

Retake of Preceding Frame

HOME INTELLIGENCE.

RELIGIOUS SERVICES IN DALLAS.

Methodist Episcopal Church (South).—A. E. Sears, pastor. Services the First Sabbath in each month at the Baptist Church, southwest corner Jefferson and Court streets.

M. E. Church.—Rev. G. W. Rook, pastor. Services at their church, north side of Mill street between Main and Jefferson, as follows: First Sabbath (in each month) in the evening; 2d Sabbath, at 11 o'clock a. m.; 3d Sabbath, in the evening. Regular prayer meeting each Wednesday evening. Sunday School every Sabbath at 9 o'clock a. m.

Baptist Church.—J. W. Osborn, pastor. Services at their church, corner Court and Jefferson streets, the Third Sabbath in each month.

Christian Church.—H. M. Waller, pastor. Services at the Baptist Church second Saturday and Sunday in each month.

FURNACE SERVICE.—Mr. Jonathan Liggett's funeral will be preached at the M. E. Church in Dallas, on the fourth Sabbath in May, by Rev. A. F. Waller.

SPECIAL NOTICE.—Divine service will be held at the Baptist Church on Saturday and Sunday, 29th and 30th inst., Rev. B. R. Baxter officiating.

Fourth of July Meeting.

At a meeting held at Independence, May 12, 1869, for the purpose of making arrangements for celebrating the coming Fourth of July at this place, L. M. Butler was elected Chairman and J. M. Shelley Secretary pro tem.

It was then decided to have the celebration on Saturday, July 2d.

Permanent officers were then elected and committees appointed as follows: Secretary, R. R. Parrish; Treasurer, L. Vanduy; Marshal, J. M. Shelley (with the privilege of choosing aids).

Committee of Arrangements.—H. Hill, Perry Watson, E. Merwin, S. Staats and Ira F. M. Butler.

Committee on Oratory.—L. Vanduy, J. K. Lebo and J. M. Shelley.

Committee on Music.—John Sommerville, J. E. Davidson and L. A. Robb.

Committee on Grounds.—A. Gesner, J. K. Lebo, E. J. Sommerville, J. W. Stewart and L. Nixon.

Committee on Dinner.—H. H. McCord, D. L. Hodges, G. W. Kennedy, A. D. Butler, A. W. Lucas, O. Moody, H. Hill, Miss Emily Mulkey, Mrs. B. F. Whitson, Mrs. J. Catron, Mrs. E. Merwin, Mrs. G. W. Kennedy, Mrs. N. A. Blodgett, Mrs. T. McKinley, and Mrs. H. Hill.

On motion, the committee on music was instructed to procure the services of the Aurora Brass Band for the occasion.

Moved, that the proceedings of this meeting be sent to the POLK COUNTY TIMES, with the request that the same be published.

On motion, adjourned to meet on Saturday, June 19th, at 3 o'clock, P. M.

L. M. BUTLER, Chairman.

J. M. SHELLEY, Sec'y pro tem.

ELLENDALE WOOLLEN MILL.—The Ellendale Woollen Manufacturing Company held its annual meeting last week. Messrs. R. P. Boise, I. Levens and B. Simpson were elected a board of Directors. Judge Boise was elected President, and Judge Moores, Secretary. The machinery, which has been stopped for some time for repairs, will be started in a few days, so we have been informed.

OPPORTUNE.—Just as we were going to press, the Doctor that rides the "Pony" burst into the office in a sort of frantic condition, and presented a pistol at us—a pocket-pistol you know. We looked down the barrel until we saw the bottom of it, which relieved our fright materially. Come again, Rankin. Strawberries are good.

IMPROVEMENTS.—Several of our business houses on Main street have erected substantial awnings in front of their establishments during the present week, and Bill—no, Dr.—Clingan has still further improved his premises by setting a lot of green ferns in front to act as a sunshade. It makes his place look cozy.

VARIETY.—Mr. G. B. Stiles has laid in as comprehensive a variety of groceries and extras for domestic purposes as can be found anywhere in the State. This is a rather strong assertion to make, but if you call on him you will be satisfied of its truth.

