WESTLINGS.

Next Thursday is Thanksgiving. The West boasts of a new wood-shed. Business is increasing in volume, is the report.

Go to the Band Boys dance and help them to buy instruments. The law office of Benedict & Holden has a large library of law books.

Do not be behind when the great wave comes, but be prepared to swim. Hood's Pills act easily, yet promptly and effectively, on the liver and bowels.

Osborne Mowers and Rakes for sale at Meyer & Kyle's. Come and see for yourself. The West Oregonian is now five years old and a very bright, newsy five-year-old it is, too.

Keep in mind the Band Boys' dance. The schooner Mayflower was towed out on Tuesday. The schooner Mayflower was towed out on Tuesday.

The boats, nets and other fixtures of the Florence cannery are being put away until next season's fishing commences. Deputy city marshal and deputy road supervisor Harris has a gang of men working the highway leading into Florence.

No rain has fallen here for four weeks, and with the exception of one day the sun has given us the benefits of its genial rays. Every citizen should buy a ticket for the Band Boys' Ball whether they attend or not, as the proceeds go to buy instruments.

The schooner Danielson, that was injured on the bar at the mouth of this river, arrived in San Francisco on the 15th instant. The down coast papers are warning their readers against the steel range fake. Well they may for we have had them here and can speak from experience.

Comrade Z. L. Seymour received a severe wound in the fleshy part of his right hand by striking it against a nail, which entered the flesh about a 1/4 of an inch. The ox team of Mr. C. M. Severy ran away a few days ago and Mr. Severy was thrown from the wagon and three of his ribs broken, besides being otherwise injured.

Steamer Coos towed the Albion to Acme on Monday where she will partly fill her hold with lumber, then finish her loading with salmon at Meyer & Kyle's cannery. Florence is surrounded by the best and most extensive timber, composed of firm cedar, of any town in Oregon.

The way to reach catarrh is through the blood. Hood's Sarsaparilla, by purifying the blood, removes the cause of the disease and permanently cures catarrh. Take only Hood's. On Sunday afternoon Mrs. F. J. Kote was taken seriously and suddenly ill while eating dinner.

The State University football team of Eugene and the University players of Portland contested for points on the Multnomah field, November 17th. The score was 12 points for the Portland team and 0 for the State University. You will begin to wonder how you missed knowing that property in Florence would be higher in price when the spring and all the prosperity comes incident to the new enterprises that will fall into the niches now vacant in town.

For a pain in the side or chest there is nothing so good as a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. The same treatment is a sure cure for lame back. For sale by all Druggists.

Mr. Fred Anderson, of the lakes in Douglas county, caused the arrest of E. H. David for malicious trespass. The case was tried before Justice Service and the court imposed a fine of \$25 and costs amounting to \$31. On the refusal of

Mr. David to pay, he was committed to jail, and the officer took his prisoner to Roseburg on Wednesday.

A. E. Withers, of Portland, who is connected with the light-house service, and superintending the improvements at Cape Blanco was in town last Monday night on his way to Heceta heads, at Siuslaw. He left the information here that the plans and specifications for the light-house to be constructed at this place have all been accepted, and that the advertisement to let the contract would appear shortly.—Bandon Recorder.

Henry Wilson, the postmaster at Weistown, Florida, says he cured a case of diarrhoea of long standing in six hours with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take. For sale by all Druggists.

Mr. Craig, of the Hillsboro creamery, has made out a statement of the profits of dairying as shown at his creamery for the month commencing September 19th, and ending October 19th. The amount of milk received was 25121 pounds which made 1212 pounds of butter. This was sold in Portland at 33 cents per pound, wholesale. The net price of the butter after deducting all expenses was 24 1/2 cents per pound.—Hillsboro Independent.

[This is an evidence that should cause our farmers to reflect on what they can do if they will.—Ed.] Croup is a terror to young mothers. To post them concerning the first symptoms, and treatment is the object of this item. The first indication of croup is hoarseness. In a child who is subject to croup it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar, rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse or even after the rough cough has appeared it will prevent the attack. It has never been known to fail. 50 cent bottles for sale by the Florence Druggist.

W. A. McGuire, a well known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years and with the best results and always keeps a bottle of it in the house. After having his grippe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure. 50 cent bottles for sale by the Florence Druggist.

Recently an agreement was entered into between H. H. Fisk and the city council of Florence, whereby the citizens of this city are to work their poll, road and property taxes on the highways within the city limits of Florence and under the direction of deputy marshal Andrew Harris, who is also appointed by Mr. Fisk deputy road supervisor, and who is to receipt in both capacities. This settles all questions of jurisdiction over the roads in this town, between county and city, for this year, and then a decision from Judge Lord will be obtained.

COUNCIL PROCEEDINGS. The city council met on Monday evening. Present Councilmen Christensen, Funke, Hurd, Kyle and President Alley. Councilman Funke, chairman of the street committee, reported the grades made by Surveyor Collier on Main, Hamilton, Lincoln, Front, Jefferson and Second streets, and upon motion such grade was ordered established and placed on record.

