DALLAS, SATURDAY, JAN. 29, 1870.

GOOD JOKE.—The brother of one of the brides, mentioned under the head of "marriages," was commissioned to procure the license of the County Clerk. He made application to the official, who after satisfying himself (as he thought) that all was right, proceeded to fill the blank. He asked the name of the parties, and the brother gave the name of the groom, (only giving the initials of the first names), and did not mention the bride. Thinking the name given was that of the bride, and the young man himself the intended groom, the papers were so filed by the Clerk, and the brother departed without examining them, little thinking he had in his hand license for himself to marry one of his own sex. Fortunately the practical father of the bride discovered the error in time to have it rectified before the ceremony took place. The brother aforesaid will be many months older before he hears the last of his marriage license.

MAN-TRAP.—As a young gentleman and lady were returning home from church last Wednesday night, along Main street, they were precipitated into the mill race alongside of Lee's store—the plank having been removed from the side walk between Lee's and the meat market. If the owners of the property thereabouts are too stingy to keep a sidewalk in repair, they ought certainly to have consideration enough for their fellow-beings to put up some sort of a barricade to prevent such accident as the one mentioned above.

CAUGHT AT LAST.—A very large, grey wolf, which has frequented the rural shades of Soap Creek, Benton county, was caught on Friday, the 14th, by Mr. John S. Miller. This animal measures six feet in length, three feet high, eighteen inches around the neck, thirty-eight and a half inches around body, and twelve inches from the top of its head to the point of its nose, and the hair on the animal is five inches in length. This "varmint" has frequently committed depredations in the locality in which he was captured, for the last six months, and had become a source of great annoyance. After several fruitless hunts after his wolfship, Mr. Miller finally caught him in a common wolf-trap, and the community is thus rid of one of its greatest pests.

CHARRIVARI.—The young men about town made night hideous last Monday night by saluting a newly married couple of their friends, who were ensconced on the upper part of Main street, with cow bells, tin kettles, drums, whistles, and all sorts of uncharitably noise-creators. They succeeded in "bringing the bridegroom out," and rumor has it that some of the fellow "got mellow" before they reached home.

LINN COUNTY NOWHERE!—POLK-AHEAD.

Some few weeks since the Albany Democrat published as an item of note the fact that there were eleven men in Linn county who paid over \$100 each for taxes for county purposes. Our worthy Sheriff, J. W. Smith, informs us that Polk county can boast of thirty-six persons who pay over that sum—averaging nearly \$200 each. The Democrat further stated that the highest tax paid in Linn was \$300 (and a fraction—the exact figure we could not decipher). Our highest reached the sum of \$534 00. Big Linn is nowhere beside Little Old Polk.

RELIGIOUS.—The meeting which has been going on in the M. E. Church in this place, came to a close last Thursday night. We hear it is the intention of this Church to commence a protracted meeting at an early day—perhaps the coming week.

Last night Prof. Campbell preached a highly interesting discourse at the Christian Church. He will preach again to night and to-morrow (Sunday), morning and evening.

NEW HARNESS.—We wish to call the attention of our farmers to the fact that Mr. Sam. Stiles has been manufacturing a large stock of superior harness during the winter months to supply the demands of the spring trade, which he would like them to examine for themselves. He is located in the old Signal office, opposite the Academy block.

FINE.—The weather which for the last two weeks has been very disagreeable—with alternate sleet and rain—yesterday changed to a pleasant warmth, and Old Sol once more designed to peep from behind his cloudy mantle, and smile on dame earth as pleasantly as of yore. A few weeks of such weather would be a great benefit to farmers.

FINE ARTS.—Read the advertisement of Mr. W. H. Catterlin, in to day's paper. He offers special inducements to homely people.

CAN'T SEE IT.—A correspondent sends us a long tirade of abuse on the heads of some parties, not mentioned, who have been slandering him (so he says). We cannot publish it. The language is too extravagant, and it would interest nobody.

GREAT BARGAINS!—You will never get a better chance to buy valuable property cheap than is now offered by Mr. Emmons. Read his advertisement on the second page.

SEEDS! SEEDS!—G. B. Stiles is prepared to furnish all who need them with prime garden seeds from the best nurseries. Call on him.

CORRECTION.—In our notice of the death of Col. Ford we stated that at the time of his decease he was a member of the Christian Church. This is not so. For eight years preceding his death he was united with the M. E. Church South.

