#### LOCAL ITEMS.

Capt. Littlefield was in town yesterday.

Judge Dyer of Bandon was in town yesterday.

A good riding horse for sale. Call at this office.

McMillan is doing a landoffice business.—Coos Bay News.

Ed. M. Nelson has been appointed postmaster at Norway.

Morrans are trying to secure Canadian territory for a colony.

Mr. Henry Ransier of Norway lost his three weeks old baby last Sunday night.

For a good, but cheap breaking cart call on Ed. Gallier at Gallier & Son's blacksmith shop.

The road leading from this place to Myrtle Point is in bad condition at this end. The people are complaining.

You should secure a dozen of those fine photos before McMillan goes away. Now is the time.—Coast Mail.

John W. Caldwell and family of Eckley, Curry County were passengers down on the Ceres and Antelope yesterday.

A. L. Nesler is constantly receiving new goods and is selling at such prices as will make it an object to buy of him.

Mr R. E. Buck of this place, has been very busy for the past two weeks bringing over supplies for the canneries on the lower river.

McMillan is doing an immense business. Everyone is taking advantage of the low price he is making his fine photos at.—Coos Bay News.

The Misses Parker, Tillie George and Mr. Robt Frederick left here on Saturday for Portland. We are not advised as to whether they will return.

We made a mistake last week in stating when Miss Beyers would commence a private school in this place. It should have been Sept. 5th instead of the 2nd.

The people of this valley were very much pained to learn of the death of Mrs. M. E. Anderson of Angora. She was truly a good woman and all who knew her loved her.

Prohibition was defeated in Texas, it is claimed by a large majority but complete returns will doubtless reduce it materially. It is encouraging to advocates of the cause that there were upwards of 150,000 votes in favor of the amendment.

Some 10,000 feet of lumber was taken up to North fork last week to continue the bridge from its northern end to the hill. This is as it should be for the low land there is almost constantly under water during winter while the road is the most traveled of any we have.

We call your attention to McMillan Bros. new ad, in another column. The quality of their work is well known to every one on the Coquille, and at the low price they are offering their fine work on this visit, will certainly cause a rush at their gallery, which will be located near the mill from Sept. 1st till the 15th.

The express Wells Fargo was discontinued at this place yesterday, for the reason that the carriers charged more for carrying the treasury box than the net proceeds of the office amounted to. It is to be regretted that we lose the office for it was a great convenience to the people of the whole Coquille valley and Curry county.

Capt. Willard Young who is to have charge of the government work in this district arrived here last Friday and has been to Bandon and had a look at the breakwater there. The Capt. is a genial gentleman and is doubtless one out of a thousand that would be a fitting successor to Captain R. S. Littlefield who will be transferred to some other part. The latter will be sadly missed by his many friends.

Mr. Jas. W. Wilson of Calif Ranch spent yesterday and the day in this place.

A slight mist fell last night, the nearest approach to rain of any thing for several months.

The schooner Lizzie Prien was expected to get out yesterday, but we do not know whether she succeeded or not.

Remember the meeting Friday evening of the prohibition amendment league. It now has 67 members, and is constantly growing.

Mrs. Thos. R. Willard and Mrs. Noah W. Leneve are going to run a restaurant at the fair at Halls Prairie. Remember this, and patronize them. They will have every good to eat.

FINE HAY.—Our townsman Mr. A. Collier has just put in his barn some 120 tons of the finest oat hay we ever looked at. Interview him when your stock gets hungry.

FRUIT.—The fruit crop is going to be much better than was expected. The market is now pretty well supplied with plums, and soon apples will be abundant. Vegetables of all kinds are now coming in and bring fair prices.

CHINA HEARD FROM.—On last Wednesday some twenty members of the celestial empire passed through our city enroute to the "English Flag" Packing Co. canneries a few miles below here. We learn that some 8 or 10 more for the same company passed over the "slough" route, being but a small part of their force. Nineteen more white men and 38 Chinese—arrived yesterday forenoon.

THE FINNY TRIBE WARNED.—On Sunday last some sixty fishermen arrived in town on their way to the fishing ground at the mouth of our river. They will fish for the English Flag Packing Co. Speaking in a general way, fishermen usually belong to the "irritating fraternity" and these were no exception and, judging by their remarks about our cheap whiskey, we opine that but few of them will carry away much coin when they return to their homes after the catch.

S. H. Hazard, president of the S. W. O. Agricultural society, received a letter from Dr. Robinson, of Smith river, Del Norte county, Cal., in which he stated that he expected to send two horses up to Halls Prairie. The coming of these horses are looked for with interest. It is also reported that R. D. Hume, of Ellensburg, will bring his horses up on the tug Thistle.—Mail.

