Ex-Senator John J. Ingalls, of Kansas, whose fame as a brilliant writer, a man of remarkable scholarship and literary attainments, is even greater than that of the distinguished senator, announces a new book on the subject of the American-Spanish-Cuban War. It is entitled "American's War For Humanity in Literature and Story." It is published by the N. D. Thompson Publishing Co., of St. Louis, Mo., and is an exhaustive discussion of the causes of the war, and an equally exhaustive history of its incidents, and a brilliant analysis of the various characters connected with it. It promises to be the one great and popular work called forth by this wonderfully interesting national episode. Whatever senator Ingalls touches he adorns; and his book shines and sparkles in the light of his genius. The present work is worthy of his genius, and will be a monument to his fame. The subject engrosses the popular mind as to present for this book a sale that will be universal. It will be sold by subscription only, and the canvassing samples are now ready for agents. We advertise in another column.

TILT-COOS TALK.
By GAIL MAKER.
Is any one finding fault with the weather?
"Any war news" is the form of greeting now-a-days.
Wm. Erhardt cast his first ballot at the recent election.
Mr. Monteith did not visit his friend Mr. Lawton last Sunday.
Darius Vanderburg says the Gardiner mill is a weather signal when he hears the whistle he knows its going to rain.
Mr. Handsacker is expected from Eugene this week to visit his friends and seek for health, we shall be glad to see him.
"Cronke" passes by quite frequently to and from his ranch up the creek, we presume he is building rods of "worm fence" and making other vast improvements.
I believe it has been decided by the majority that the lake people are too few in number and too numerous in opinion to make a success of a 4th July celebration, so we shall probably adjourn sine die and go to Florence.
The election passed off quietly in Lake precinct, no electioneering, no betting, no quarrelling, plenty of cigars and 16 to 1 pipes. Mr. and Mrs. Shrum entertained several voters at dinner and I am not sure but that S. B. Colvin dined with the logical, hospitable E. A. C.
The trade between the lakes and Gardiner increases weekly besides from two to three cwt. butter each week about 80 gallons of strawberries have been marketed by Messrs. Erhardt and Shuster. People from the Siuslaw are seen over here anxiously searching for the connecting link—the isthmus—and we expect next to see the West man with his printing press coming this way.
"Courage to write is admirable" and that is the only kind of courage some have, they get within the safe walls of their Moro Castle (the news paper) and the noise of their cannonading is tremendous, but when they meet the enemy face to face their knees knock together, their tongue cleaves to the roof of their mouth and they dare not so much as raise an eyelid. I refer to "Occasional" the words in quotation marks, are his own, addressed to me.
Now Mr. Editor will you allow me to say a few words in reply to your insult to Geo. West: He has lived in this neighborhood about 8 years, grown from boyhood to man's estate, and for his intelligence and exemplary conduct he has the respect of all who know him. I believe you are the first person to find anything wrong with his "cranium." He is especially noted for his faculty for attending to his own affairs and letting those of other people alone. As for the statement which you term a "little foolishness" had the author mentioned no one's name but his own, no one would have noticed the item. Perhaps a man has a right to make a donkey of himself but when he makes another person ridiculous by telling that which is untrue that person has a right to protest.
[Well, Gailmaker, evident prejudice has carried you away this time. It is a wise judge that neither accuses nor condemns until both sides are heard. Ed.]

GREENLEAF ITEMS.
By A WEST CORRESPONDENT.
George Peil bought a horae, buggy and harness from Mr. Wilkey who has bought the Joe Whisman farm. George said he was going east of the Cascades after election to seek his fortune, leaving Mrs. Peil at Eugene for the season.
Some of us used potatoes so freely as food for all kinds of stock that they are getting scarce, and several have had to buy for seed, but the best price I have heard of being paid for them was 25 cents a sack.
Marion Wheeler of Nelson creek was slashing the other day when an alder tree, in which another had lodged, came his way, unexpectedly, knocked him down and bruised him so he had hard work to get home, but no bones were broken and he is able to be about again.
O. Wilkey one of the Idaho men who were looking for homes, bought the Joe Whisman farm for \$500. He has gone back to Idaho to sell his stock and such property as he does not want to bring with him, and expects to come back with six horses and two wagons loaded with his outfit, which includes nine daughters and two sons. The kind of immigrant family to build up our schools.
ADMITTED TO THE BAR.
Mr. Louis Bean was one of the successful students of Blackstone who passed examination before the supreme court Friday and was admitted to the bar.
Mr. Bean is a graduate of the Holmes Business College, of Portland. He is a man of sterling worth, well and favorably known here, for his honesty, and his efforts to promote the welfare of his fellow man, friendly to all and partial to none he commands the respect of the entire people where ever he is known.
We wish Mr. B. unbounded success in the profession he has chosen, and knowing him as we do, are free to say that his perseverance will not allow him to stay long in the narrow sphere of the common attorney, but will lead him to mount the ladder round by round until he reaches the fame and glory which he will so justly deserve.