TROUBLE WITH INDIANS.—The Port Townsend Message has news by steamer Constantine of a disturbance at Fort Wrangle, Alaska, which commenced by an Indian attacking the landress of the Post and biting off one of her fingers. Captain Burrows sent a file of men to take the Indian, dead or alive, and they took him dead. In revenge for this the Indians threatened to attack the troops, and word being brought to the sutler, Mr. L. Smith, that Indians were lurking about, he started out about 2 o'clock in the morning with a revolver and lantern. Near the house he discovered one of the savages and hailed him, but was immediately shot down by a charge of buckshot. He lived about 20 hours. Capt. Burrows made demand for the murderer, which was refused—he then sent for the Chiefs, but they refused. After giving them ample time, he shelled the town, which caused them to capitulate, and the murderer having been given up was hung.

WHAT IT WOULD HAVE DONE.—Talking of money, the New York Post observes that "we spent and wasted in the war money enough to build ninety Darien ship canals; or to build a hundred Pacific railroads; or nine times as much as would double track every railroad in the United States." And for it all we have "given to negligence" one half the country, and made a poor President out of a pretty good horse jockey. Was not the money well invested?

NEWS IN BRIEF.

New York dispatches say a new party was organized in that city on the 19th inst., under the name of the "New Democracy." The founders say this is a big party on fundamental principles equalized with reference to people of all classes. They propose to have changes made in the platform for the vote of women. The new Democrats favor the absorbing of all railroads and telegraphs by the Government, and employment given to everybody who wants work, by the national or local authorities.

Mr. Pomeroy, last week, introduced a resolution for a Sixteenth Amendment to the Constitution, providing that the basis of suffrage shall be citizenship; that all native and naturalized residents shall enjoy the same rights and privileges of the elective franchise. That each State shall determine the age and time of citizenship required for the exercise of the right of suffrage which shall apply equally to all citizens.

Terrific storms raged last week throughout all the Eastern States, causing great loss of life and property.

The San Jose Mercury gives the following terse argument on immigration: "Cheap fares and cheap lands will do more to bring in immigrants than all the money that can be raised to make them come without those inducements."

A large clothing house recently failed in Stockton because the proprietor neither advertised nor patronized the newspapers.

A survey has been made of a considerable portion of Utah. There are no signs of coal or other minerals, but the soil is very fertile in the valleys.

There are rumors of a new Fenian expedition to Canada. Some leading spirits of the Brotherhood, in New York, are busy at a mysterious project. A communication was received yesterday from Ireland reporting the State of affairs there. Men enrolled in the Brotherhood in Ireland express a willingness to revolt as soon as the Brotherhood here strike Canada. Preparations are being made here for the event. Large quantities of arms are daily being forwarded to Ireland, and 1,500 men are enrolled in the City of Cork, and in Dublin about the same number. There is scarcely a doubt that there is from 40,000 to 50,000 men in Ireland available for immediate action and service if called upon.

The San Francisco Bulletin is now in now printed on its new eight cylinder Hoe press. That paper has thirteen editors and reporters, thirty compositors, twelve men in the press-room, eight clerks, thirty carriers, and many correspondents. The cost for labor per week is \$3,600 or \$500 each day.

The proposed ship canal near Stockton will place that city within 80 miles of San Francisco by deep water communication; and three hours time by means of fast steamers.

A great mass meeting was held at Corinne, Thursday, January 6th, the object of which was to divide Utah Territory and annex the Corinne district to Idaho. It was a meeting of Gentiles, and is pronounced a success by the Reporter.

News received from the Mississippi Legislature state that they elected Revere, a colored man, and present State Senator, U. S. Senator for the term ending March, 1871; General Ames, for the term ending March, 1875, and Gov. Ailem for the full term, beginning March, 1871.

The Truckee Tribune says: J. W. Marshall, the man who first discovered gold in California, is at Kelsey's Diggings, Eldorado county, old and feeble and compelled to work for his board and clothes. The Tribune calls on all miners to make up a fifty cent contribution for him.

Six weeks ago Evans, Colorado, was a wilderness in the prairie. Today it has five hotels, any number of drinking and gambling saloons, and several hundred dwelling houses.

St. Louis physicians report that city alarmingly unhealthy at the present time. Small-pox among the adults, and scarlet fever and measles among the children, are prevailing to an alarming extent.

Leading citizens of Greene county, Mo., have offered \$50,000 in cash and 640 acres of fine land as an inducement to secure the location of the Agricultural College at Springfield.

Miss Marshall, who has been lecturing in Memphis and other Southern cities, upon Woman's Rights, Temperance, etc., was arrested in Brownsville, Tenn., last week, and sent to jail for being a "dead beat" generally.

The Union Pacific Railroad was blocked up with snow from the 15th to the 19th inst. All clear now.

