The weather still pleasant.
Blackberries coming into mar-
ket by the large quantities.

We will have an early harvest
here in some parts, as the grain
here which was early sown has a
golden appearance, which indi-
cates that it will soon be ready to
give up to the cull of the reaping
machine.

Mr. Geo. Rhoda, of Marshfield,
came over last week in his light

He is one among the first colony
to the Coquille.

Mr. Dan Giles, our worthy hotel
keeper, has bought, lately, a very
nice and convenient spring wagon.

This interesting part of the coun-
ty is being well represented with
religious worship. Sunday 1st
there was camp meeting and pic-
nic a mile above town, and a half
mile below town, both being large-
ly attended. The one below town
was the German Baptists, holding
their regular meeting.

Miss Tillie Volkmar who came

The Fourth of July was cele-
brated in various districts this
year, as follows, on the Coquille:
Coquille City, Bandon, and above
here at Johnson's, and also at
Eckley, Curry county, and at Ara-
go, Middle fork. There is getting
to be plenty of people on the Co-
quille to celebrate each 4th in a
like manner.

Mr. Orville Dodge delivered the
oration at Eckley on the 4th. He,
it is said, made a very able and
interesting oration.

has been a very large attendance.
We can boast of having school here
nearly the year round.

Miss Mollie Lehman, of Coquille
City, is making a visit here among
her acquaintances.

Our Fourth of July, at Bandon,
was a very enjoyable time. The
people from this town and vicinity
left here on the 3rd of July to cele-
brate the coming 4th at Bandon,
at one o'clock p. m. of the 3d
and went in their wagons and hacks
to Mr. J. F. Schroeder's place. There
the steamer Myrtle, with Captain
Levi Snyder in charge, and also
a large scow to be towed along to
accommodate the many people that
should get on board. After leav-
ing the latter place at 2 o'clock p.
m., we proceeded to Bandon. Peo-
ple from various points along
the river got aboard. The Myrtle
Point brass band discourse music
at intervals, and we arrived at
Bandon by 7 o'clock p. m., where
we found the genial people of that
place in readiness to receive and
accommodate the party which had
just arrived. Next morning, the
4th, the anvils were fired off. This
proclamation that the 4th day of
July, A. D. 1887, had actually arrived,
and that another anniversary of our
American independence should be
celebrated. During the forepart
of the day a large concourse of
people had assembled, and in the
afternoon the people formed in
line, headed by the marsh and
Myrtle Point brass band, proceeded
to the grove where the closing
remarks for this occasion and great
day were to begin, by the reading
of the declaration of independence
and oration. The orator, Mr. A.
M. Crawford, made a very inter-
esting and able oration. Music
was furnished by the band which
was appropriate to the occasion,
such as the Red White and Blue,
etc. In the evening they prepared
themselves for the grand ball
which was conducted by the Myr-
tle Point brass and string band.
Mr. Ross's large and commodious
hall was well crowded, and dancing
was indulged in until the "wee
sma" hours of morning. All en-
joyed themselves, and all proclaim
the celebration was a success at
Bandon.

That young and successful farmer
from Norway can be seen every
Sabbath with his fine span of
Sabbath and nice spring wagon,
passing through town here, going
to escort his Sunday girl to church.
This is an affinity in the right way,
Mr. G. C., and don't let this at-
traction like sunbeams pass you by.

South Coquille Celebration.
Ed. HERALD:—Your correspon-
dent takes the pleasure of inform-
ing the many readers of your valu-
able paper about the celebration on
the South fork. It was thought
of only a few days before the 4th—
only a week or so—when some of
the good citizens of South fork
proposed to have a small neigh-
borhood picnic on the 4th. Others
joined in and proposed to make it
a more extensive affair and have it
go off in regular celebration style.
J. E. Johnson and J. M. Johnson
proposed to have a good ball at
night, so as to have it all complete.

The latter plans were adopted,
and all went to work with a will
to make the arrangements, prepare
the grove, make seats, tables and
a speakers stand. Then invita-
tions were sent out all over the
country, to all, to come to the
South fork to celebrate the 4th;
that it should be a free thing for
all except a small collection for the
music at night. We will here state
that the grove in which the picnic
was held was on the Youkam place
just across the river from Capt.
Harris' beautiful farm.

The morning of the 4th dawned, clear
and beautiful, and Billy Robison
and Ed. Johnson fired 13 guns at
sunrise.

The hour arrived for the proces-
sion to start for the grove and all
filed away in regular form just as
though we had a band of martial
music. After arriving at the
grove, all seemed to go in for a
good time. The time passed off
pleasantly until the regular pro-
gram of the day should begin, and
from some unknown cause the
speaker failed to come, which was
the only disappointment, however,
that we had all day. Not being
much cast down at this little affair,
W. P. Hermann, president of the
day, announced the programme.
First song—America—By Mr. Sol
Wise and lady, W. P. Hermann,
Mrs. Bender, Mrs. Minnie Her-
mann, J. E. and J. M. Johnson.

2nd, Reading the Declaration of
Independence by Thos. Johnson.
Then the good ladies spread an
abundance of all the good things to
eat on the tables, and everybody
was invited to come up and regale
his appetite. After dinner the
time was taken up by singing,
music, dancing and all other amuse-
ments to be seen on such occasions,
until a little after 4 o'clock
p. m., when the tables were again
spread and all invited to take sup-
per before going from the grounds.
After supper, all that wished to go
home started off expressing them-
selves delighted with the results
of the day, which was ample proof
that they had enjoyed themselves
on the 4th, of July 1887. In fact
some of the old people said that
they had never passed a more
pleasant celebration.

