MAPLE CREEK BREEZES.

By E. A. C.

May 23rd, 1898.

The rain was welcome.

Strawberries are fast turning red.

Little Edith Minor has been sick this week, but is better at present.

Mrs. F. H. Rogers will soon visit her old home in the east. We wish her a pleasant visit and a safe return to Maple creek.

The United States may well be proud of Dewey. We hope for more like him in this time of trouble.

Mr. Smiley of Five-Mile and F. B. Wilkes of Ada came through yesterday with the republican candidates.

We were with three union candidates this week. They made two very strong speeches from the silver standpoint, at Alder Ridge school-house May 18th. Their speeches were to the point and showed that for the banker, bond-holder etc., the gold standard is the thing, for the masses we must have more silver coined to bring prosperity.

Today we are to listen to the gold side of the question, but too late to send in a report in this mail.

Judge Stearns and two other republicans arrived in Lake precinct yesterday.

Is it bribery? Asks S. B. Colvin in your issue of May 13th. He then defines bribery in relation to casting the ballot, and infers that it may be near bribery in voting the "triple-headed" ticket. Why not say union ticket?

Union has a good wholesome sound. Even Mr. Colvin could not use the name in the same breath as bribery. No, there can be no bribery or casting aside of principles in voting as you believe. If you vote a ticket because it is republican, democratic or populist, knowing nothing of the platform of that party, what do you call that? If a man believes in "free silver" and still votes the republican ticket, what does he cast aside?

Voters, I too, would ask you to weigh this matter well. Vote with your eyes open, free from any mud thrown by ambitious office seekers, or clamoring political parties.

THE WHOLE system feels the effect of Hood's Sarsaparilla—stomach, liver, kidneys, heart, nerves are strengthened and SUSTAINED.

## MAPLETON ENTERTAINMENT.

The school entertainment at Mapleton Saturday evening was well attended and was a grand success.

The literary parts were well rendered the children showing by their delivery that they had had careful training, and much credit is due to Miss Huston their teacher.

The ladies had each provided a handsome basket well filled with food that is pleasing to mankind; each basket being numbered and marked with the name of the lady who furnished it. After the conclusion of the literary part of the entertainment the baskets were disposed of to the gentlemen. Numbers corresponding to those on the baskets were placed in a box and each gentleman was allowed to purchase one, it being understood that the buyer was to share the contents of the basket with the lady who provided it for a lunch. This caused great amusement as none knew whose basket they were buying and some queerly matched couples resulted.

The proceeds amounted to \$6.75, which will be used to pay for a flag for the school.

## BASEBALL GAME.

The Acme and Mapleton ball teams played a very interesting game of ball at Point Terrace last Sunday.

After playing nine innings with all the arts and sciences and with a nip-and-tuck for the championship, the Mapleton boys walked off with the honors, having won the game by one tally.

They are talking about picking out nine of the best players in the two nines to play the U. of O. ball team if they will accept a challenge. We have no doubt but the U. of O's will get wiped off the face of the earth if they ever become the opponents of our boys for a victory.

The ball players will practice here next Sunday.

## ALPHA CLIPPINGS.

By EVEN CHANGE.

May 23rd, 1898.

Deadwood will have a heavy crop of hay, the fruit trees were never fuller, the gardens look well and as to strawberries which are now getting ripe, in a few weeks more we can gather buckets full of them.

Road work is in full blast, the Lake creek road has been put in very durable shape. Deadwood will have all the little springs bridged that flow across the track making it muddy most of the year. There is not a road district in the county whose citizens take more interest and have done more road work in general than the Deadwoodites. This district consists of 12 miles on Deadwood and 19 miles on Lake creek, with 18 miles under 50 years of age subject to road tax and 10 over 50 all will work, except one who has refused, having other affairs to attend to.

Misses Clara Tabor, Etha Mock and Fred Peil visited at Deadwood post office also friends on Lake creek Sunday.

Frank Potter has just put into Deadwood creek for G. Landy a water wheel run by the current, which can be raised by means of tackle when not in use or in case of high water which is geared up to that Mr. Landy grinds his own grain.

Fred Wells was up Sunday talking mines, reporting his brother, Willie, who is at Baker City as having located a nice claim and will leave for there soon.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials.

Sold by all druggists, 75c. Hall's Family Pills are the best.
