LOCAL LAONICS.

A fishing schooner is being built at the mouth of Sixes river in Curry county.

Governor Bennett is offering his Bandon beach estate comprising upwards of 600 acres, for sale.

J. J. Lamb, county clerk, has our thanks for the official vote of the late election in Coos county.

Uncle John Levar whose death we announced last week was buried by the Odd Fellows, at Marshfield.

The race between Clamdigger and Hazard's mare for \$250, set for the coming 4th, has been declared off.

Quite a number of people of this part talk of visiting San Francisco during the grand encampment of the G. A. R. there this summer.

Fittie Anderson, who shot and killed Frank Cox by mistake a short time ago is said to have been prostrated with grief for several days.

The annual meeting of the Oregon Southern Improvement company for the election of directors, will take place at Empire City next Thursday.

The total vote on the hog law in this county was 531; 361 for restricting them, and 170 for allowing them to run at large as they have always done.

David Roberts, Mrs. John Morgan's father, was visiting friends in this county last week. He is engaged in B. B. Jones' coal mine at Black Diamond, W. T.

Now it turns out that after all the blowing of the press about Jay Gould's losses by the strikes, that he made a quarter of a million by the extra telegraphing it caused, and over a million on depressed railroad stock. He holds the lever, and all the squealing and kicking the people can do he makes the more money.

Mitchell's Navy Bill.

Washington, June 14.—Mitchell, of Oregon, introduced a joint resolution directing the secretary of the navy to appoint a commission consisting of three competent officers to examine the coast to the forty-second parallel north latitude of Oregon and Washington Territory to select a site for a navy yard.

A well written advertisement in a country newspaper does more to make business lively than the best possible salesman, for it is always wide awake and never gets weary. Your advertisement goes after business early and late, in season and out of season, and accosts the merchant in his store, the farmer in his home, the lawyer in his office, the lady at her tea-table, and can be at a thousand places at once. It can speak to a million people every day, and say what you have to say, to every one of them, in the shortest way and in the best manner. That advertising build, up trade and dwarfs competition who can question, when the keenest and most successful business men of the country are those who take greatest stock in it.—Ex.

King Ludwig, says a dispatch from Munich, committed suicide on the 14th inst., by jumping into Starnburg lake. His physician jumped in to save him, and he, too, was drowned.

James S. White and Sherman McClung were drowned off the steamer Isabel at the mouth of the Luckiamute in the Willamette above Salem on June 14.

Wheat in Colusa county, Cal., has been spoiled by a norther. This is the first intimation we have had that this coast ever had such a thing.

Nineteen girls jumped from the second story of a burning mattress factory in Chicago on the 14th, and were more or less all injured.

A lesson is to be learned in the election of Mr. Penoyer, the democratic candidate for Governor. During the late Chinese excitement he proved himself opposed to our fair country becoming prostituted by Asiatic coolies, who are no more susceptible of civilization than swine. In the language of that able and fearless journal, the Portland News, "Mr. Penoyer stood by the boys during the Chinese excitement, and the boys stood by him on the 7th of June." To win in any part that has been cursed by the Chinese coolies, one must show his opposition to their coming here.

So THINGS GO.—Mr. Whats-his-name's house on Fourth street, is undergoing a violent spasm of repair, preparatory to being occupied.

COME TO THE CITY.—Elder T. P. Haynes has rented Mr. Henry Collier's house on Taylor street, and moved into town a few days ago.

BETTER TIME COMING.—Although butter only brings thirty cents a roll of two pounds weight on our markets just now, the passage of the "oily magazine" bill now before congress will change this, and real butter that will bear shipping would be worth twice what it is now.
