The steam tug Roberts has been chartered by a number of persons in Humboldt county Cal., and will come to this river about Aug. 29. These people are coming to settle in Coos county. We are pleased to see them coming since many of our best and most enterprising people are Humboldters.

We call your attention to McMillan Bros. new ad, in another column. The quality of their work is well known to every one on the Coquille, and at the low price they are offering their fine work on this visit, will certainly cause a rush at their gallery, which will be located near the mill from Sept. 1st till the 15th.

John Nasburg's oldest daughter Mrs. Sarah Ellen Robnett whom he had not seen for upwards of 14 years arrived at his home in Marshfield on Saturday morning a week ago. The subject in the forenoon will be on temperance in the afternoon on the immortality of the soul.

Prof. M. V. Rock, the gentleman who has been lecturing throughout the county the past week, is a very able speaker and is well received wherever he goes. In fact the people hereabout claim him for the best speaker they have heard. He will doubtless do much to carry the amendment in Oregon, of which we are as certain as that the people of Oregon know themselves. Mr. R. is from Michigan.

Mr. George Hood arrived by the steamer last week from Sonoma county, Cal., bringing with him a Holstein bull less than three years old, that would compare in size with the average five year old of this part. Canon Wilberforce, in an address given in Chickering Hall, New York City, said to Warn America not to let the traffic control her as it does England. "In England we put our big brewers into Parliament, instead of putting them into jail, as you do in Maine. There they lock up the liquor before it gets into a man; in New York you only lock it up afterward. There must be no comprising, no high license, but absolute and universal prohibition."
