

LOCAL ITEMS.

Surveyor Cathcart is in town.

McMillan's last day; Sunday 9th.

Zamloch, Bandon, Saturday night.

Go and see Zamloch at Myrtle Point and Bandon.

Mr. Deitz is in town tuning pianos, organs, etc.

Positively last day—Sunday 9th, at McMillan's gallery.

Levi Todd, of Elk Head, Douglas county, was in town on Saturday.

Mr. I. Hacker, lately returned from San Diego, is at the Olive hotel.

Fred Hoffman was in town Sunday. He reports times quiet on South Coquille.

Mrs. H. Rogers, of Coos river, was here visiting Mrs. A. J. Sherwood last week.

The festivities of the Grand Encampment of the G. A. R. began at St. Louis on the 26th.

Miss Jane E. Weeden lectured here on Tuesday evening on the leading topic—prohibition—to a fair audience.

A pair of ladies' gloves were found Saturday morning. Owner can have same by proving property and paying for this notice.

See the ad of John G. Fish, Myrtle Point shoemaker. He will do you good honest work at the lowest living prices and you should patronize him.

A. L. Nosler wants those owing him to pay up at once. This is the last warning; he will put the accounts in the hands of a collector if they are not paid at once.

Charles Manciet, a former resident of Curry county was shot and killed in Portland a few days ago by a drunken ruff named Billy Dillon, who earns a living by gambling.

Mr. Roberts will lecture on the Labor question at Coaledo next Saturday evening; at Marshfield on Sunday following at 11 a. m., and at Empire in the evening. Go and hear him.

B. L. Stephens, of Myrtle creek, has been in town a few days. Mr. S. formerly owned property in this place, and is well and favorably known to a great many people in this county.

By special request McMillan will remain over Sunday the 9th, and on Monday the 10th, will pack up and return to Marshfield. This will be your last chance to get fine cabinet photos at \$4.00 per dozen.

Mr. James Masters, of Sumner, spent Saturday in this place. He reports times booming at Sumner in consequence of the beginning of operations on the railroad leading to the timber of the C. S. I. company.

Don't lag, boys, in attending the meetings of your military company. Be prompt at every meeting if possible, and try to excel, as you will be brought into competitive drill with well drilled men. Company meets at 10 o'clock a. m. Sunday.

Patronize the one that gives you full value for your money, and one that has a reputation to sustain and that is McMillan, the photographer at Coquille City, until Sunday, October 9th—last day—and last chance to get fine cabinet photos at \$4.00 per dozen.

Dr. M. M. Murphy returned last after a week's trip to Roseburg. He reports a very serious epidemic of diphtheria prevalent in that city. Four deaths of children had already occurred and there were two funerals in one day. There were several other cases under treatment and more deaths were feared.

Mr. Q. A. Nosler is preparing to build a wood-shed 50x200 feet at his wood yard on the Hancock place, below Iowa slough. He has furnished wood for the canneries this season, and that for three years for Hume's. He will hereafter supply any demand made of him in his line, and all can rest assured that he will do it promptly, as he is a rustler.

McMillan's idea in putting the price of his excellent cabinet work down to \$4.00 per dozen on this visit to the Coquille is simply to advertise their new and excellent work, which is owing to the immense improvements in the process of photography and the fact that he has some new and fine back-grounds which make his photos just beautiful, and equal to any made in San Francisco. The old price of \$6.00 per dozen will be restored on future visits, so now is your time—Sunday, October 9th positively the last day.

We were treated to a heavy rain on Friday night. It had become quite dusty.

Heller & Son were threshing at this place Tuesday, Wednesday, Thursday and Friday.

Mr. F. Schetter and wife of Empire City, spent several days on the river last week visiting friends.

Henry Smith, of Coos river, spent several days in Curry county last week, returning to his home Friday.

The steamer Restless brought up the old Satellite loaded with lumber for the upper river on Saturday.

Mrs. Capt. Tichenor arrived here Wednesday from the city, and went down to Port Orford on Thursday.

The wives of the anarchists claim that if their husbands are hanged, that they will murder their children and suicide the same hour.