The chairman of the street committee also made a motion that bids for grading Main, Front, Hamilton and Lincoln streets be advertised for and notice be given that the council would grade said streets, which was adopted. Councilman Kyle offered a resolution instructing the recorder to advertise for bids for improvement of the water front from Oscar Funke's store, east three blocks, which was adopted.

Councilman Christensen presented a resolution instructing the marshal to notify property owners to repair sidewalk from the printing office, to the Parker property on Main street, and if property owners failed to make such repairs, then the walk to be removed and the lumber taken by the city to pay expense of such removal. Laid on the table by motion of Councilman Kyle.

After ordering Recorder to give notice of establishing grade on certain streets, the council adjourned.

POINT TERRACE.

By MORE ANON. Mrs. T. M. Martin, of Belleview ranch, is spending a few days at Point Terrace. Greeting to Iels Dien from M. A. It is gratifying to be inquired after, even if we don't deserve it.

Mrs. I. G. Knotts and sister Miss Ione Ziegler spent a few days with friends about Point Terrace the past week. Another little daughter has arrived at the home of Mr. and Mrs. Thomas Hartley. Born on Sunday last, Nov. 18.

Mr. William Brand has commenced the erection of a large barn on his place, with capacity for 100 tons of hay and 50 head of cattle. Mr. George Saunders is looking unusually smiling over the advent of another son into his family, born on Friday, Nov. 16th.

Piles have been driven at almost every ranch landing from Fred Mason's to Neely's, and it is only a matter of time until good substantial wharves are put in place, much to everybody's convenience.

There will be a thanksgiving social at the bank house under the auspices of the up river Missionary and Ladies Aid Society. Every lady and their friends cordially invited. It will commence at 6 o'clock on Wednesday, Nov. 28th.

There is quite a number of land seekers about here now. Messrs. Larkin, Bounds, Parker, Topham, Harwood and several of the Johnson boys have located claims in the Elk Camp country about seven miles up Saechs creek, and contiguous to the Smith river valley.

We are having a lovely fall here at Point Terrace. You should see the weather croakers take a back seat when the sun shows its smiling face after day; and we mean to keep up this nice weather for nobody knows how long, with only now and then a little Oregon mist for a variety.

HERMANN.

Mr. Moffitt is working for Frank Knowles, of Seaton. The Quinn brothers have been logging on the river for a week or so. Mr. Beers and son have gone to the coast for a few days hunt. Bruin had better look sharp now.

Wise and Andrew Phelps are stripping the hill-side of its timber at a rapid rate. They have rolled in several thousand feet. The people of Hermann have been enjoying excellent weather for the past few weeks. The health of the community, in general, is good.

Luther and Mary Milledge have just returned from a weeks stay at Eugene. They were accompanied home by George Duer, a former resident of this place. He is just the same George, always wearing a smiling face.

A "Pie Social" was held at Hermann on the 9th. The object being to raise money to buy candies and nuts for the little ones on Christmas. It proved to be a very pleasant affair for all present, but still more so when the clerk announced that the receipts of the evening were \$6.69.

Married, at the residence of the bride's parents on Saturday last, Miss Cora Moffitt and Mr. Robert Paesche, by Rev. James Howard of Hale. The wedding was a quiet affair, only near relatives and a few intimate friends being present. The happy couple will immediately retire to their future home on the west fork of Indian creek. We join with their many friends in wishing them a pleasant journey through life.

On last Sunday the First Baptist Church, of Hermann, was organized by Rev. Richardson, of Eugene, assisted by Rev. James Howard, of Hale, with six members. The members then chose Rev. Wm. Mofford as their pastor. He was ordained by Rev. Richardson. He will preach hereafter on the third Sunday of each month at this place. We wish him every success in his pastoral work.

A. M. Richardson, of Glentena, passed through this neighborhood yesterday. Archie says he is a stronger Democrat than ever. A western Democrat is never in any better fighting trim than just after defeat.

The West should receive the hearty support of every family in this Siuslaw valley, as it is our only paper in this whole Siuslaw country; and it is doing a good work towards developing and pointing out our various resources. There should be a reporter in each neighborhood. Success to THE WEST.

The University band was down town last evening and played a number of selections to large crowds. Considering the time the band has been in practice, it is remarkable how fine music it renders.

SEA GULLS' BRIGHT EYES.

"Oftentimes when at sea," says a writer in Harper's Young People, "I have tested the vision of gulls that happened near my ship, to the great amusement of the passengers. I remember one occasion when the ship was going along at a pretty rapid rate, I noticed a number of gulls following closely in our wake, apparently on the watch for anything that might be thrown overboard. Going to the cabin I procured a small biscuit and, returning to the deck, prepared to show the passengers the wonderful power of vision possessed by these birds. Breaking the biscuits into small pieces, the largest of which was less than an inch square, I dropped one into the seething waters, just under the bow of the vessel. It was one of the same color as the
