

The Puzzled Census-Taker.

"Got any boys?" the marshal said
To the lady from over the Rhine;
And the lady shook her flaxen head,
And civilly answered "Nein!"

"Got any girls?" the marshal said
To the lady from over the Rhine;
And again she shook her flaxen head,
And civilly answered "Nein!"

"But some are dead!" the marshal said
To the lady from over the Rhine;
And again she shook her flaxen head,
And civilly answered "Nein!"

"Husband, of course," the marshal said
To the lady from over the Rhine;
And again she shook her flaxen head,
And civilly answered "Nein!"

"The mischief you have!" the marshal said
To the lady from over the Rhine;
And again she shook her flaxen head,
And civilly answered "Nein!"

"Now what do you mean by shaking your head
And always answering "Nine?"
"Ich kann nicht English!" civilly said
The lady from over the Rhine.

The Next Elections.

The next State elections to be held in this country are those of Delaware and Kentucky, which are to come off in August. The Jacobins claim to have strong hope of carrying these States through the negro vote; but we are decidedly of the opinion that this very fact, that the Jacobin party base their only hope of success upon the votes of ignorant and degraded negroes, will have a tendency to aid in their defeat. It is in the power of the white men of these States to control their own affairs and we believe they will prefer doing so, to turning their interest over to the direction of their former slaves, inspired by the diabolical spirit which Jacobinism has infused into them.

In September, Maine, Vermont and California are to vote. Nothing is to be hoped of Vermont of course, but in Maine there is good reason to believe that a breach will be made in the Jacobin ranks, and one or two Congressmen at least secured by the Democracy. No State in the country has felt the evil effects of Jacobin rule more strongly than Maine, her ship building interests, the chief source of her former prosperity, having been almost totally destroyed through its influence, and the elections in that State for the last two or three years, have demonstrated a constantly increasing disposition to break away from its control, which it may well be expected will soon culminate in practical results.

In California there can be doubt of the result. Jacobinism has fought its last great battle on the Pacific coast, and has been signally defeated. It will never rise again in that section, as we have every reason to believe, will be the most emphatic endorsement of Democracy which the State has ever given, leaving not even a Jacobin member of Congress to tell the tale of his party's overthrow.

By the new apportionment the number of members in the popular branch of Congress is increased to 300. The act requires that a report of the results of the census shall be made on or before the 20th of September, 1870, that the basis of representation may be ascertained in advance of the publication of all the details. It also provides that where there is an increase of the number of members to be elected to the next Congress, the additional member shall be elected on a general ticket, unless the State previously provide some other method.

EAKINS'

EGG

OR EXCELSIOR

SUBSTITUTE,

This Powder is invaluable to the Housekeeper, Hotel and Restaurant Proprietors, Miners and owners of Steamships and sea going vessels, as it does away with the necessity of providing Eggs for Puddings, Cakes, Fancy Breads, etc., as the contents of each tin is equal in every respect (for the above purpose) to four dozen of Eggs.
It dispenses extremely with the use of Soda, Saleratus and Cream of Tartar, (three ingredients that are very apt to disagree with delicate stomachs), and is a friend to the dyspeptic, as it makes the food into which it is introduced, light and wholesome. It is entirely free from all mineral ALKALIES, and is recommended by the Faculty to those suffering from sour stomachs and impaired digestion, or irregularity of the biliary secretions. The above article is put up in sealed cans, and warranted to keep in all climates.
Directions on each box.

EAKINS'
Celebrated California
Buckeye Salve.
Patented March, 1868.

A certain cure for
Rheumatism, Paralysis, Piles and Old Sores.

The therapeutic value of this salutary preparation is exhibited in its application as a medication in cases where, owing to disease, a partial suspension of the vital powers has taken place, as in

RHEUMATISM OR PARALYSIS,
and where the animal functions have become inert or inoperative, as in
PILES, FISTULA AND CHRONIC SORES.

It permeates the system, into which it becomes thoroughly absorbed, and thus it strikes at the root of evil in both Rheumatism and Paralysis. As a lenitive, it mitigates pain and soothes the irritation of the parts affected. It is both emollient and depuratory in its action on sores, which it molifies and softens, and it effectually cleanses them from impurities and foreign matter, causing them to cicatrize rapidly.

DISCOVERY OF THE BUCKEYE.
The curative properties of the Buckeye, Nut, from which this ointment is principally expressed, were first brought to notice by Mr. Conroy, who, while residing in Anderson's Valley, suffered so severely from Rheumatism, that he could move neither hand nor foot. He had known the natives to use the nut as a specific, and tried it with great success on himself. The potency of its effects as a drug is exemplified in its singular operations on cattle, by which, when taken, it causes abortion in those animals that are with young when the nut is eaten. Squirrels, as if aware of its medicinal properties, eat but half of it, leaving the other half untasted.

So wonderful is the efficacy of this production of nature, in cases of Rheumatism, that many of the old settlers and early Californians subject to the disease, carry the nut about their persons, not only as an antidote, but as a preventive.
In no cases where THIS PREPARATION has been applied to the human subject, has it failed in establishing a COMPLETE CURE in the diseases above mentioned.

ADDRESS
TO THE
NERVOUS AND DEBILITATED
WHOSE SUFFERINGS
HAVE BEEN
PROTRACTED FROM HIDDEN CAUSES,
AND WHOSE CASES REQUIRE
PROMPT TREATMENT,
To Render Existence Desirable.

If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys frequently get out of order? Is your urine sometimes thick, milky or frothy or is itropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia, or liver complaint?

NOW, READER,
self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health.

DID YOU EVER THINK
that those bold, defiant, energetic, persevering successful business men, are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only

RUIN THEIR CONSTITUTIONS,
but also those they do business with or for. How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease.

IDIOCY, LUNACY, PARALYSIS,

spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.
Diseases of these organs require the use of a Diuretic.

HELMBOLD'S FLUID EXTRACT BUCHU

is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.
If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.
