alternately; Second Sabbath, Fishtrap and
Lampy creek, alternately; Third Sabbath,
Flora creek and Four Mile, alternately;
Fourth Sabbath, Coquille City, 10:30 a. m.

LOCAL ITEMS

Dist. 34 wants a teacher.
Senator Mitchell has returned
home from Washington.

Jesse Norton is one of R. D.
Hume's jockies for this season.

O. Leneve is doing a good
business in the drug line at Port Orford.

Three daily papers have been
started at San Diego in the past
month.

Cajeme, the noted Yaqui chief,
was executed by Mexicans at Mad-
en, Mexico, a few days ago.

The steamer Ferndale was load-
ing cord wood and fence posts at
Port Orford on Thursday and Fri-
day.

Of the six schooners that are here
and due here, four were built on
this river. It is a fact, too, that
Coquille built vessels are equal to
the best.

Two children died of strychnine
poison at St. Laundry, La., the
drug having been given them for
quinine by their grandmother, who
was unable to read.

Senator J. H. Mitchell and Rep-
resentative Hermann have again
placed us under lasting obligations
for various and sundry valuable
public documents.

If we are to believe the report
of the Gazette, J. E. Haines, of
Eckly, is a benedict ere this, with
Miss Ella Divilliss, of Port Or-
ford, as a life partner.

W. A. Harrington is soon com-
ing back from San Diego. We
learn that others from here are
wanting back again. A letter from
there says the water is not fit for
any use, and that a Chinaman and
two children were found in the
water tank.

A new use has been found for
our contemporary, the Coos Bay
News. It makes an excellent poor
man's plaster, being used on sores
of the wards of this county. The
chances are that a new process of
tattooing will be discovered, and
that some body's ad will be perpen-
dicular while a certain county charge
lives. Shocking!

Mr. W. D. York and family
came over from the bay on Thurs-
day, and joined their friends, Mr.
Tucker's family. These are two
of the families that lately came
from Texas, and they have rented
Judge Nosler's farm for the sea-
son. They will occupy suburban
residences in Coquille City so as
to get the advantage of our school
this summer.

The Prien's sand ballast was
dumped into the river again, in-
stead of being put out on the mis-
erable excuse for a road and land-
ing at the river. Why is this not
seen to? The council could not
use the city funds to better ad-
vantage. This sand is from San
Pedro, Cal., and is a fine article
for any use. It would be better
up on the bank than in the chan-
nel, if it were never used.

It does seem as if the weather
ought to get warmer soon. What
early truck there is out of the
ground merely stands shivering
and does not seem to grow while
the ground keeps wet and cold so
as to be unfit to work. — [Gazette.]
It is the same here to some extent.
The spring has been unusually back-
ward, and coming on the heels of
the worst winter in the memory of
the oldest inhabitant it is decid-
edly rough. The coldness of the
weather has not been so detrimen-
tal as the frequent showers.

John Barker killed a big cougar
at his place out on the Coos bay
road the other day. It came into
the pasture and caught a calf, and
the latter's bleating attracted Mrs.
B's attention. She found the cougar
in a small bunch of bushes and
was very near it before she made
the discovery. Returning to the
house, she called her husband who
was half a mile away, and he came
and killed the beast. Much to his
surprise the calf was yet alive and
will recover. It was scratched and
bitten slightly, but the cougar evi-
dently aimed to have some fun be-
fore killing it.

Capt. Sigart, the trotter, is in
town. Go see him.

Curtie Andrews of Myrtle Point
has lost his infant daughter.

Rev. Pullen preached two inter-
esting sermons here on Sunday.

The stage is running regularly
between this place and Coos bay.

Frank Ross, the butcher of
Marshfield, is on the river looking
for beef.

Mr. Hazleton's family just from
Humboldt county joined him here
yesterday.

A. M. Crawford, Esq., the Marsh-
field attorney was here Thursday
and Friday.

The Misses Parker and Miss
Hoffman were visiting friends in
this place yesterday.