Grandpa and Grandma Schroeder, of South Coquille, spent a couple of days here last week with their granddaughter, Mrs. Kribs.

Henry Schroeder, Sr., had the misfortune to lose his fine residence on South Coquille Sunday night. No cause is known for the fire.

Louis Heller has threshed over 12,000 bushels of grain on the river this season. He says the North and East forks produced the best and largest yields.

Burgess Colvin, son of Wm. Colvin of Mat Rink creek, came near having one of his legs broken Sunday, by having a wagon loaded with wheat run over it.

We were mistaken when we spoke of Mr. G. M. Stround being grand master. That title is due Mr. Andrew Nasburg, while Mr. Stround is grand lecturer for the Masons.

Mr. D. Giles and family, of Myrtle Point, passed down to the beach on Saturday, where they will rusticate for a month. On being asked where he was off to Mr. G. replied that he was off for "Sarah Togo". His wife will take warning.

Rev. J. W. Craig, the presiding elder, M. E. Church, South, arrived here Saturday and missed his Friday night appointment of the week before which interfered with his appointments last week. He was in town Wednesday with Brother Swafford.

Mr. Edward Roberts, of Bear creek, lectured here on Sunday evening on the labor question, to a fair audience. Mr. R. is an earnest worker and carries conviction to his hearers. A move is on foot to organize a Knights of Labor organization in this place. A meeting of the temporary organization will be had in this place on Wednesday evening October 12th.

Prof. M. V. Rork, of Michigan, delivered a temperance lecture in the Evangelical church last night, that was a masterly presentation, not only of the subject advertised, but of the existence of God, the fact of immortality and man's personal, eternal accountability. No thinker can afford to miss hearing him no matter what his beliefs or notions may be. He came here almost unheralded and unknown, posting his bills, yet a good audience greeted him and sat intently listening for two hours. His lectures are original, unique and valuable, and ought to be heard in every town in Oregon.

Mr. R. C. Dement had a big loss by fire out at his ranch on the upper river one day last week. He went out to his stock ranch, accompanied by Johnny Giles, and found fire burning about the place. They back-fired, and found soon that the premises were nearly free from fire, but that a big fire was burning near some fence out on the range. They left their horses tied in the barn and went to the fire, and looking back saw the house and barn in flames. By the time they got back their horses were dead in their stalls, and everything else about the place in the shape of buildings and contents destroyed. The loss is between one and two thousand dollars.

Zamloch Myrtle Point, Wednesday and Thursday evenings.

Prof. Boyrie has postponed his grammar school till the last Monday in October. Make a note of this—Oct. 31st.

Zamloch will give performances at Myrtle Point on Wednesday and Thursday nights, and at Bandon Saturday night next. Go and hear him.

MUNIFICENT.—The Coaledo Sunday school suspended a week ago Sunday and on motion of our friend C. A. Hanson, the funds in the treasury amounting to \$36, and the singing books to the number of 30, was donated to the Union Sunday school in Coquille City. There are also quarterlies coming and these are to be paid for out of the money on hand mentioned above. This is a benefit unexpected, and, we know, will be highly appreciated by the whole town.

Willie Moulton, son of our townsman J. T. Moulton arrived home last Friday from British Columbia. Will has been absent just a year, and his friends were immensely pleased to see him. For the most part he has been at Tacoma, W. T., and he speaks very highly of the future prospects of that place.

Miss Wood's who died on North Coquille a few days ago, we learn, died of blood-poison. She had the misfortune to break her arm a few days before, and is was from this the poison set in. Her death was very sudden and unexpected, dying half an hour after the doctor left when he thought she was getting along well.

ZAMLOCH.—The "Wizzard King," Zamloch, showed at this place the three last nights of last week to crowded houses, the crowd increasing each night. This is the best show yet to visit Coquille City, as all who attended will bear us out. His tricks at legerdemain were truly wonderful, and the prizes given, all of value, ranging from 50 cents up to \$7, the most being of much more than the former. The first and last evenings at this place table sets of upwards of 40 pieces each were the capital prizes, and a silver cake basket that for the second night. W. W. Hayes won this prize the first evening, Alex Smith the second, and Miss Georgia Parker the last. Master George Lorin Dean, the coming editor of the Herald, drew three prizes aggregating in value \$7.25. If all were as well pleased as he, an effort would be made at once to perpetuate Zamloch in Coquille, and we believe the feeling was general, for he was urgently importuned to show another night or two.

