Strawberries sold in this place a few days ago for \$1 per gallon. From this one might infer that this one sort of fruit doesn't grow well here, but this is not the case. The reason is that few raise more than they themselves need and it is the scarcity that makes the demand.

The need of merit for promoting personal aesthetics is due to J. C. Ayer & Co., whose Hair Vigor is a universal beautifier of the hair. The vote on the hog law question in this precinct stood 10 to 45 against allowing swine to run at large. No little surprise was manifested on the vote, the farmers voting almost solidly to restrain hogs from running at will. Only for the fact that none of the tickets made any mention of the question, it would have carried largely all over the county, but as it was, few thought of it when voting.

Coos County Election. The election in this county a week ago yesterday passed off quietly so far as we have heard save at Myrtle Point, where a little wool-pulling was engaged in. There was so much scratching that it would require more than an election to determine the political complexion of the county. From the best we can learn it stands about 135 republican. In the district Dean, republican for circuit judge, was elected by a fair majority, while Jimmy Hamilton the democratic candidate for prosecuting attorney was elected by a rousing one. In the county, republicans elect representative, joint representative, county judge, one commissioner, sheriff, assessor, and surveyor; and the democrats elect the clerk, one commissioner, treasurer, and school supt.

The State Election. In the contest for congress, Hon. B. Hermaun, republican, walks off with about 2000 majority. For governor, S. Pennoyer, democrat, was elected by about the same majority, while Strahn, democrat, for the supreme bench, gets there by the skin of his teeth. G. W. McBride, republican, was elected secretary of state by a fair majority. Baker, republican nominee for state printer, was elected. Webb, democrat, for state treasurer was elected, and McElroy, republican, is our superintendent to the tune of 1500 majority.

A Good Man Dead.

Uncle John Levar, one of this world's noblemen, died at his home at Sumner in this county last Wednesday night. He had been ailing for two weeks with a severe pain in the region of the heart, and this is what caused his death. Mr. Levar was one of Coos county's pioneers, but has left here on two or three different occasions and lived in different parts for a while, but, in his own language, as "Coos county did a better part for him than any other," he returned each time, and the last with the determination to make it his permanent home. He was liberal even to a fault, and no man can say he was wronged by this just man—he would suffer a wrong rather than to commit one in retaliation. He was a great friend of this little paper, and often expressed a willingness to give it any assistance should we need that. That, and his noble and sterling qualities as a man, have caused the writer to look on him as a father. A wife and son are left here to mourn his death, and they have the sympathy of the whole county.

Shot for a Bear. Jas. F. Cox, the 17-year-old son of Dock Cox of Floras creek, was shot and killed a few days ago by Fittie Anderson who mistook him for a bear while they were out hunting. It seems that five young men went out on a two or three day's hunt, and that Anderson and Cox separated from the other three and went their own way, and had gone into the mountains about four miles, when their dogs routed something which bayed in a gulch. Young Cox proposed that one go on each side of the gulch and close in and give the object of their search no show to escape. In going down the hill young Anderson saw what he supposed to be a bear and watched it till he was satisfied he was correct as to what the object was and fired at it. To his consternation he heard the cries of his young friend and hastened to see if he had killed him. Cox had received a mortal wound, the ball entering his back and ranging downward came out near the groin, passing through the intestines. Anderson assisted, and he walked home, being half a day in making the four miles. On arriving home, a messenger was sent here for Dr. Downing, but the boy died in advance of the Doctor's arrival.

Young Cox has only been living at Floras creek a short time, his folks having moved down from the Willamette valley only last fall. His parents have the sympathy of the entire community.

Steamer Sunk. The steamer Coos, which came around from Coos bay a few days ago to run on this river, was snagged a mile below this place on Thursday while she was coming up from Bandon under a full head of steam. The snag was a big, solid one, and stove a hole in the steamer's hull large enough for a man to crawl through. The boat passed it, and was found to be sinking, when Capt. Dunham headed her for the shore and placed his passengers on terra firma. She was tied with her nose on the bank and sank. On Friday Mr. C. W. Von Pegert brought up his pile-driver and took the contract of raising and repairing her for \$200. He calculates to have her ready to run to-night, and she will soon resume her trips between this place and Bandon. The Capt. will soon learn where the snags are and avoid them.
