PERSONALS

B. F. Kane went to Eugene Monday for a short visit.

Pleas. Tucker, of Hermann, was among the passengers to Florence on Monday's boat.

Mrs. Robert Low is visiting relatives on Fiddle Creek.

Revs. Poling, Wood and Yost gave us a pleasant call this week.

Joe Fellman returned Tuesday, after spending two weeks at various points in the valley.

Dr. Patterson was in Florence again Tuesday. The doctor is called here frequently of late.

George Bradley and family have returned to Portland, after residing a year or two in Arizona.

Mrs. Pepper and children shook the Florence dust from their feet yesterday, and left for Grants Pass to reside.

Jake Benner returned to Florence Wednesday evening, after an absence of a month at Eugene and other places.

Mrs. Kanoff has been spending a few days on North Fork, but will return to Florence about the middle of next week.

O. W. Hurd is off on a business trip, to be absent three or four weeks. He will visit San Francisco before returning home.

Fred S. Dow, of Marshfield, representing the Sperry Flour Mills, was transacting business in Florence and Acme Tuesday.

R. Mount, of Eugene, was on the Siuslaw Friday and Saturday putting the saws in order for the Florence Lumber Co. and for the Siuslaw & San Francisco Lumber Co.

Fish Warden Van Dusen came in from Yaquina on the Roberts Sunday and went up to the hatchery at Mapleton. He left Monday morning by the beach route for the Umpqua.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy gentle action. Meyer & Kyle.

LACKED ONE KIDNEY.

The first of this week Will Safley showed us a beef that he had killed a day or two previous, which was something of a curiosity to a student of natural history, as it had no kidney on the left side.

The right kidney was found in the usual place and was perfectly natural, except that it was somewhat larger than the ordinary. The kidneys of a fullgrown bovine usually weigh about two pounds or rather less, but this tipped the beam at three pounds. There was about as much fat on the left side of the backbone as on the right, but the left side had no artery through it, such as is connected with the kidneys of most quadrupeds. The animal when alive was perfectly healthy and a good thriver, being owned by Al. Ready for several years.

SEWING MACHINES.

We have for sale one of the latest improved White, drop-head, ball-bearing sewing machines with manufacturer's guarantee.

Also a Champion machine, made by the New Home Co., with seven drawers and a full set of attachments.

Call at the West office and examine these machines if you want a bargain.

BEWARE OF OINTMENTS FOR 'CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, 75c per bottle. Hall's Family Pills are the best.

NOTICE TO FIREMEN.

Notice is hereby given that there will be a special meeting of the Florence Fire Company in the Odd Fellow's Building on Monday evening, July 15, 1901, at 8 o'clock p. m. All members are requested to be present.

MARION MORRIS, Captain Fire Co.

A GOOD COUGH MEDICINE.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is sure to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health been restored. Cases that seemed hopeless, that the climates of famous health resorts failed to benefit, have been permanently cured by its use. For sale by O. W. Hurd

GREENLEAF ITEMS.

July 8, 1901.

Mr. Sabin is in after more cattle.

Seth Simmonds went to Eugene for medical aid.

Having made the roads good, Supervisor Berkshire walked to town and came home on a new bike.

Mr. Evans is still living at Mrs. Downings, unable to take care of himself, and will probably never be any better.

Phineas Taylor, of Fairview, came to Alpha to spend the Fourth and was in no hurry about starting home. Why?

Alpha had the biggest celebration in its history this year. About 80 people participated in the jollification, some of them travelling 50 miles to be there.

St. Pierre Wilcutt tipped over on his way home from the Alpha celebration with the family in a wagon. Still he says there were no sticks in the lemonade.

Clarence Burnett can see a deer as far as some people can see one on a prairie. A crowd were at Greenleaf bridge recently, when suddenly Clarence pointed his finger and exclaimed, "See that deer!" The others looked and laughed at him, declaring he was mistaken. Picking up a gun, he said: "Watch, and I'll sneak around through the brush and take a shot at him." While he stole away the men laughed at his simplicity till they were startled by a shot, and sure enough a fine deer gave a leap and fell dead with a bullet in its eye. Then it was Clarence's turn to laugh.

You can never cure dyspepsia by dieting. What your body needs is plenty of good food properly digested. Then if your stomach will not digest it, Kodol Dyspepsia Cure will. It contains all of the natural digestants hence most digest every class of food and so prepare it that nature can use it in nourishing the body and replacing the wasted tissues, thus giving life, health, strength, ambition, pure blood and healthy appetite. Meyer & Kyle.

CONTRACT AWARDED.

Some three weeks ago Meyer & Kyle and the Acme Commercial Co. asked for bids for constructing a telephone line from Acme to Florence.

The first of the week a contract was awarded to H. H. Fisk and work commenced on its construction Tuesday. All material is being furnished to the contractor.

The line is to connect Meyer & Kyle's store with that of the Acme Commercial Co. It will perhaps be extended to Mapleton and Eugene in the near future.

CHURCH ANNOUNCEMENT.

Rev. C. C. Poling, of the Evangelical church, will preach at Mapleton on Friday evening, the 12th inst., at 8 p. m., and at Herman on the 13th at 8 p. m. and on the 14th at 11 a. m. In the afternoon of the same day at 4 o'clock he will preach at the Reed appointment. Rev. S. M. Wood will assist in all of these services.