Last week, in San Francisco, a girl aged 15 years, named Sarah Morris, went to bed apparently healthy and with good eye sight a few nights since, and awoke the next morning perfectly blind. Oculists pronounce the case almost hopeless, and a thin skin is formed over her eyes.

WEST SIDE RAILROAD.—The people of the West-Side counties will rejoice to learn that men of reliability and means are subscribing liberally for bonds lately issued to raise funds to complete and equip the first twenty miles of the road on this side of the river. When such men as W. S. Ladd, C. M. Carter, S. G. Reed, J. C. Ainsworth and other responsible names are connected with an enterprise, and invest their money in it we have no fears as to the final result. Let every encouragement and all the aid consistent with their means be given by those interested in the completion of the road, and the West-Side counties will soon enjoy a new era of prosperity.—Blade

REPUBLICAN FIGURES.—The following are the calculations upon which the Republican party in Oregon enter upon the spring campaign:

Republican Counties—Marion, 7; Douglas, Coos and Curry, 6; Benton, 3; Yamhill, 3; Columbia, Clatsop and Tillamook, 4; Multnomah, 6; Clackamas, 4; Grant, 3—being 36 votes on joint ballot.

Democratic Counties—Linn, 7; Lane, 5; Jackson, 4; Josephine, 5; Polk, 4; Wasco, 3; Baker, 2; Umatilla, 3; Union, 3—making 33 votes on joint ballot.

This is pretty close figuring to go into any canvass upon, and shows that the campaign is to be contested for all that "is in sight."—Commercial.

We don't think it is such very "close figuring" as our shrewd contemporary would like to make the people believe. If the Radicals think they can carry Benton, Douglas, Yamhill, Multnomah and Grant, they are mightily fooled. It can't be did! spite of their figuring. They may, perhaps, carry two of the counties named; and if they do even that they may consider themselves in big luck.

The Pacific Blade says: "We were shown a private letter from Senator Williams, last week in which he said he had strong hopes of securing a daily mail for this side of the river, during the present session of Congress. Our whole Congressional delegation are working earnestly to secure such service. A daily mail on the West side of the river between Portland and Corvallis, is one of the greatest present postal wants of the State, and we are glad to hear of the favorable indications in regard to it."

We learn that Judge Whitson was offered the position of Register in Bankruptcy, vice W. L. Hill, but declined it.

SCROFULA is a taint or infection in the human organism which weakens the vital forces, and disorders or deranges the functions of the whole system. This taint or infection is most usually hereditary in the constitution, but it may also arise from habits of life, unwholesome food, etc. In time, if this disease does not show itself in an ulcerous or tubercular form, it induces those other diseases, such as consumption, ulcerations of the liver, stomach and kidneys, salt rheum, dropsy, etc. The best remedy ever yet discovered is "DR. WALKER'S VEGETABLE VINEGAR BITTERS." It will cure the disease if not too far advanced, and will eradicate the cause.

Waltham Watches

Let every one who wants a Watch read this carefully.

Especially if in some remote, out-of-the-way place.

Now that the railroad is open, we propose to give the residents of Oregon the opportunity of getting single genuine Waltham Watches at Lowest New York Wholesale Prices! We sell more Waltham Watches than any other establishment in the country, either wholesale or retail; we send great numbers to every section of the country by Mail and Express, carefully packed and in perfect running order. Our plan is this: You want a watch, and see our advertisement; now, we want you first to write to us for our Descriptive and Illustrated Price List; we will send it, post-paid, by return mail. It explains all the different kinds, tells the weight and quality of the cases, with prices of each; you then make a selection of the kind you prefer, and send us your order. We will then send you the watch by Express, with the bill to collect on delivery. We give instructions to the Express Company to allow you to open the package and examine the Watch; if it suits, you can pay, and take it; if not, you are under no obligation to receive it and if it is taken, and afterward does not prove satisfactory, we will exchange it, or REFUND THE MONEY.

As an indication of the Prices, we will quote one Watch from our list. THE P. S. HARTLEY, Lever Movement, with Extra Jewels, Chronometer Balance, Patent Pinion, Patent Dust Cap, and all the other late improvements, in a Solid Gold Silver Case, \$28 in Greenbacks, or about \$20 in Coin.

All the other kinds, both gold and silver, in the same proportion. Do not order a Watch till you have sent for a Price List, as it contains a great deal of information regarding these watches that will enable you to make an intelligent selection. Don't forget, when you write, to state that you saw this advertisement in the POLK COUNTY TIMES, and you need not put in stamps for return postage. Address in full,