"Bascom"—the Bascom of Salem—is a tramp, and living as he does at "X roads" everybody is sure to call on him. We intend to call on him for a "card" next week, and as he never fails to supply the wants of his friends we expect him to "shell out."

WANTED.—A good boy who resides near town, and who is desirous of learning the printing business, can find employment at this office. No one need apply who does not intend to stick to the business at least one year.

RETURNED.—Uncle Jack Lewis has returned from Portland and will open his new stock of goods on Monday next; so everybody desirous of laying in a stock of summer goods had better call and consult him.

SHINGLES.—Mr. B. F. Nichols has on hand, in the lot adjoining his drug store, a fine lot of shingles from Chehalis valley, which he offers for sale at \$4 50 per thousand—very cheap for so good an article.

GOES AWAY.—J. I. Thompson, Esq., our County Clerk, left on Wednesday last for a trip to San Francisco. He intends being absent about four weeks. Dr. J. R. Sites officiates in his absence.

"BIZ IS BIZ."—Our enterprising fellow townsman John Leonard has a lot of doors and sashes which he advertises for sale, very cheap. They are of his own manufacture and warranted. Call at his shop.

THE CROPS.—Throughout this region are doing finely since the grateful showers of the last few days have come to their aid, and the prospects are more encouraging than ever for a bountiful harvest.

FOR NEVADA.—We learn that quite a large number of sheep and cattle have been purchased in this neighborhood during the past week for White Pine, or some other Nevada market.

STRAWBERRIES are reported almost ripe in this vicinity. A couple of warm days now would make these luscious berries ripe and plentiful.

I. O. G. T.

Synopsis of Proceedings of the Good Templar Convention for Polk County, held at Dallas, Oregon, May 24 and 25, 1869.

THURSDAY, 1 O'CLOCK, P. M.—The meeting was called to order by Bro. J. D. Lee, Lodge Deputy, and opened in the usual form of Third Degree. The organization of the Convention was completed by the election of J. D. Lee permanent Chairman, and W. S. James, Secretary. After the appointment of the various Committees, etc., the Convention adjourned to half-past 7 o'clock.

7 1/2 O'CLOCK.—Called to order. The Committee on Resolutions reported a series of resolutions, which, after quite a discussion, were adopted in whole without much opposition.—Bro. John L. Shelton requested that his vote be recorded as opposed to said resolutions, which, on motion, was so ordered. The following are the resolutions:

Resolved, That while we are not a political party, and leave every man free to vote with his party and for such men and principles as he may prefer, we do protest against men being nominated for office who are not known, beyond question, to be competent and reliable moral men, who will not disgrace the country by habits of personal intemperance, or debauch the public conscience and corrupt public morals by favoring measures unfriendly to the Temperance Reform, or defeat our cause by refusing to support and enforce such laws as are calculated to protect society against the evils of the Liquor Traffic.

Resolved, That if political parties will persist in putting forward men who are unworthy of our confidence, they must take the responsibility of any divisions or defeats that may result from our refusing to support them.

Resolved, That we regard it as contrary to the spirit of the obligation for any member of our Order to vote for any man for any public office who is known to be opposed to total abstinence and legal prohibition, or in any way favor a License law, or to refuse to re-monetize and vote against any man or measure calculated to encourage License instead of prohibition.

Resolved, That we have confidence in our organization and principles, and will never cease to agitate and press them, until, by the blessing of Almighty God, the eternal principles of Truth, Justice and Temperance shall be universally acknowledged and applied.

Resolved, That we memorialize the Grand Lodge to instruct its Sub. Lodges in the State of Oregon to petition the next session of the Oregon Legislature to enact a law of the following import, to wit: That at each regular election in the several precincts in said State, the people shall poll a direct vote for or against the sale of intoxicating liquors other than for Mechanical, Medicinal and Sacramental purposes, within said precinct; that if a vote should be declared against such sale, a violation of said law shall incur a heavy penalty of fine or imprisonment.

