While visiting Bandon stop at the Averill City Hotel. It is near the steamboat landing, is pleasantly situated, and no pains are spared to render comfort to guests.

Capt. Littlefield informed us while at Bandon on Sunday, that the blast in the rock in the channel of the river will be fired on Wednesday evening at 6 o'clock, if possible.

Rev. B. T. Sharp, formerly located here, is we learn, stationed this conference year in the settlement in North Carolina from whence nearly all our former residents of that state came.

Mr. H. H. Nichols, it would seem from his letter elsewhere in to-day's HERALD, is well pleased with San Diego. The boom there holds on well. Some want to come back here.

The Chicago and Northwestern railroad company are surveying in Idaho and Eastern Oregon for an outlet to the Pacific ocean through Oregon. Coos bay is the most available outlet, and it would not be much of a surprise if it were selected.

Mr. Robison, a friend of his, intends buying a place near Coquille City for his father who will be on in the spring.

Remember the party at Myrtle Point next Thursday night. The proceeds are to go for the relief of a deserving family, made destitute through the loss of a husband and father. It would be a good idea for the people to heed our South Coquille correspondent's advice in the matter.

The steamer Little Annie run on a snag in Nancy's Pinch on her trip up on Thursday, and had a small hole punched in her hull, necessitating running her down to a point half a mile above Bandon where she was put up on the sand beach to repair the damage. She will be up to-day or to-morrow, it is likely, and proceed on her regular trips.

Q. A. and Abe L. Nosler built a dwelling in this place the forepart of last week. They had the lumber fitly framed together at Iowa slough before they came up, and in 48 hours after they came the house was ready for occupancy. The building is to be supplanted soon by a larger one which from its design will be something new and unique for this place.

A young lady was suspected of having married on the sly a short time ago in this place, and her friends serenaded her on Monday night. The W. R. C. were first to call on her and a merry time was had. Later the Coquille City brass band made their appearance and discoursed sweet music. They were all treated grandly, but it turns out that it was a genuine surprise party, and the young lady not married at all.

Mr. Lehman, a brother of Miss Mollie Lehman the principal of our school, came down last week from Douglas county for some cattle he had purchased on the river. Mr. L. is a young man of 18 years, and is managing a stock ranch belonging to himself and sister. They have lately bought new range and are enlarging their stock interests materially. These young folks are enterprising and deserve the greatest success possible.

Gallier & Son, of this place, the past few days have been repairing J. D. Garfield's carriage and making that vehicle better than it ever was. In a number of cases we have noticed this firm supplanting poor parts of machinery brought to them for repairs, by good, honest, new work. For the most part, the buggies, carriages, wagons, etc., brought on from the East are of the poorest material and the work no better. All is covered up with paint and varnish and a person is readily deceived. People had better have good, honest work done here and keep the money at home, even if they have to pay a little higher for it.

Bandon Excursion.

The steamer Antelope made a free excursion to Bandon on Sunday. The weather was very unfavorable, still a good number from Coquille City and other towns went down and had a good time. The Coquille City band furnished good music, playing on leaving this place, "When the Mists have Cleared Away." The mist soon drove them from the cabin roof where they had perched, and from that on, the cabins and engine room were crowded. The steamer being new and having no balast, sat up too high on the water and rolled like she was in a moderate sea. At Bandon a merry crowd met the excursionists and a jolly time was had hand-shaking when all returned to the hotels for dinner. A few went down to the beach, but the short stay of an hour gave insufficient time for women folk to more than visit friends.

It looked rather good to see our friends Averill, Judge Dyer and so on busy in their well-lit store dealing out goods on the double quick. The firm has a beautiful, large burglar-proof safe in their store, and the price at which they sell their goods we believe they will need it.

Harry Hunt was doing a land-office business at his hotel, which he has arranged in apple-pie order.

Father Caldwell has a good stock of drugs in his store, and has them arranged in good shape, and, we judged, is doing a good business.

Dr. Volkmar has his office in a conspicuous place, and from his pleasant smile, he doubtless has no cause for complaint.

Ex-President Arthur Dead!

Ex-President, Chester A. Arthur, died at his home in New York city last Thursday morning at 5 o'clock, of cerebral apoplexy. He has been afflicted for some time with diabetes, and the paralytic stroke was a natural consequence. He was feeling much improved the previous two days, and his attendant left him early on Wednesday morning to find him unconscious and breathing heavily. His physicians were hastily summoned, and they did all they could to restore him, but in vain. His relatives and friends watched with him till the end came, but he was never able to speak.

Apologizes.

Ed. HERALD:—Allow me to make my little bow, and apologize to Sunday's excursionists for the poor preparations for their comfort. I was not looking for more than my usual boarders when 70 rushed in on me on the arrival of the Antelope. I will try to do better by them when they come again.

J. H. Hunt.

Manager Averill hotel, Bandon.

A correspondent of the Gold Beach Gazette gives Blacklock harbor a fearful black eye, making it out to be no harbor at all. If there is no harbor there, and it is the bleak, stormy, open coast that he says it is, the business of the Blacklock Sand Stone company is a complete failure unless a railroad is built to some port where shipping can be had.

LOCAL DIDACTIC—No. 2.

Our Town Improvements.

Our city's improving—our schools and school ma'ams

Are growing, increasing and building. And the houses going up are substantial—not shams—

For Coquilles don't go much on gilding. They don't go a cent on the gilding.

John Dean is employed taking folks by the arm. And pointing out nice little spots

On which to plant lumber—recounting the charms

Of his several dwelling-places lots. Of his garden and dwelling-places lots.

The Council are urging some side-walks laid down.

And, while they are doing the bossing. Let them "go it a blind," or they'll "come out behind"

On the subject of street-corner crossings. Oh! always look out for the crossings.

In the mild sunny climate of Oregon's Rhine (No cyclones or earthquakes to vex us)

From the East and the West many pilgrims seek rest.

From the North, and from Southern Texas. From the bright lovely star of old Texas.

New mills on the river, of energy speak And a people not given to slumber.

Though the axiom is trite, still you'll find it all right.

Wooden houses ain't built without lumber. And sometimes a good deal of lumber.

Soon the lightning will send us the news of the earth.

Of thrones and of empires imperil'd. And, as soon as decrees of the nation go forth.

We'll find them a place in the HERALD. The wires will be friends of the HERALD.

But, of all institutions, our excellent schools. Which are models in every relation.

Will attract to our city—tis only the fools Who neglect to receive education.

Only fools will neglect education. So grows the good work, and each county around

Bids success to our beautiful city. Within sound of the sea, where the voters are free.

And the girls are so blithesome and pretty. The maidens are blithesome and pretty.

Michael Liber.

A Raleigh, N. C. dispatch of the 16th says: A fire originated in Durham at 3 o'clock this morning, in a grocery store, and burned a large part of the business portion of the town. Loss, \$5,000,000.

The Verdit Unanimous. W. D. Suit, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of ten years' standing."

Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 30 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is manifest that Electric Bitters do cure all diseases of the Liver, Lintneys or Blood. Only a half dollar a bottle at J. H. Nosler's Drug Store.

Excitement in Texas. Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial Bottles of this Great Discovery for Consumption free at J. H. Nosler's.