Frank Tennison brought in one
of the finest teams from Douglas
county that was ever brought here.

Senator Vest says the story that
he heard President Cleveland say
that he would refuse renomination,
is untrue.

Remember the Sunday school
picnic at Myrtle Point next Satur-
day. A number are going from
our Sunday school.

Mr. C. W. Von Peger has built
another fine residence on the site
of the one burned, 24x44 feet. He
says he'll see about insuring in the
State insurance company.

T. W. Johnson is delivering the
splendid book, the "Marvel of Na-
tions." If you have not subscribed,
do so at once. The book is worth
more than the price asked.

WRECKED.—The schooner Helen
Merriam which sailed from the city
for this port two weeks ago is said
to have gone ashore and become
a total wreck at Point Arena, soon
after leaving Frisco.

A party went out on the tug
Katie Cook to the fishing bank
four or five miles off the mouth of
the Coquille one day last week.
They had a good time and caught
quite a number of cod.

On Saturday at Oakland, Doug-
las county, a young man named
Moore attempted to murder his
mother by throwing large rocks at
her, because she refused to give
him money. The miscreant had
been drinking.

MARSHFIELD.

Mr. Editor.—A friendly letter
from Astoria says Johnny Hall,
formerly of Coos bay, is located
there at present.

F. M. Garrison, jr., has a very
sore hand, the result of a splinter
which he ran into the palm of his
hand, while working on Mr. El-
rod's rafting scow.

Miss Mary McNamara left
Marshfield Monday on a visit to
her mother, in Gardiner.

Mrs. H. Reed returned from
San Francisco, per steamer Arcata.
Mr. Reed is working on the steam-
er Coos Bay, at Humboldt.

Mr. Dan McNamara, formerly
of Marshfield, is cabin boy on the
steamer Santa Maria.

Mr. Richards, an old-time resi-
dent of Coos bay, returned from
the east on the steamer Arcata,
and will hereafter be known as
foreman of Dean & Co's mill. Mr.
Richards is well known on the
bay, and was warmly questioned
by his many friends.

Capt. Lightner, of the steamer
Myrtle, will be among the out-
going passengers on the steamer
this week. The Captain is going
on a visit to friends and relatives
in the east. His little daughter
Lottie, will accompany him.

The Marshfield brass band boys
are making arrangements to give
an entertainment in the near fu-
ture. The boys have been liberal
with their music; "turned out"
and played wherever the occasion
demanded. They are sparing no
pains to make the entertainment
a success, and ought to have a
share of the public patronage.

"William Sturgeon, the able and
famous electrician, rose from a
cobbler's bench." We saw a man
try to do the same thing once, but
he was prevented by a chunk of
shoemaker's wax that had been
carelessly or mischievously left on
the seat of the bench.

Camp Lookout.

Ed. HERALD.—Your paper is a
welcome visitor to Camp Lookout.
There is at this date a merry crowd
at C. L., although one of our party
is on the decline. We suppose of
course sad thoughts would pass his
mind, as his best gal passed by for
Douglas county, not to return for
some time.

The telegraph line from Rose-
burg to Coos bay is repaired once
more and W. B. and E. L. are
happy.

Some one had better mark well
when he writes letters and signs
other names not his own. A stitch
in time saves nine.

Smith Baily passed on route for
Oakland with two span of matched
horses.

A party from Roseburg are now
in Brewster, contemplating a war
on brain as several have been seen.

I guess Anza was a little off in
regard to the Elk creek correspon-
dent.

Perhaps some would like to know
where Camp Lookout is located. It
is bounded on the south by a
high mountain; on the north by
another; on the east by the Coast
Range mountains and on the west
by the Pacific ocean.

Oregon Swamp Land Case.