Resolved, That it is of much importance to the interest of the cause of our Order to educate the Youth of our land in the principles of Temperance, by organizing Juvenile Temperance Societies; therefore we do hereby memorialize the G. W. C. T. to instruct Lodge Deputies to agitate the question in their Lodges, and call public meetings to confer with other friends of the Temperance cause, for the furtherance of said organizations.

FRIDAY, 9 A. M.—Convention opened in due form. On motion, Bro. George, G. W. C. T., in the Chair. Resolutions of thanks to the citizens of Dallas for their hospitality, and to the G. W. C. T. for its presence, etc., were read and unanimously adopted. Also, a resolution, memorializing the Grand Lodge to call a State Temperance Convention, was adopted.

The minutes of the entire session were read and approved, and the Secretary instructed to furnish the *Corvallis Gazette* and *POLK COUNTY TIMES* a brief synopsis of the proceedings of the Convention. The hour having arrived for adjournment, the convention closed its session in the usual form of the 3d Degree.

W. S. JAMES, Secretary.

OUR ADVERTISERS.—The most enterprising business men are always able to sell goods cheaper than their neighbors. The reason is, they advertise judiciously. There is a popular fallacy that the man who advertises has to add the cost to the price of his wares to save himself. Nothing of the kind; he can afford to sell his goods cheaper than his neighbor who thinks himself and his business well enough known for this reason: advertising increases the number of his customers, and in proportion the amount of his sales, so that he can realize more from a small profit than by keeping up prices and making slow sales. The cost of the advertising is not added to the price of the goods, but is deducted from the large profits resulting from an increase of business. We therefore wish our readers to give close attention to the advertisements in to-day's issue.

FOURTH OF JULY.—As will be seen elsewhere, the citizens of Independence have taken the preliminary steps towards celebrating the coming anniversary in fine style. As the 4th occurs on Sunday, they propose celebrating on the 3d, and everybody who can possibly attend should be there. In this connection we would suggest that the citizens of this town meet as soon as practicable and make arrangements for a celebration in Dallas on the Monday following—the 5th. In this way the citizens of Polk can celebrate the occasion gloriously on both days, and have a gala time generally. What do you all say? There is not much time to waste if you intend to celebrate at all.

AN OASIS.—Some fair one (she must be fair) shrewdly guessing our love for the beautiful, fitted noblesse, as if on angel wings, and deposited a magnificent bouquet of freshly gathered, dew-bespangled roses at our office door, last Thursday night. They were beautiful as a smiling, dimpled cherub, and odorous as the roses of her pathway through life be strewn with dross, and may never a thorn intrude to mar her happiness.

OREGON NEWS.

At the Annual Commencement at Pacific University this week, Raleigh Stott, Jacob Hoover, and Miss Harriet Hoover were graduated.

The only boats now running on the Upper Willamette are the *Reliance*, *Fannie Patton* and *Echo*, the *Active* and *Success* having gone to the boneyard and the *Albany* into the dry dock.

The *Commercial* says: "The contract for the iron work on the contemplated brick hall to be shortly erected by the Odd Fellows' Association of this city, has been awarded to the Willamette Iron Works. The excavation has been let to Mr. Perry Baker. The brick work will be performed by workmen hired by the day, and will be under the superintendence of Mr. J. M. Caywood. As soon as the incumbent buildings have been removed, the excavation will be commenced, so that by the first of June workmen can commence laying the brick."

The frame for the flouring mill in the course of erection at Wheatland, Yamhill county, is already up, and the roof is now being shingled. The mill will be 32x45 feet, three stories high, the ridge of the roof being 54 feet from the ground. It will have two run of stones for flour and one for feed. The mill will be completed by about the 1st of September, at a cost of from \$15,000 to \$20,000. It is being built by Messrs. M. B. Hendricks & Mark Sawyer, of Wheatland, and Mr. Wm. Miller, of Salem.

