LOCAL INTELLIGENCE.

Religious Notice.

REV. C. Alderson will preach at the M. E. Church, Sunday evening, at 7 1/2 p. m.

DISEASES OF THE EYE.—Dr. D. T. Morgan, Oculist, of San Francisco, after remaining some weeks in Portland, and operating with great success on different cases, will be in Jacksonville on the 10th, where he will remain one week, for the purpose of examining and curing diseases of the eye. All who are afflicted with Eye Diseases are invited to call and ascertain what can be done for them, especially those who have chronic or supposed incurable diseases. Examination free. Dr. Morgan has an Infirmary at 526 Kearny street, San Francisco, and visited Portland to attend a special call there. In his operations at Portland he was assisted by Dr. Baughman, and when in Salem by Dr. Carpenter.

THE RAILROAD SURVEY.—Jesse Applegate finished up the survey of the O. & C. Railroad as far as the State line, and passed through Ashland the forepart of the week on his return below. He gives a favorable report of the route surveyed, but will probably prospect some of the other passes before the location of the road is determined on. The route just surveyed runs up the north fork of Little Butte, through Lost prairie via Buck Lake, crosses the Klamath below Nurse's ferry, and Lost river near Walker's ford, thence to the State line at Henry Miller's ranch.

CAPTURE OF A BEAR.—The wife of K. Kuhl, who resides on Applegate, performed a bold feat recently, being nothing less than the seizing of and mastering by main strength of a good sized cinnamon bear cub. She came across the animal while out gathering berries and had a tremendous tussle with it, young bruin getting in some powerful blows, but Mrs. K. hung on like grim death to a defunct monster, taking her capture home with her where it whipped out all the dogs on the place. Boat that who can.

STARTS FOR FRISCO.—G. Karewski, having long been engaged in business single-handed, and being a convert to the Bible truth that "it is not well for man to be alone," starts to-morrow for the bay city to complete a partnership engagement intended to last for life. He will, at the same time, lay in an extensive assortment of merchandise for the market. May he have a delightful trip and a happy return with his intended frau to their place of residence.

CIRCUS.—Don't forget that next Tuesday, Aug. 9th, is the time for the largest performance of this kind that ever visited Jacksonville to be here. More attractions than we could think of enumerating in this brief notice, but which are tastefully set forth in the hand bills, belong to this immense combination of talent, equipments and necessary appendages.

ASHLAND SEMINARY.—The foundation of this structure has been laid, and the workmen are busy getting the timbers ready for the erection of the edifice in a few days. When this institution gets under way, Jackson county will have a long continued neglect of duty partially rectified, and something well worthy of boasting of in the future.

NEW STORE.—Jimmy Drum has just opened a little stand on California street, next to the barber shop, where he is prepared to serve customers with anything in his line they happen to desire. Give him a call, and you will find him, in every respect, worthy of patronage.

ROBBED.—A soldier was found Wednesday, lying on the sidewalk, who had evidently been laboring under the effects of liquor. He claims that he had been doped the night previous and 55 dollars in money and other trinkets stolen out of his vest pocket. Is Shultz alias Bardman among us?

Too Hot for Ice.—Wednesday was about the hottest day of the season. The thermometer stood as high as 112° in the shade; and a load of ice, crossing the desert from Butte creek, is said to have been diminished by the extreme heat from 1,600 lbs on starting to 200 when it got here.

FORT KLAMATH.—Back Plymouth, who returned on Thursday evening from the Fort, reports the road up Rogue River again open. The surveying party were four miles beyond the summit, expecting to be out fifteen days yet before finishing their present work. Maj. Darling had arrived at the Fort, and was expecting the arrival of six other army officers to try some deserters at the post. No unbusiness about Indian difficulties spoken of.

HOGGISHLY MEAN.—Watermelons were tolerably plenty in town yesterday, but old man Boyer managed to monopolize the trade and hence, sold them pretty much as he pleased. This office thought to enjoy the luxury of eating one, but could get nothing, except green things not fit for a decent "swine" to eat, after paying the money.

DRYING UP.—Two of the principal wells in town—the one at Beekman's corner and that at the New State—manifested indications of "letting up,"—or rather, refused to let come up their accustomed supply of water this week. In newspaper parlance, they have discontinued.

RETURNED.—Mr. James Fountain, formerly a school teacher in this valley, returned this week from Corvallis, where, for some time, he has been going to school. Mr. F. is a good reliable teacher, and has given general satisfaction wherever he has taught.

FOR THE MOUNTAINS.—Mr. N. Langel and his family with Mr. F. Heber and several families from town started, day before yesterday, for the head waters of little Butte to spend a few days.

FACTORY STARTED.—From a private note received from Ashland, we learn that the Woolen Mill was to have started on a short run this week.

CHANGE OF BASE.—Our friend Hyzer has quit the tin store and gone to clerking in the dry good establishment of Sachs Bro's. Customers will find him a genial and accommodating sale-man.

BORN.

SIFERS.—On Bear Creek, Aug. 1, 1870, to the wife of Hon. John Sifers, a son.

CIRCUS AND MENAGERIE,

Combining two Circuses

THE OVERLAND AND GREAT WORLD

THE MANAGERS AND PROPRIETORS OF this Truly Wonderful and Gigantic Establishment, encouraged by the liberal patronage which the efforts of enterprising managers have heretofore met, and with the view of presenting to the people of the Pacific coast an

Exhibition of Surpassing Excellence, have during the past winter culled from the various Cities and Towns of Europe and this continent the most distinguished Artists in the profession, including

*The Most Beautiful Lady Riders,
The Renowned Equestrians,
The Most Skillful Trapezeists,
The Most Surprising Acrobats,
The Most Powerful Athletes,
The Accomplished Jester,*

MR. JULE KENT,

Late Pupil of the World-Renowned Showman, DAN RICE, also,
The Mohammed Troupe of Bedouin Arabs, and Crocker's Den of Performing Lions,

Together with their Intrepid keeper, the KING OF LION TAMERS, who will enter their den at each performance and feed them with raw meat from his naked hands. The attractions are too numerous to admit of even a passing allusion to all of them. The management beg to call particular attention to their Dazzling and Gratuitous Street Display. Among its many Brilliant Features is the Neptune's Triton Borne Sea Chariot, built by Kimball & Co., of San Francisco, at an enormous expense. Following this proud cavalcade comes the Allegorical Car, bearing upon its top an enormous Living Lion unchained, loose and untrammelled through the streets, lying at the feet of his keeper. This is pronounced by all who have seen it the finest street display ever given by any company on this continent.

This company comprises SIXTY HORSES and SIXTY PEOPLE; by one half the largest company that ever attempted to travel on this coast.

They will exhibit at

Ashland, Monday, Aug. 8th.
Jacksonville, Tuesday, Aug. 9th.
Rock Point, Wednesday, Aug. 10th.

HOFFMAN & KLIPPEL,
October 9th, 1869.

This valuable Family Medicine has been widely and favorably known in our own and foreign countries, upwards of

THIRTY YEARS!

It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every family medicine chest.

It is an External and Internal Remedy. For Summer Complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has without doubt, been more successful in curing the various kinds of CHOLERA than any other known remedy, or the most skillful physician. In India, Africa and China, where this dreaded disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, a sure remedy; and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in unskillful hands.
Sold by all Druggists.
Price 25 cts., 50 cts., and \$1 00 per bottle.