Washington, April 28.—Acting
Secretary Muldrow yesterday af-
firmed the decision of the commis-
sioner of the general land office in
the case of the heirs of B. F. Law-
rence vs. state of Oregon, T. J. Beale,
assignee, wherein the commissioner
ruled favorably upon the action of
local land officers at Roseburg, Or-
egon recommending for cancella-
tion homestead entry 2,087 of land
in sections 2 and 11, T 28 S, R 13
W, made by said Beale January
2, 1873. That said tracts be award-
ed to the state under the swamp
land grant of March 12, 1860.

He had been courting her for six
months without coming to the
point, when she turned on him one
evening with:

"Charles, isn't it awful for a girl
like me to have to worry over how
I shall invest \$75,000."

He thought it was, and three
months later they were married.

"I'll invest that \$75,000 for you,
my dear," he observed a day or two
after marriage.

"Oh, I was afraid someone might
love me for my money, and I gave it
to papa," was the artless reply.—

Pleasant Valley Items.

Dear Editor:—I think a few
items from this glorious valley
will be good. The valley is boom-
ing as big as Bandon. The pile
camp and Smith's logging camp
are running on full time. Charles
Morris is the driver for Mr. Marsh-
al. Pile Camp Charley is a good
bull puncher. He can make it hot
for the leaders, and Wesley can
punch up the wheelers. Mr. Mar-
shal has an old ax and he does the
bush whacking, sometimes called
swatting. I noticed that Mr.
Marshal was very tired a few days
ago; so I went and cut a cane for
him. He thanked me very kindly,
and we walked a little ways and to
my surprise I saw him carrying his
cane on his shoulder; but perhaps
that is the easiest way for him to
carry a cane.

The weather is clear.
The roads are getting good.

The farmers are busy putting in
their crops of different kinds.

Mr. George Carl is getting in a
nice patch of potatoes. Bully for
you, George; you may need them
next winter.

By the way one of our neighbors
killed a deer and he was very lib-
eral with the meat. He gave one-
half to Thos. Barklow and one-half
to Mrs. Bones, and he kept the bet-
ter half for himself.

One of John Bonowitz's little
girls was very sick, but is some
better. J. B. has been fixing his
house in style. By the way I think
he wants the valley to boom.

Mr. A. C. Myers is getting well
again; he will soon be able to go
to work.

W. H. and C. H. Bunch are
farming the Holson farm at Nor-
way. That is right, boys, raise lots
of grain.

Oh! by the way, I see a chance
for that other school teacher. He
has a couple of fine sisters, and I
think they would just suit a red
headed school director. Come
over, Jim, and I will give you an
introduction.

Well, I see that we must not
make great mountains out of mole
hills, so I will break it off right here.

We had a wedding up our way
yesterday, and Old Brudder Bones
is the worst disappointed man you
ever saw. He got a new suit of
clothes; all fixed up for the occa-
sion, so he could range among the
upper tens. He had his lamp fill-
ed, trimmed, and burning, but the
bridegroom tarried, and Brudder
Bones did not know that he was
rejoiced until he saw all the guests
come and go in. Then to his sad
disappointment, and mortification
he learned that his nose was too
long.

Overboard and Drowned.

San Diego, April 27.—The
schooner Nora Harkins arrived
yesterday. The captain reports
rough weather. G. Motron, the
first-mate, a Russian by birth, was
washed overboard by a heavy sea.
Owing to the impossibility of low-
ering a boat in such weather the
man was drowned.

Wonderful Cures.

W. D. Hoyt & Co., wholesale and retail
druggists of Rome, Ga., say: We have been
using Dr. King's New Discovery, Electric
Balm and Bucklin's Arnica salve for two
years. Have never handled remedies that
sell as well, or give such universal satisfac-
tion. There have been some wonderful
cures effected by these medicines in this
city. Several cases of pronounced consump-
tion have been entirely cured by use of a
few bottles of Dr. King's New Discovery,
taken in connection with Electric Balm.
We guarantee them always. Sold by J. H.
Nosler.