All of the dancers and other
sporters then went over to Uncle
Sam Johnson's to witness the two
horse races that the upper Coquille
boys had gotten up. First horse
race was James Cotton's mare
against Barton L. Bryan's horse
the latter was winner. Next was
Taylor Dement's horse against the
Massey mare. Taylor's horse was
beaten. At early candle lighting
the Johnson school house was all
aglow with the numberable lights
that were furnished for the occa-
sion. Soon the young and gay
were tripping the light fantastic
to, to the sweet, sweet strains of
music produced by Sam Johnson
and Isom Clinton. Midnight ar-
rived sooner than thought of, when
all repaired to Mr. Johnson's com-
modious dwelling to partake of a
delicious midnight supper pre-
pared by Aunt Angeline. There were
more than 100 at supper. The
dancing then continued until day-
light, when after breakfast, all re-
turned to their respective homes
feeling well pleased and satisfied
with the good time that they had
had. In fact not a murmur nor a
word of dissatisfaction was heard.
Quite a number said that it was
the most pleasant time that they
had ever had in their lives. The
best of feeling prevailed, and in
all it was a most enjoyable affair.
There were all of 300 persons on
the grounds during the day.

Wandering Jawbone.

David Hutcheson and James
Burrus after a weeks' vacation on
the bay and river started back to
their mines on Sixes river on
Thursday last, but on arriving at
this place they found that some car
track iron sent on ahead, had gone
to the mouth of the Coquille. The
former went down and brought
it up and they departed Friday
morning. These boys with Tom
Wilson have 3000 feet (20 acres)
of very rich diggings. The gold
ranges from the finest to 25 cent
pieces. They are just now ready
to go to getting out the shining
dust. Their claim lies along an
old channel.

A Bloody Riot.
Chicago, July 5.—Particulars
have been received of a recent riot
at Oak Ridge, Moorehouse, La.
First reports stated that a party of
negroes fired upon officers who
were taking a prisoner to jail,
wounding two of the posse. Af-
ter the shooting this party hid in
a cabin near by. Officers traced
them and in approaching the cab-
in to effect their arrests, were fired
upon again and George Higgen-
botham was instantly killed and
three others constables seriously
wounded during the fight. Six of
the negroes in the cabin were kil-
led, but this, it appears was not
the end of fatalities. Four negroes
managed to escape from the cabin,
but were subsequently captured
and lynched.

On Monday last two more ne-
groes captured and jailed and next
day the citizens held a meeting
and determined to hang one of
them, allowing the others to go on
proving their innocence. Since
then another negro supposed to be
connected with the gang of assass-
ins was caught and hanged on the
banks of the river near town, and
the end is not yet, as a hunt is be-
ing kept up for other members of
the party. The deaths so far num-
ber thirteen; twelve negroes and
one white.

[Gold Beach Gazette.]
A number of racers will be
taken from Rogne river to the
Halls prairie fair, among them,
Maplewood, Nimbus and Rowdy,
so we learn.

The schooner Merriam sailed
for San Francisco last Wednesday.
She carried away about 120 cords
of tanbark.

Work will soon be commenced at
the salmon hatchery. Many im-
provements will be made, and it is
the intention to turn out a larger
number of young salmon during
the next season than ever before.

H. J. Zumwalt has purchased of
Thrift and Turner the claims owned
by them on the blacksand lead
near Madden. I learn from the
men at work for Mr. Zumwalt
that 9 1/2 feet of pay dirt is now
shown in the cut run in by him,
and that the quality is of the most
encouraging nature. Considerable
enthusiasm prevails in consequence.
The mines are only 5 miles south
of this place and easy of access.
Considering the scope of country
through which the deposit extends
it is only wonderful it has attract-
ed so little attention thus far.

A number of Coquillers are
wanting to borrow money. Those
having money to loan should let it
be known.

As will be seen by the following
from the Del Norte Record,
Brother Elfred, is sanguine of the
short coast road with the long cap-
ital:

"We made mention some three
months since, that W. H. H. Hart,
Esq., of San Francisco, has been
elected President of a railroad
company, incorporated in San
Francisco with a capital stock of
\$250,000,000 for the purpose of
building a Standard Gauge Rail-
road northward along the coast,
the objective point from San
Francisco being Yaquina bay. In
a conversation with Mr. Hart at
the time our informant learned
that it was proposed to complete
the road to Humboldt county with-
in two years, and thought it would
reach Crescent City, or some point
back of this place in about three
years. In connection with this
project a San Francisco dispatch
to the Humboldt Times of the 24th
inst., says:

W. H. H. Hart, lawyer, left for
the East this afternoon on business
connected with the San Francisco,
Clear Lake and Humboldt-railroad
company, of which he is president.
The road is to connect with the
Napa and Clear Lake road, and
will assuredly be built."

Stanwood, July 5.—A fatal cut-
ting affray occurred at La Conner
last night. The trouble grew out
of a game of cards. A stranger
named Thompson, killed one man
and fatally wounded another, when
he himself was struck upon the
head and dangerously wounded.
The excitement was so great that
the fourth of July celebrations were
suspended.
