Mrs. Druse Hanged.

Herkimer, N. Y., Feb. 28.—Roxalina Druse, who murdered her husband, George Druse, in December, 1884, was hanged for the crime at noon to-day. After services last evening Mrs. Druse remained up until about 11:30. Deputy Sheriff Mannion, with Mr. and Mrs. Waterman, the death watch, induced her to lie down, and she had about an hour's quiet sleep. She awakened with a start, and upon arising began to write letters as calmly as she had at any time during her incarceration. In one of these she thanked the Sheriff for his kindness to her, and asked for Christian burial. After writing, she lay down again and fell into a doze. She was attacked with hysterics of a violent form, and it required considerable effort on the part of the watchers to arouse and calm her. During the night she ate one of the heartiest meals that she had eaten since she was a prisoner. She had about two hours' rest after 4 a. m., but did not sleep soundly at any time.

One of her first visitors this morning was Superintendent Irving Terry, of the Onandaga penitentiary, who brought a farewell from her daughter Mary, who is a life prisoner. This visit had a most exciting effect upon Mrs. Druse. Rev. Dr. Powell visited Mrs. Druse about 9, and did all in his power to calm her and prepare her for the awful moment.

Every road leading into town was dotted with sleighs, crowded with furcoated men and not a few women. The crowd in the village increased on the arrival of every train, and in spite of the extreme cold, men, women and children stood about the streets surrounding the jail. The execution was witnessed by twenty-five persons, including officials.

Bandon Beach Estate (663 Acres) For Sale.

CONTAINING the RACE COURSE, AGATE Beach, Horseshoe Bay, the Renowned Caves. The latter are about in the center of the beach resorted to for health and recreation, and which, down to low water line is the exclusive property of the owner by right of patent. The frontage on the beach, which is nearly a mile in length, has an unobscured view of the Pacific Ocean, and is admirably adapted for villas, hotels, etc., the northern boundary adjoining the lands of A. Giromi, the entire frontage of which has been already disposed of in building lots. The beach itself extends to a considerable distance north of the frontage, and also south of it, and contains a large quantity of red and white cedar, redwood, spruce, ash, maple and myrtle brought in by every tide. The patentee is also entitled to all mines, minerals, medicinal springs, clam and oyster beds, waifs and estrays thereon.

The temperature is unequaled in the United States for equability, there being only 13 degrees between the monthly mean of January, the coldest month of the year—the average of which is 46 deg.—and that of July and August, the hottest—the average of which is 59 (see Signal Service Report). The inside lands, about 340 acres of which are more or less cleared land under fence are suitable for dairying, or raising cattle or sheep as well as for grain, roots, etc., and the entire when cleared (and this is easily accomplished, as the timber has been permitted to grow only since the white man settled here about 30 years since,) will maintain a large number of cattle, and also adapted for for the ordinary products of agriculture in a temperate climate.

Easy terms will be given, nearly the entire purchase money being allowed to lie on the lands for a long time, The northern line of these inside lands is only half a mile from the postoffice, store, shipping wharves, etc., of the rising seaport town of Bandon, which is situated at the mouth of the Coquille, a river navigable for seagoing ships for 30 or 40 miles from its mouth, and where building lots of a frontage of 30 feet are selling for $500 and upwards. This is an opportunity for industrious and enterprising people, rarely met with. The price sought for at present is only at the rate of $23 per acre. Apply to GEORGE BENNETT, Bandon, Coos County, Oregon.

Our Dora correspondent thinks we ought to let the mail contractor on the Coos Bay road down gently; that he has done all that he reasonably could be expected to. There is no doubt he has worked hard, but what is the reason the paper mail can't be brought along when the letters come through? There is no question but the paper mail could be brought through the same hole that the other comes, if there were more men and horses employed. No, no, no; it is too plain; if Coos bay can get mail over the same road we should, and when one man gets through, forty could follow in his tracks, if it were necessary. We hear how mudholes were filled with sacks of paper mail in early days on the muddy roads of Oregon, and it were as well if this was being done now, as such mail is worthless when a few months old. The Portland daily papers from Feb. 23rd to March 1st inclusive are back yet, but doubtless came all right to Roseburg.

Owing to the scarcity and high price of grain and hay, the charges for feeding at R. E. Buck's livery and feed stables this place have been advanced slightly. tf.

For real good bargains, go to Nosler's drugstore in this place. He is selling goods extremely cheap, and keeps nothing but the best. tf.