At the annual meeting of the members of the Washington County Agricultural Society held at Hillsboro, April 10th, the following persons were elected managers for the ensuing year: W. A. Mills, James Imbrie, W. G. Scoggin, Robert Imbrie, J. D. Merryman, T. G. Naylor, T. D. Humphreys, S. J. Stott, and Isaac Butler. W. A. Mills was elected President, and J. D. Merryman, Treasurer. The 4th, 5th, 6th, and 7th days of October were appointed as the time for holding the next fair, at Hillsboro. They have added to the premium list a handsome premium for the best velocipede.

A petition for the pardon of Nelson Haunhurst is being circulated in Salem by his father. He was sentenced to ten years in the penitentiary for manslaughter. Many of the most substantial citizens of the place have signed the petition.

From the *Unionist*: Messrs. Rook, Witten & Miller have got their engine for the flouring mill set, and connected with the boiler by a steam pipe 250 feet in length. The steam was turned on yesterday evening and the engine lumbered up. Everything works to a charm, better than usual for a new engine. It will not be long before the company will be making flour.

The O. C. R. R. Company, East side, have now two 4 horse teams, and three teams of four oxen each, employed in distributing ties along the line of the road from Mill No. 2, to Portland. As soon as the track is laid to the mill the ties will then be distributed by cars made for that purpose. The ties for fifty miles have been cut at Mill 2, and until such time as it may be necessary to go ahead again, the mill will remain idle.

Mr. Failing, says the *Oregonian*, has recently received several tons of iron from San Francisco, rolled from pigs shipped from Oswego, Oregon. Iron works speak of it as excellent in quality. It has been noted heretofore that the Oregon iron was rather tough for castings, but this is a quality very desirable in wrought iron. It will doubtless take a front rank among all brands for blacksmiths' use.

Col. Hadnutt informs the *Oregonian* that he received a dispatch from the Union Pacific Railroad Company, ordering him to return to Salt Lake immediately, for the purpose of taking control of that road. This order, of course, means an abandonment of further survey on the Columbia River branch for the present, attributable, of course, to Grant's opposition to any further aid to railroads.

A Land and Loan bank is about being established in East Portland by J. B. Stevens, Esq., and Dr. Loryea, to loan parties money to build houses on their property in that locality.

U. E. Hicks, has retired from the local department of the *Herald*, and is succeeded by A. Noltner, formerly of the *Salem Review*. Mr. Hicks goes to Washington Territory.

The *Commercial* says that five families from Polk county passed through Portland last week on their way "the plains across" to "America"—a case of retrogression.

The *Enterprise* says there is a ledge of fine porcelain clay within three miles of Oregon City, on the Clackamas, which is scarcely distinguishable from the finest quality of English clay. It has been tested by competent persons and satisfactory evidence were furnished to show that porcelain of the finest quality may be manufactured from it. This discovery adds another important item to the already long list of rich minerals in Clackamas county.

The machinery for Mess. Horning & Graves, Carding machine arrived from the East, and is expected to be erected and in operation some time next week.

The Albany races are to come off June 10th. There will be a match race for \$200 (single dash of a mile), in which Mr. Isaac Winkle, Col. Kendall, both of Benton county, are contestants for the purse. The horses in training for the several races, at present, are Roscoe, Red Jacket, Jeff. Davis, Snowflake and Stonewall Jackson. Others are expected.

The McMinnville Water and Manufacturing Company, as we learn from the *Courier*, organized last Wednesday. The following persons were elected as Board of Directors: W. T. Newby, N. L. Strang, I. M. Johns, W. L. Gaston and J. F. Bewley. At a meeting of the Board, which was held in the evening, W. T. Newby was chosen President.

A man named Savage was convicted and sentenced to the Penitentiary last week in Benton county, for forging an order for \$1,250 worth of goods, which he obtained from the store of D. G. Clark, at Corvallis.

S. M. Pennington arrived in Albany last week in eleven days and four hours from Macomb, Illinois.

A County Sunday School Convention will meet in Salem next month.

The new Court House in Douglas county is to cost \$11,000. It is to be finished and ready for use by October, 1870.

The *Courier* says that at McMinnville there are eight new houses in process of construction at this time, and quite a number of persons hauling lumber with which to build.

