tions by Miss Nofsinger and Maude
Wetmore. Some very nice refreshments
were served during the evening.

Although Mr Holden has been dis-
charging the duties of justice of the
peace for several months, he had his
first experience Sunday in tying a mar-
rimonial knot. He succeeded in tying
the knot very firmly and though the
strain on his nervous system was severe,
he recovered sufficiently to able to row
across the river the next afternoon.

MARRIED.

On Sunday Sept 11th, 1898 at the resi-
dence of W H Pepper in Glenda, Ore,
Mr A R Butolph and Mrs Sarah A
Willis, C H Holden, J P, officiating.

Both bride and groom are well known
to our readers, Mr Butolph being one
of the early pioneers of this valley
while Mrs Butolph has resided here
most of the time for about twelve years.
Though the snows of winters gone by
have left their traces on the heads of
both, this is Mr Butolph's first mar-
rimonial venture but Mrs Butolph has
two grown sons and a daughter. The
many friends of the worthy couple wish
them many years of unalloyed hap-
piness.

FOR THE SIUSLAW HATCHERY.

A letter from Hollister D McGuire,
state fish and game protector brings
information that he has made arrange-
ments to secure from one to three
millions of eyed Chinook salmon eggs
for the Siuslaw hatchery this fall.

This will be worth a great deal to the
fisheries on this river. Owing to the
failure of the legislature to appropriate
funds for such work, Mr McGuire is
somewhat hampered for the means to
pay for transportation and caring for the
eggs after they are placed in the Maple-
ton hatchery, but he hopes to make
satisfactory arrangements to have the
work done.

da visitors one day last week.

Arthur Johnson of Earl P O paid a
flying visit to Glenda this week.

their residence in Glenda this week.
Their many friends are glad to see them
return.

from an injury received while at work
on the large boat, caused by the falling
of a scaffold which he was on at the
time.

A very quiet wedding took place at
the residence of W H Pepper on Sunday
Sept 11th, in which A R Butolph and
Mrs Sarah Willis were the contracting
parties. CH Holden performed the
marriage ceremony. After partaking of
refreshments the happy couple departed
for their home on North Fork. May
they enjoy a long and happy wedded life

GREENLEAF ITEMS.

By A WEST CORRESPONDENT.

The thermometer stood at 89 for an
hour last Monday, the 5th.

Mrs W H Wheeler of Nelson creek is
visiting her mother near Eugene.

The Damewoods of Cottage Grove,
were looking for a homestead on Nelson
creek last spring, prospected Fish creek,
a tributary of upper Lake creek which
has its source in Nelson, a few weeks
ago, but have since decided to locate on
Smith river.

W H Wheeler planted one-seventy-
third part of an acre of Mills Banner
potatoes in his garden on Nelson creek
and has just dug from them 6½ bushels
of marketable potatoes and over
half a bushel of rejected potatoes. This
is equal to a total of 511 bushels per
acre, 47½ of which were marketable.

Little Jimmy Almasi, one of the
family of children who went out to pick
hops in good health and spirits recently,
died last Thursday morning, the 8th, at
the hop year where they were camped,
three miles beyond Irving, and was
buried Friday afternoon. Malarial
fever, ending in convulsions, is given as
the cause. The boy had been sick for
only about three days. He was about
10 years old. His brother Mike brought
the news in Thursday and returned to
attend the funeral next day—a pretty
hard ride. His mother's health is
so poor that she could not leave home,
nor could Mr Almasi leave her to at-
tend the funeral.

Erna Tabor of Alpha came in from
thrashing in the valley Thursday.
He says that about 3000 people visited
the Kirk ranch, north-west of Eugene,
the Sunday following the fatal boiler
explosion, and viewed the wreck, which
had been left undisturbed. The locking
of the escape valve with a nail, which
caused the explosion, was done while
the engine was being moved, because
the noise of blowing off steam scared the
team; then the engineer forgot to re-
move the nail. Two of the men working
near the engine heard the explosion
and instantly looked to where the en-
gine stood, but it was gone. It had
passed directly over their heads.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the
Eustachian Tube. When this tube gets
inflamed you have a rumbling sound or
imperfect hearing, and when it is e-
xtremely closed deafness is the result,
and unless the inflammation can be taken
out and this tube restored to its normal
condition, hearing will be destroyed
forever; nine cases out of ten are caused
by catarrh, which is nothing but an in-
flamed condition of the mucous surfaces.

We will give one hundred dollars for
any case of deafness (caused by catarrh)
that cannot be cured by Hall's Catarrh
Cure. Send for circular, free.