MORE IMPROVEMENTS.

For some months it has been reported that O. W. Hurd would soon build a new wharf in front of his store.

Wednesday morning workmen began tearing out the old wharf, and the new one will be constructed immediately.

THE ROYAL NEIGHBORS.

Mrs. Stipes, of Portland, Deputy Head Oracle, M. W. A., will arrive today to organize a lodge of the Royal Neighbors of America. The lodge will be instituted at Acme this evening.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Bookwalter, Ohio. Sold by O. W. Hurd.

It is believed the visit of the River and Harbor Committee will be of much benefit to Oregon. The committee by a personal inspection of existing conditions will fully realize the needs of river and harbor improvement. Their trip, too, has demonstrated to them the greatness of the growing West, the wealth of undeveloped resources, and the possibilities of increased traffic and commerce. The efforts of Congressman Tongue in arranging the Oregon trip so that the distinguished visitors might see our broad fields and growing industries, as well as the rivers and harbors, are to be commended. The members of the committee are deeply impressed with the rich possibilities of the state, and will without doubt realize the necessity of further improvement of Oregon's rivers and harbors, and will be inclined to deal fairly with all portions of the state.—Albany Herald-Discernator.

Last Monday the Oregon State Textbook Commission met at Salem to select textbooks for the public schools of this state. The members of the commission are H. W. Scott, editor of the Oregonian; Wm. S. Ladd, banker, of Portland; W. S. Colvig, lawyer, of Jacksonville; P. S. Campbell, President of Monmouth Normal School, and C. A. Johns, lawyer, of Baker City.

ACME ITEMS.

July 10, 1901.

Alice Alexander is on the sick list.

The Acme left Monday with a cargo of lath and lumber.

Frank Saubert and Roy Alexander spent Sunday last on Ten-Mile Lake.

Mr. and Mrs. G. E. Gibbs and John Goodin are spending a week at the lakes.

Through an oversight we failed to forward "our items" for publication last week.

An epidemic of cold in the head and lungs, accompanied sometimes by sore throat, is quite prevalent in our burg.

Mrs. E. P. Waite and family are being honored with a visit from her father and mother, who recently arrived from the east and expect to remain till fall.

Some time ago a money order department was added to our post office. This is a decided improvement over the registry system of remitting money, etc.

While assisting to place the deckload on the Acme, Chas. Holzer was struck on the head by a falling timber, which inflicted a painful though not serious wound.

Rev. C. C. Poling, P. E. Evangelical church, preached a very interesting sermon at the schoolhouse Tuesday evening. Rev. S. A. Wood assisted with the services.

Capt. Read, of Coos Bay, has been in this locality during the past week investigating the outlook for shipbuilding. However, nothing definite has resulted from his visit.

Edgar hand returned from San Francisco on the Acme. He was accompanied by relatives who will spend the summer here. Mrs. Barrell also arrived home Monday. Burt now wears a happy smile.

For the past few days the company has been making extensive repairs in the mill. A new slab conveyor is rapidly nearing completion, and a fine large edger came up on the Acme and is now being placed in position.

Those famous little pills, DeWitt's Little Early Risers compel your liver and bowels to do their duty, thus giving you pure, rich blood to regenerate your body. Are easy to take. Never gripe. Meyer & Kyle.

I. O. O. F. INSTALLATION.

The officers elected by Heceta Lodge No. 111 to serve for the next term were inducted into their respective chairs Wednesday evening, the exercises being under the direction of L. M. Christensen, D. D. G. M.

They were as follows: R. L. Evans, N. G.; Fred Hewitt, V. G.; Wm. Kyle, Treas. The following officers were appointed and installed: Phil W. Nicolle, W. M.; F. C. Peil, Com.; J. L. Farnish, L. G.; A. C. Karnowsky, O. G.; W. R. Dilley, R. S. N. G.; F. H. Alexander, L. S. N. G.; S. J. Seymour, R. S. V. G.; Leonard Isaakson, L. S. V. G.; W. L. Fisk, R. S. S.; Geo. G. Peil, L. S. S.; W. H. Weatherson, Chap.

The steamer Lillian made a trip from head of tide to bring members of the order from Mapleton and points along the river to attend the installation.

At the close of the exercises a fine lunch was spread at the Western House, over which members of the local lodge and their guests had an enjoyable time before separating for their homes.

HEARTBURN.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by O. W. Hurd.

LANE COUNTY CROPS.

The Oregonian of July 8 says: It is estimated that the wheat crop of Lane county will amount to 800,000 bushels, or more than an average crop. About 500,000 bushels will be for export. Other crops promise equally well. Oats are filling better than usual, and will yield a good crop. The hay crop is being harvested, and will be the largest for years. Hops are doing well where they have been properly tended, and vegetables of all kinds are yielding abundantly. The fruit crop is one of considerable importance, and will turn out well. Especially is this true of prunes, the principal export fruit.

THE BEST REMEDY FOR STOMACH AND BOWEL TROUBLES.

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Co's. nbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by O. W. Hurd.

MARRIED.

At the Western House, in Florence, at 10 a. m., Thursday, July 11, 1901, Mr. Ira P. Herrington, of Ord, to Miss Ordeella Camp, of Mapleton. Congratulations.