Interest. Some genius has figured out the following to demonstrate the power of interest to absorb wealth:

If, when Judas betrayed Jesus for thirty pieces of silver, each piece valued at three cents, ninety cents in all, that sum had been put at four per cent. interest and each year's interest added to the principal, to draw four per cent. the year following, it would now amount to \$207,386,000,000,000,000,000,000,000,000. This would make a solid globe of pure gold as large as 17,000 such planets as the earth.

Napoleon said truthfully when computing the interest table: "It is astonishing that the deadly fact which lies buried in this table has not devoured the whole human race."

It is this deadly fact which Shylock has seized upon to rot industry and it constitutes the bone of contention in the terrible struggles now pending between the governments of the earth and their victimized subjects.

"If ye lend to them of whom ye expect to receive, what thanks have ye? For sinners also lend to receive as much again."—Luke vi. 34.

From Genesis to Revelation the curse of God is stamped upon the brow of the usurer, still it is either positively supported or silently winked at by almost the entire clergy of Christendom.

Who wonders that Christianity is an the wane, and that infidelity is becoming popular?—Ex.

New York, Aug. 10.—T. S. Baldwin, the San Francisco aeronaut, jumped from a balloon at the height of five thousand feet, yesterday, at Rockaway Beach, and landed safely in the water. The feat was witnessed by an immense crowd.

Myrtle Point Items. The weather a little cloudy this week.

The crops are exceedingly good this year.

Big fires in the mountains.

Threshing grain has already begun on the upper part of the river.

W. E. Rackliff is putting his grist mill in good repairs, in order to be ready to grind the large amount of grain that will come in this fall.

Russell Dement and C. M. Hermann this week drove to Douglas county quite a large drove of fat beef cattle. From there these cattle will be sent on the cars to Washington Territory for the markets there.

Quite a number of people, lately come into our country are locating and looking around.

Some potato vines grew in a garden here in town, which measured four feet and eight inches high.

Our esteemed friend Robt. Lowe, accompanied by one of his brother's sons start to the mountains again, rusticing.

Now the people had better take warning in time, and insure their property, as everything is getting dry and big fires out.

News scarce this week.

#### Red Skins Captured.

Santa Fe, Aug. 10.—Lieut. Woodward, adjutant of the tenth cavalry telegraphed to Gen. Guerson today from Fort Stanton, New Mexico, that nine Mesalero Apaches, who stole away from the reservation last week and started for the Indian Territory in company with a party of visiting Comanches, have been overtaken by the troops under the command of Lieut. Scott, of Company D of the Sixth Cavalry. The Indians declared they had finished their crops and were merely intending to make a months social visit among their friends in the nation. The Comanches were sent home, and the Mesaleros are now en route to their reservation, where they will receive a light punishment for violating the orders not to leave their reservation without a written permit from the agent.

SLIGHTLY INFLATED.—On Saturday last a gentleman by the name of Martin came to town and after indulging in a little sprucegun, got a little too noisy to fit the size of our town, and the marshal was obliged to put him in retirement till Monday morning when our recorder let him out with a fine of \$20.00.

Marshfield, Aug. 9th, 1887.

Friend John: I have been suffering from untold agony—indescribable and excruciating. 'Tis this combination of ailment and its accompanying torture that has prevented me from essaying to console with you on your affliction. I would have been very willing to proffer my mite of praise on the manifold virtues, and endearing qualities of your lamented wife; but when the hour of labor has expired, I seem unfitted for anything further. Remember always that I realize your loss and join with you,—in so far as a friend may express his sympathy,—in your sorrow. The vacant spot which she was wont to fill on this earth will remain so; it is the final decree; and the vacuum cannot be filled, nor the place supplied as heretofore. Let us trust that her pure spirit has attained the reward of the truly good, and that the goal which the Almighty has offered for the just to aspire to, is hers at last.

Yours in affliction, Robert Starkey.

#### A Tribute to Maud R. McDuffee.

(BY A BROTHER.)  
Where is our darling sister,  
With whom we used to play?  
Alas! She is not with us—  
She has left us for a day;  
But ere the spirit left her  
She sang a happy song  
And said "I feel contented,  
I'm going home ere long."  
She has gone, our darling sister,  
With heart so kind and true,  
We know no one can harm her  
In the land she's going to;  
We hope some day to meet her,  
If we do what is right,  
And up in heaven greet her,  
In her home so fair and bright.  
And we must bear this parting,  
Such griefs we must endure,  
But sin and sorrowing will cease,  
On the happy, happy shore.  
August 10th, 1887.

DIED.—In Coquille City, Tuesday, Aug. 9, 1887, Maud R. McDuffee daughter of Mr. and Mrs. W. E. McDuffee, aged 19 years and six days. Miss McDuffee though not a member of any church was a firm believer in the Christian religion and expressed every hope of a happy future and sang her favorite hymns to her parents, brothers and sister. She was laid to rest in the Odd Fellows' cemetery with tender hands.
