

"SMALL POTATOES."—A contented home missionary says "that there are only two missionaries in twenty thousand cannibals. Shall we not give them a larger supply?" In reply to this an exchange says that two missionaries, either baked, boiled or stuffed, are certainly "small potatoes" among such a crowd of hearty eaters, and there ought to be a rallying for the front.

The Commissioner of internal revenue states that the value of the leading industries of the United States is as follows: Agriculture \$3,232,950,000; cotton manufacture, \$71,500,000; woolen manufacture, \$66,000,000; iron production, \$119,950,000; leather manufactures, \$226,660,000; railway service, \$360,000,000; fisheries, \$100,000,000, making a total of \$4,223,000,000.

Keep the memory alive to the scenes of early days, when the fires of youth burn brightly in your hearts, and you will never lack charity and sympathy for the boys and girls around you. Join in their sports and light heartedness. In a few years you will be young again in a new life beyond the mysteries of the dark river.

Since the termination of the Austrian war, not a railroad car has ever been constructed in Prussia or any of its dependencies—Saxony, Bavaria, or Baden—in which the primary idea of its construction has not been military capacity and construction, rather than passenger or merchandise traffic.

Compositors in the New York Tribune of five are fined ten cents for each profane word uttered on the premises; the money thus gathered is given to the poor. One unfortunate chap, a new hand, lost nearly a week's wages one night over a bit of Greeley's manuscript.

It was regarded as a strong case of circumstantial evidence in a Pittsburg court, the other day, when the plaintiff produced the skillet with which his wife struck him, and showed the jury how nicely the three legs fitted into the holes in his head.

**EAKINS' YEAST POWDER.**

**SUBSTITUTE,**

This Powder is invaluable to the Housekeeper, Hotel and Restaurant Proprietors, Miners and owners of Steamships and sea going vessels, as it does away with the necessity of providing Eggs for Puddings, Cakes, Fancy Breads, etc., as the contents of each tin is equal in every respect (for the above purpose) to four dozen of Eggs.  
 It dispenses ENTIRELY with the use of Soda, Saleratus and Cream of Tartar, (three ingredients that are very apt to disagree with delicate stomachs), and is a friend to the dyspeptic, as it makes the food into which it is introduced, light and wholesome. It is entirely free from all mineral alkalies, and is recommended by the Faculty to those suffering from sour stomachs and impaired digestion, or irregularity of the biliary secretions. The above article is put up in sealed cans, and warranted to keep in all climates.  
 Directions on each box.

**EAKINS' Buckeye Salve.**

Patented March, 1868.  
 A certain cure for  
**Rheumatism, Paralysis, Piles and Old Sores.**

The therapeutic value of this salutary preparation is exhibited in its application as a medicinal suspension of the vital powers has taken place, as in  
**RHEUMATISM OR PARALYSIS,**  
 and where the animal functions have become inert or inoperative, as in  
**PILES, FISTULA AND CHRONIC SORES.**

It permeates the system, into which it becomes thoroughly absorbed, and thus it strikes at the root of evil in both Rheumatism and Paralysis. As a lenitive, it mitigates pain and soothes the irritation of the parts affected. It is both emollient and depuratory in its action on sores, which it mollifies and softens, and it effectually cleanses them from impurities and foreign matter, causing them to cicatrize rapidly.

**DISCOVERY OF THE BUCKEYE.**  
 The curative properties of the Buckeye, Nut, from which this ointment is principally expressed, were first brought to notice by Mr. Conroy, who, while residing in Anderson's Valley, suffered so severely from Rheumatism, that he could move neither hand nor foot. He had known the natives to use the nut as a specific, and tried it with great success on himself. The potency of its effects as a drug is exemplified in its singular operations on cattle, by which, when taken, it causes abortion in those animals that are with young when the nut is eaten. Squirrels, as if aware of its medicinal properties, eat but half of it, leaving the other half unstarved.

So wonderful is the efficacy of this production of nature, in cases of Rheumatism, that many of the old settlers and early Californians subject to the disease, carry the nut about their persons, not only as an antidote, but as a preventive.  
 In no cases where THIS PREPARATION has been applied to the human subject, has it failed in establishing a COMPLETE CURE in the diseases above mentioned.

Beware of Counterfeits.—Ask for Eakins' Buckeye Salve, and take no other.  
 Sold by all Druggists throughout the country.

**ADDRESS TO THE**

**NERVOUS AND DEBILITATED**

WHOSE SUFFERINGS HAVE BEEN

PROTRACTED FROM HIDDEN CAUSES,

AND WHOSE CASES REQUIRE

PROMPT TREATMENT,

To Render Existence Desirable.

If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys frequently get out of order? Is your urine sometimes thick, milky or frothy or is itropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, mooping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia, or liver complaint?

**NOW, READER,**  
 self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health.

**DID YOU EVER THINK**

that those bold, defiant, energetic, persevering successful business men, are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only

**Ruin their constitutions,**

but also those they do business with or for. How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease.
