Jottings Along the River.
Ed. HERALD—I drop you a few lines to inform your many readers how the country seems to be thriving at present.

Halls creek looks flourishing, and the energetic farmers up that way are anticipating good times the coming summer.

Smith's logging camp is booming and the logs are going in lively.

Halls prairie and vicinity are flourishing. Growing crops of all kinds are looking well. Also the stock that we saw feeding on the beautiful clover pastures, are in splendid condition and the sheep are carrying a heavy fleece of wool.

We wish the gentlemanly postmaster and store keeper at Arago unbanded success.

William Hansen, late of Humboldt, Cal., is tearing out the stumps lively and beautifying his splendid farm near the mouth of Fishtrap.

Mr. Potter's stock and clover are looking well. This is the boss clover country and don't you forget it.

Our esteemed friend, J. H. Lamb, has a fine farm, and the best looking piece of wheat that we have seen.

Mr. Ben Figg has a splendid farm, and well stocked. Also Mr. Laird and S. B. Hatch have beautiful farms and good ones too. These energetic men and well-improved farms speak volumes for Coos. All that we now want is a steamer plying between this place and San Francisco to make this the best county along the coast of Oregon for ranchmen. So don't be despondent, fellow citizens, for we are right on the verge of good times and prosperity.

Wandering Jaw Bone.

BOOTS COMING.—Under date of May 23, 1887, Mr. Wm. N. Boots writes us from Drain, as follows: "Please say to the readers of your good paper, that I will be at the Robinson house in Coquille City, on or about June 10th, with a full line of spectacles and eye-glasses, solid gold and plated jewelry, all of which will be sold at reasonable figures, and guaranteed to be as represented. Thanking all for past favors, and wishing to see my old customers, and as many new ones as possible.

I am very Truly
Wm. N. Boots."

David Hutcheson and Jas. A. Barrus left here on Wednesday for their mines on South Sixes, taking with them wheels etc., for new cars. The boys have a good mine and they think after this they can run in both winter and summer, as none but surface water will be to contend against. The mine joins, and includes a part of, the old Elgin claim, and we predict that these deserving young men will strike it rich. They learn from parties direct from there that their former work there is in good shape, except a small slide near the mouth of their tunnel. In a very few days they will be digging out the shining gold.

Good Results in Every Case.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial Bottles free at J. H. Nosler's Drug Store.

An End to Bone Scraping.

Edward Shepherd of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c per box by J. H. Nosler.

BORN.—Marshfield, May 28, of the wife of William Anderson, triplets—all girls.

Our usually pleasant little village was in an unusual commotion last Friday after noon, owing to the fact that there had been murder committed in or about China town. Billy, the China cook at North Bend who gained so much newspaper notoriety about three or four years ago, in connection with Ty Ty, shot and killed a rival of his, the cook at the Central hotel.

The shooting arose from the fact that the murdered Chinaman had been to some measure interfering with Billy's domestic affairs. Hence the shooting. Billy was arrested and lodged in the county jail at Empire. The trial being continued until this week.

Mrs. Fred Webber and family leave Wednesday for Astoria. Their many friends will be sorry to see them go.
