LOCAL INTELLIGENCE.

Millers' Combination.—We are informed the millers throughout the valley have entered into some kind of arrangement by which they refuse to grind wheat for the farmers more than they actually need for their own consumption. This is the old trick over again, and it is destined to operate detrimentally upon those who are the main stay and support of the country. If these combinations tended to the benefitting of the farmers, even in a remote degree, by insuring them a reasonable price for their grain, no one could very well object; but such is manifestly not the case. They are tendered only 74 cts. for their wheat and made to buy flour at rates established when grain was much higher. Circumstances are such with a great many of the tillers of the soil that they are compelled to raise money to pay off past indebtedness, and their produce is the only thing they have to operate with. By converting their wheat into flour, many convenient interchanges could be effected without the need of money; but this puerile attempt to fasten a monopoly on the community will work annoyance for awhile, and finally explode.

Almost Killed.—Young Mr. Mineret who attended to the Post Office, not long since, met with an an accident on Tuesday, when going out of town, that came near proving fatal; and his condition is, at the present time, most critical. While riding across the bridge near the residence of A. M. Berry, it appears one of the planks, which was broken in the middle, flew up at the ends and so frightened his horse as to start him bucking, and Mr. Mineret was thrown with great force to the ground, striking his head first. When found he was insensible, with the blood running out of his mouth and nose, and remained speechless for thirty-six hours. He will probably recover.

Personal.—Hon. Jas. D. Fay reached home the forepart of the week.——B. F. Dowell has arrived, all safe, from his trip to Goose Lake. The Indians failed to make application for his remaining capillary ornamentation.——Judge Shipley took a trip over towards the State line to examine a dilapidated county bridge over that way—the bridge through which Dan. Cawley fell and which accident bids fair to bring the county into a lawsuit.——Mr. Isaac Sachs, senior member of the firm, left last week for San Francisco to lay in a winter stock.

Arrested Him.—A great many specimens of the *genus* bummer have visited town lately, and those who are fond of treating to "zwei glass o' lager" or more, have not the least difficulty in inducing them to imbibe when the watch word is "let us all take a drink." Deputy Marshal Bonham found it necessary to take one of these customers into custody for a short time, but let him go sooner than he ought.

Lively Days.—Business is perceptibly improving in town of late. Merchants are active bringing in flour and sending it off to Sailor Diggings, Althouse and other mining localities; Crescent City teams arrive and depart almost daily; farmers find time to visit the county seat occasionally and, upon the whole, everybody feels encouraged proportionally. Last Saturday and Monday were about the liveliest days of the season.

School.—The Directors of the Jacksonville district have received a dispatch from Prof. B. Robb, of Benton county, accepting the situation tendered him and his lady as teachers of the public school. They expect to be here in about two weeks.

Suit against the County.—We understand that the individual who recently had his leg broken, as the result of crossing an ugly bridge in the northern part of the county, has instituted suit against the county—damages $10,000.

As we go to press, a telegram announces that the French army corps of Bazaine is in the most precarious situation. In the great battle of the 16th, Prince Albert of Prussia was killed.

County Exhibit.—A supplementary exhibit of the County finances is published in our advertising columns. Let those concerned read.

Ague King.—Those who would wish to get rid of the shakes, are referred to the certificate of Sam'l Shaw in to-day's paper.

Ashland.—Three teams left Ashland with flour for the Yia Nox agency, on Monday. A change of venue has been granted in the case of Fiock vs. Nuss, and it will be tried at Ashland instead of Klamath.

Sale.—The sale of Government animals is to take place this morning. They arrived at Ish's ranch last evening.

In Town.—Capt. Forey, of the Indian department, arrived here last evening.

PERRY DAVIS & SON PROVIDENCE R.I.
1840 1870

This valuable Family Medicine has been widely and favorably known in our own and foreign countries, upwards of

THIRTY YEARS!

It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every family medicine chest.
It is an External and Internal Remedy. For Summer Complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has without doubt, been more successful in curing the various kinds of CHOLERA than any other known remedy, or the most skillful physician. In India, Africa and China, where this dreaded disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, *a sure remedy;* and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in unskillful hands.
Sold by all Druggists.
Price 25 cts., 50 cts., and $1 00 per bottle.
