Buckeye, Nut, from which this ointment is principally expressed, were first brought to notice by Mr. Conroy, who, while residing in Anderson's Valley, suffered so severely from Rheumatism, that he could move neither hand nor foot. He had known the natives to use the nut as a specific, and tried it with great success on himself. The potency of its effects as a drug is exemplified in its singular operations on cattle, by which, when taken, it causes abortion in those animals that are with young when the nut is eaten. Squirrels, as if aware of its medicinal properties, eat but half of it, leaving the other half untested.

So wonderful is the efficacy of this production of nature, in cases of Rheumatism, that many of the old settlers and early Californians subject to the disease, carry the nut about their persons, not only as an antidote, but as a preventive.

In no cases where THIS PREPARATION has been applied to the human subject, has it failed in establishing a COMPLETE CURE in the diseases above mentioned.

Beware of Counterfeits.—Ask for Eakins' Buckeye Salve, and take no other.

Sold by all Druggists throughout the country.