The *Ensign* says that on the 2d inst. Melvin Roberts, aged about nine years, youngest son of a widow Roberts, residing in this county, was drowned in the Umpqua river at the mouth of Canyon creek while attempting to cross the river.

The country about the mouth of the Umpqua river, including Smith river valley, is said to be improving more rapidly than it has been for several years past.

The *Democratic News* of Jacksonville, speaking of quartz mining operations in Southern Oregon says: "There are a number of good paying ledges within the county, no one possessed of a thorough knowledge of quartz mining will be so foolish as to doubt. The Timber gulch lead is now furnishing the most flattering prospects, simply because its owners are applying the true test, as proven by all reliable experience—that of going down on the lead."

According to the *Enterprise*, Capt. Aaron Vickers and Engineer Felix Evans started from Oregon City last Monday for a venture on Pen d'Oreille which will be worth recording. They go to bring the steamers now lying above Rock Island to Pen d'Oreille lake. They will be obliged to navigate some swift water, and the trip will be one of marked adventure, more interesting perhaps than any similar event which ever occurred.

An exchange states that William E. Miller, of California, last week purchased about twenty-five hundred acres of Government land lying in the vicinity of Port Orford, with a view of erecting a mill at that place. The extensive forests of fine cedar timber adjacent to Port Orford make it one of the most favorable locations on the Pacific coast, for the erection of a lumbering establishment, and with the reopening of the lumber trade at that port, a new era of prosperity will be inaugurated for that portion of Curry county.

The *Courier* states that a man in Yamhill county, while making rails in a handsome grove of large ash trees, upon splitting one of the trees, found figures and characters. A cross, and the figures 2, 4 and 9, being clearly discernible, all of which was covered with seventy-four growths of timber. The Dr. reports that these figures, which he saw, were large, each covering about four inches of space, and the wood, for the depth of one inch, clearly showing them. They had been written up and down the tree, and the gentlemen reported that the tree had evidently been written upon from a height of four feet from the ground, entirely encircling the tree, with the exception of about four inches. This would indicate that some civilized person had been there prior to any account we have of Oregon being visited by any white man.

California and the Territories.

The Governor of California has received a present of 104 ounces of silver from White Pine, to be worked into spurs and saddlery for the use of himself and his military staff.

The shipments of bullion from White Pine frequently amount to \$50,000 per day.

A Grass Valley paper notifies its readers that they can be accommodated with bull frogs at a restaurant on Main street.

The *San Francisco Chronicle* tells of a woman recently brought to the city from Stockton who had not tasted food of any kind for seven weeks. She is apparently in a trance and unconscious of her husband. Her eyes are closed all the time and her power of speech is gone. Her breathing is natural and locomotion possible.

It would not surprise us, says the *Pacific*, if the reunion of the two great branches of the Presbyterian Church were to be fully consummated in connection with the meeting of their Assemblies the present year.

The *Boise Democrat* reports that the Central Pacific Railroad Company have purchased that portion of the U. P. R. R. which lies between Ogden and Monument Point.

A child of Rev. L. Gift's was drowned in Dry creek, near Walla Walla, a few days ago.

Discharged workmen from the Pacific railroads are beginning to pour into Boise.

The California State University will not be opened to students before the Autumn of 1870. The Regents contemplate the erection of a college building to cost at least \$200,000.

A special dispatch from the reporter of the *Bulletin*, dated "End of the Pacific Track, April 27th," says that the Company have discharged and sent west nearly \$2,000 men; that they will put through the road from Stockton to Oakland by the end of the year, and adds that "the Central Pacific will also move men and teams to Marysville to commence the Oregon road. Governor Stanford says they will push the road north as quickly as possible. The Central Company have bought the California end of the California and Oregon road, and will connect with Ben. Holladay's road on the east side of Portland."

It is stated in the *Bulletin* that the Central Pacific Railroad Company has set up and has now running 140 locomotives, to which must be added 10 formerly belonging to the Western Pacific, making 150 locomotives in use.

