Ed. HERALD:—Your correspondent has had a small journey to the bay again. We took in J. F. Dunham's logging camp and found every thing on the rustic. They are putting in from 50 to 60 logs a day over the Isthmus Transit R. R.

On our way down the bay from Uter City on the Coos we came very near having a first class collision. They slowed their engine down for some purpose, and just long enough for the steamer to lose her st-erage way.

Marshfield is very dull at present, but prospects are brightening all over the bay. The Newport mine is starting up. They received instructions from below to hire all the old miners back that were there.

Mr. Mortimer informs us that times are getting real lively on Coos river. Messrs. S. Macfarland, E. S. Swart and H. Welker, came up from California on the last steamer.
