Coquille City Herald.

VOL. 3. COQUILLE CITY, OREGON, TUESDAY, MAY 12, 1885. NO. 39.

A. S. Bashnell, of Ten Mile, was in town Friday.

Wheat has attained the highest price of the season at Chicago.

The steamer Ceres is laid up for a few days for repairs.

H. G. Ploeger, of Empire City, was registered at the St. Charles hotel, Portland, last Thursday.

An old building fell in Brooklyn, N. Y., on the 5th inst., by which several persons lost their lives.

One of John Criteser's children had the misfortune to jump on a brush-hook last week, by which its foot was badly cut.

On the 29th ult. a collision occurred on the Woo Sung river, China, between the Orestes and a Chinese steamer by which the latter boat was cut in two and some 70 Chinamen drowned.

The people of Curry and some in this county are anxious to have Maplewood run the Jackson county horse and will go their pile on their favorite. It remains now with the owner of Maplewood, and it is believed he will match his horse against anything in the state.

The Child and State, a journal devoted to child saving, and published by the boy's and girl's aid society of San Francisco is on our table. It is a neat and well edited paper, and should receive the encouragement of all good people. Something has been needed to redeem the wayward youth of the country, and this move is opportune.

The much-needed rain for which the people of the entire state has been waiting with becoming patience, set in last Thursday morning throughout the exterior of the state. For some reason the coast region escaped till yesterday morning, when, at about 4 o'clock, a good shower set in. If the latter rain was general and gave the rest of the state a good shower in addition to that which had already fallen, fair crops are assured. Otherwise crops will be short in places. Here in the coast region we were out of danger, for we can do without rain from March till October and still raise fair crops.

Rev. R. J. E. Campbell who has just arrived from Pine Bluff, Arkansas, is greatly pleased with our country and will settle near this place. At present he is stopping with Mr. G. B. Self, of whom his wife is a niece. His greatest surprise is at the accommodations on the steamer Arcata. He has crossed the Atlantic seven times, and he says the equal of the kindness and courtesy of Capt. Marshall and crew has never come under his observation, and the accommodations of the steamer such as are to be had on first class trans-atlantic steamers.

Martin Nelson who has been committing wholesale burglary in the vicinity of Bonita, New Mexico, last Tuesday during a fit of insanity killed Dr. W. H. Flynn of Boston, which aroused the family of M. S. Mabury with whom they were stopping, and on their arrival on the scene Mabury, wife and two sons were shot dead, and a daughter fatally wounded. The building was soon surrounded by ten men who thought the murderer was inside, but they were soon undeceived by his attacking them from behind and shooting one of their number dead. He fought till shot dead. He was from Nebraska.

Jamaicans Massacred.

Panama, via Galveston, May 5. —On Sunday night last a fracas occurred between some Jamaicans and national soldiers at Culebra. The latter were disarmed, and afterward retired. After procuring reinforcements, they returned and broke into the barracks, where the Jamaicans were sleeping and in a most barbarous manner killed twenty-five of them and wounded twenty others. Only one Columbian was killed, and none wounded. The Jamaicans are leaving in great numbers. Their departure will delay the work of the canal.

The Chicago Postoffice.

Washington, May 8.—The President appointed S. Corning Judd, Postmaster at Chicago, vice Frank W. Palmer suspended.

OUR NEIGHBORS.

[Coos Bay News.]

Turpin's logging camp, near Empire, started up Monday.

Mrs. Metcalf and Mrs. Williams and children left on the last Arcata to visit friends in the east.

Capt. Sengstaller, and son and four men arrived on the Coos Bay, en route to the Umpqua, to do some government surveying at that place.

Rousdell moved into his new photograph gallery at the foot of A street last Monday, where he is better prepared than ever to do first-class work.

W. H. Noble has now in the water, near his logging camp on Coal Bank slough, 700,000 feet of as good logs as can be found on the bay. He expects to put in about 500 logs before moving camp.

[Coos Mail.]

Prof. E. B. McElroy expresses a hope and desire to again visit this county next August.

Now the report is that Bishop Morris will send Rev. W. Land back to the bay and that the reverend gentleman will soon return and bring with him a wife.

It is said that John Kruse has received orders from San Francisco to proceed with work on the vessel on the ways at North Bend and have her ready to launch in October next.

C. W. Dickman proposes to leave his old place at Davis creek about next Tuesday for eastern Oregon, perhaps Wasco county. He will take with him teams, family, 100 head of cattle, and twenty-dollar pieces too numerous to mention. Charley has been doing too well in this county and he is tired of it. He languishes for a more crispy clime, where wealth will not overwhelm a man too suddenly. Dickman is a citizen that we regret to see go away, but the community that gets him will win a good man that they can swear by.

Fourth class or non-presidential postoffices are now receiving the attention of Postmaster General Vilas and republican heads are being chopped off and tumbled into the basket as rapidly as he can consider cases. Major A. G. Brown is supposed to be the coming man for the Marshfield postoffice.

The Arcata brought on her last trip three large new planers for the O. S. L. company's mill at Empire. Two of the machines are to plane flooring and the knives are so arranged that both sides of the lumber are planed at the same time. The machines are considered perfect in their way.

The Corvallis Baptist association will meet with the Sumner church of this county on Thursday, the 21st inst.—two weeks from to-day.

The stave mill at this place is a beehive on a big scale. The staves being shipped almost every day, those on the wharf ready to ship and the large number of logs consumed at the mill are positive proof of its prosperity.

The O. R. & N. Lease.

Boston May 5.—Although members of the Conference were not ready to make public the terms proposed for the lease, it is known that a definite offer was made the Oregon road, and probably the terms not far from 4 per cent. per annum to commence with, and 5 per cent, after a few years.

Nosler, agent Coquille City, Henry Sengstacken agent for Marshfield & Empire. Sample bottles free, and large bottles at fifty cents or one dollar. It is the most pleasant, prompt and effective remedy known, to cleanse the system; to act on the Liver, Kidneys and Bowels gently yet thoroughly, to dispel Headaches, Colds and Fevers; to cure Constipation, Indigestion and kindred ills.

Flores Creek Items.

Items scarce;

Wanted—a good shower of rain.

Miss Allice Walker, from Coquille City, is visiting friends and relatives at Denmark.

Crops are looking splendid. A little more rain, and a good yield is assured.

Dull times, and money scarce, but for all that, more of our farmers are improving their farms in various ways.

Capt. Lorentizen is building an addition to his house. Mr. J. A. Corkhill is doing the work, at which he proves himself to be an expert. The work only has to be seen to be admired.

18 lbs of golden C sugar for one dollar, at Crawford & Wilbur's in Port Orford. Selling their merchandise at low prices, and giving employment to a number of men, getting out cord and match wood for the San Francisco markets, has been a god-send to the people in the vicinity of Port Orford. A few more such energetic men as Messrs Crawford & Wilber in this county, the people of Curry, could rest assured of good times and plenty of money.

Chris Long is milking 80 cows this season, the yield of butter being 55 lbs daily.

Flores Creek, May 8th, '85.