On the 28th April the great work in track laying ever accomplished or conceived by railroad men, was achieved by the Central Pacific Company. Ten miles and fifty-eight feet of railroad (grading excepted) was made between daylight and sunset.

From the *Boise Democrat*, we learn that the young grasshoppers have made their appearance in that section by armies, and fearful havoc is anticipated upon the crops.

Five men, masked, entered in daylight the

office of Wells Fargo & Co., at Trask, when people were continually passing on the sidewalk; three of them went in at the front door and two at the back, presenting cocked pistols at the officers and other persons. The clerk seized a chair and struck one of the robbers a blow over the head. The villain then fired several shots, fortunately missing each time. Becoming alarmed for their personal safety, the robbers fled, minus booty.

NOTICES OF THE PRESS.

Mr. F. R. Stuart has started a new paper at Dallas called the *POLK COUNTY TIMES*. It is successor to the *Signal*, but presents a much better typographical appearance. It is Democratic in politics.—*Oregonian*.

The first number of the *POLK COUNTY TIMES* Frank R. Stuart, editor and publisher, has made its appearance. It succeeds the *Signal*, typographically, is very neat, and evinces ability and judgment in its original and selected matter. We wish our friend Stuart the most unbounded success.—*Herald*.

We have received the first number of the *POLK COUNTY TIMES*, edited and published by Frank Stuart. Frank is a good workman, and of course his paper looks well. It is also filled with a great number of local items, the very life of a country paper. In politics it is Democratic. We hope the enterprise will be a financial success.—*Unionist*.

POLK COUNTY TIMES.—This is the name of a new paper just issued at Dallas, Oregon, by our much esteemed friend Frank R. Stuart, formerly editor of the *Southern Oregon Press*, published at this place. The *Times* presents a neat typographical appearance, and is sound as a dollar upon the political issues of the day. The Democrats of "Old Polk" will doubtless see that their party organ is sustained; it is a duty they owe to themselves and the State. You have our best wishes, Frank, in your laudable enterprise.—*Democratic News* (Jacksonville).

POLK COUNTY TIMES.—The *Signal* is dead and buried. * * * In its stead appears a neat, well filled paper, which is alike a credit to publisher and printers, and of which the citizens of Polk may well feel proud.—Frank R. Stuart, editor and publisher. We are not acquainted with Mr. Stuart, but from the tone of the number before us we have no doubt of the success of the *Times*.—*Corvallis Gazette*.

Mr. Stuart, having bought out the *Polk County Signal* office, has commenced the publication of a paper entitled the *POLK COUNTY TIMES*, the first number of which has reached us. Frank will make a good paper if he keeps up his present "kick."—*Albany Register*.

The *POLK COUNTY TIMES*, published by Frank R. Stuart, succeeds the *Signal*, lately published by J. H. Upton. The new paper is neatly printed, contains a large amount of local intelligence and other interesting matter, and gives promise of maintaining the reputation of its predecessor as an earnest Democratic organ.—*Democratic Press*.

The *POLK COUNTY TIMES* succeeds the *Signal*. It is intensely Democratic, but presents a neat appearance. F. R. Stuart, late of the *Unionist*, is proprietor.—*O. C. Enterprise*.

We have received a copy of the *POLK COUNTY TIMES*, published by F. R. Stuart at Dallas. * * * Frank is a newspaper man all over, and will give his patrons a good paper.—*Guard*.

POLK COUNTY TIMES.—We have received the first number of this paper, just issued from the office of the defunct *Signal* by F. R. Stuart. It is handsomely got up and will probably be an improvement on its predecessor.—*Democratic in politics.*—*Jacksonville Sentinel*.

The *POLK COUNTY PAPER.*—The *Signal* is dead, and a new paper called the *Times* is published in the same office by F. R. Stuart. The *Times* is a very respectable Democratic paper.—*Roseburg Ensign*.

MARRIED.

At the residence of the bride's father, May 9th, by Rev. H. M. Waller, Mr. W. H. Webster of Marion county, to Miss E. L. Wells of Polk county.

BANK EXCHANGE SALOON,