MARINE.—The schooner Antelope finished loading and was towed below on Thursday, and she and the Prien, Coquille and Parkersburg are all loaded and ready to sail, but had not got out at last accounts. The Parkersburg came in on Wednesday last, and the Coquille the day before.

DIED.—On North Coquille, on Tuesday, Sept. 27, Miss Ellen Wood aged about forty-seven years. Miss Wood is a sister of J. W. Wood, of North Coquille. By deeds of kindness, together with her many and sterling virtues, she had gained the friendship of the whole community where she lived.

DIED.—Uncle John Campbell, of the Golden Eagle hotel, died while sitting in his chair at his home in Empire City, October 1st. Mr. C. was one of the old land marks of Coos county.

The Verdict Unanimous. W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 29 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at J. H. Nosler's Drug Store.

Excitement in Texas. Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial Bottles of this Great Discovery for Consumption free at J. H. Nosler's.

BANDON. The work on our breakwater has

shut down until we get another appropriation. Although but a few months at work owing to the very limited sum on hand, yet upwards of 400 feet have been added to the jetty, all of which has been substantially piled and filled in with durable heavy rock. The entire length of the jetty now is 1906 feet, whilst inside the mouth of the river, and out as far as the Rackliff rock, the jetty, as fast as completed, was embedded in sand and mud thereby narrowing the channel considerably. When it went outside the entrance however, it only filled on its south side and the southern bluff. That on the north side which was exposed to the ocean being kept perfectly free from any deposit whatsoever. An agreeable feature connected with the jetty's extension is that, as fast as it meets the bar—and it has begun to do so for some time since—that formidable opponent to our navigation begins to disappear. From this it would seem that extending the jetty out as far as the bar now is, it would disappear altogether. Another agreeable feature is that the bar is not receding before the jetty, it has not moved a single foot. It is standing its ground heroically until wiped out by the advancing improvements. The benefits received by the residents here from the improvements already effected are considerable. Formerly we paid fifteen dollars per thousand on our lumber; now we pay only eight. For the fiscal year ending June 30, 1887, we shipped 5,250,000 feet of lumber, formerly \$15, now \$8 per thousand—saving \$7, equal \$55,175. Wool, butter, hides and matchwood, 100 tons—saving \$70. Imported merchandise 2000 tons, formerly \$20 per ton, came by Coos bay, Beaver slough, etc., now only \$1—saving \$32,400. Total saving \$87,245. Now our four appropriations put together aggregate the sum of \$50,000, so that in one year—and that the very last one—we have saved as much as paid for all the appropriations added together and 34 per cent. over. We doubt if Uncle Sam ever made a more judicious investment during the whole of his official career.

Legem.

Bandon Monthly Weather Report For September 1887.

CONTINUED Till Sunday the 9th. \$4.00 \$4.00 A CARD FROM

McMILLAN Bros. PHOTOGRAPHERS. ON MARSHFIELD.

To the people of Coquille.

Before leaving Coos county for our extended tour down the coast and to California, we beg to state that we will visit Coquille City and be ready to make our fine photographs, on September 1st, remaining until September 15th—two weeks only. We also wish to return our sincere thanks to our many customers and patrons for their very liberal patronage extended to us in the past, and in return, will on this visit, make a special low reduction in the price of our fine cabinet photos, viz. \$4 per dozen. Two weeks only, —Sept. 1st to Sept. 15th. All of our work at this low reduction will be finished as heretofore; first-class. Rain, cloudy or sunshine—come. Remember this special low reduction to \$4 per dozen for two weeks only. No less than one dozen made from each negative. At this low offer, babies and family groups taken instantaneously. Call at the gallery and see our new work-cabinets at \$4 per dozen. Fifteen days only—don't miss it!

Respectfully, George McMillan, Photographer.
