

BEEF SUGAR FACTORY. Ours Exactly the Climate.

Since our first items urging the culture of sugar beets and the production of beet sugar, we have met with many objections, on the part of those who claimed to know that we were too far north, that our climate was too cold, etc.

Our opinion has been asked in regard to what constitutes a legal voter at a school meeting. In the first place we have no claims of being a lawyer, but we believe a good, common sense construction of the law would not evolve a statute of intricate interpretation.

How many of our readers noticed on our first page of last week's paper the call of the board of immigration to furnish them with information concerning the county's interests, resources, etc., for immigrants? The people of Coquille City are trying to raise some means to have printed, at this office, about 3000 circulars, giving a very elaborate description of the Coquille valley, its climate, resources, etc.

As I have now been in this state for several weeks and looked over some of the country I may be able to give your readers a few thoughts that may be of interest to them. I find that a great many reports of this coast are over drawn, both as to advantages and disadvantages.

A number of mill men are writing to us to find out the chances of obtaining suitable mill sites and timber supplies. As for timber there are millions unclaimed and as for mill sites there is a stretch of nearly 40 miles of river and suitable sites can be found all along.

Ed. Herald: As there have been several challenges in the papers by the owners of the race horse, Maplewood, wanting to run him against any body's horse, I am authorized by Mr. Alex Zervely of Medford, Jackson Co., to state that he owns a horse that has been raised in Jackson Co., and has never run but one race, and was beaten in that, that he will match against Maplewood from a quarter of a mile to a half mile dash for one thousand dollars.

John Hobson has been appointed collector of customs at Astoria, and John Whiteaker collector of Internal revenue for the district of Oregon, vice John C. Cartwright suspended.

ALL ABOUT OREGON. As Seen by Iowa Eyes—Some Good Advice.

The following we take from an Iowa paper, which shows that Mr. Earl Edmunds who visited this part some weeks ago is favorably impressed with our climate: As I have now been in this state for several weeks and looked over some of the country I may be able to give your readers a few thoughts that may be of interest to them.

Garden vegetables, such as lettuce, radishes, potatoes, etc., grow all winter and I have heard farmers here say they could have new potatoes the year round. That is they could dig potatoes out of the ground every month in the year.

The coast range of mountains in Oregon is superior to almost any other place in the U. S. for raising stock and without loss by cold winters, as is the case on the plains and in the Rocky mountains. The lumber and coal interests are the principal money making occupations here at present and there is a field of almost unlimited enterprise in this direction and it has only begun to assume shape.

Excitement over the Defeat. London, April 25.—There was much excitement in the house over the Government defeat.
