Jackson Temple, associate justice of the supreme court of California, is reported dying. The news realizes his condition and he is up all hope of recovery.

Shedden F. Wilson, late of the firm of Hazard & Wilson, attorneys at law, of Empire City, is about to remove to Marshfield, where he will open a law office over Sengstacken's drug store. Mr. Wilson has resided in the county for a number of years, and his qualifications as a lawyer are pretty well known.

Major Bateman delivered a rousing temperance lecture in this place Wednesday evening, after which upwards of 25 went forward and expressed a desire to join themselves to a Good Templars' lodge, which the Major will shortly organize. This is as it should be, but we must not only encourage the young folks and old to organize, but to work as well. The ballot is the most potent weapon that can be used.

See Sengstacken's mammoth ad in today's Herald.

Sunday was a bad day for Violets and Sweet Williams.

Mr. J. A. Lyons is putting in the foundation of his big store.

Grandpa Cartwright offers his splendid city residence property for sale.

We have several small places out a few miles, cheap. And larger ones that will be the envy of all after a while except the lucky purchaser.

Drop in our office and see what we are offering outside of our advertising list.

SHERWOOD & SANFORD.

Mrs. Alex Snyder, who had received a fracture of one of the bones of the forearm some five weeks since, and the fracture having healed in a vicious position producing deformity of hand and wrist, came to Coquille City a few days since seeking surgical aid.

Dr. Spongle on Friday last operated to refracture the bone and properly set it. Mrs. Snyder, who has suffered severely from pain ever since the accident expresses herself as entirely relieved from pain and returned home on Saturday and will now doubtless have a useful arm.

Coos Bay Notes.

Editor Dean and Master Lorin, his little son, spent several days on the bay last week.

The schooner Una, which was badly damaged by the fire that destroyed the Gardiner mill, is at North Bend being repaired. Her masts, rail and side down to the deck will have to be replaced by new material.

The Roberts Bros. have the Comet in apple-pie order again—in fact in letter shape than we have seen her before.

The new mill at Porter, with its immense looms, wharves, etc., is apt to impress one that has not been on the bay for a few months with the idea that the company owning it is rich and means business. The mill will have a capacity of about 75,000 feet per day; it is now cutting near 50,000.

Mrs. M. M. Harrison is lying very low of lung affection at Mrs. Moore's hotel, at Empire City.

John Snyder is doing a fine business running the Central hotel at Marshfield. His tables are loaded with the best the market affords, served in the most palatable style, and his beds are neat and clean.

As a consequence his house is fairly crowded all the time. It seems to be general headquarters for Coquillians.

"Grandpa Lamb!" Well, that sounds big, but our worthy county clerk, J. J., is entitled to the appellation.

The Empire City brass band got its "disintegrated" members together on Wednesday evening, and serenaded Miss Georgina Camman, Mrs. Mullen, and other friends. The town folk were out on their ears to hear the band's welcome too.

A fine building is being put up on Front street, Marshfield, opposite the postoffice which is to be occupied by the Coos Bay News and Mrs. Mark's millinery store; the former upstairs and the other below.

Coos bay can boast four as fine saw mills as there are in the state, and one that is the boss.

The boss log put into the bay this season was that of an immense spruce measuring 8800 feet by Rattling Jack at Danham's camp with four yoke of cattle. Who can equal it?

Prof. Whitelaw, after a successful term of singing school at Empire City, has organized another class of 47 pupils there, at the close of which he will give an entertainment for the benefit of the town. The Prof. has also a class of 30 at Newport.

Mrs. Aimee Miller, formerly of the river, has a most excellent stock of millinery at her store opposite the Central, at Marshfield. She asks a fair share of the patronage, and guarantees satisfaction.

His many friends will be pleased to learn that Ned Anderson is much improved of his rheumatic lameness, and kicks the beam at 243.

Born in Alameda, Cal., Oct. 10, to Mr. and Mrs. J. W. Boyers, a son. Mrs. B. is the daughter of our county clerk, Mr. Lamb.

MARRIED.—At the residence of the bride's parents, in Eckley precinct, on Nov. 14th, 1888, Mr. Charles Crew and Miss Lee Wilson, daughter of Mr. and Mrs. J. W. Wilson, all of Curry county.

Grass was never better at this season of the year, and is growing rapidly. We have had a sufficiency of warm rains to give it a good start, and up to the present we have had no frosts or cold weather to retard its growth. Stock of all kinds are thriving, and will go into the winter in good condition, and unless the winter proves unusually severe there will be small loss in Curry.

On Saturday evening last the Thistle attempted to tow the Schooner Berwick into the river, but while on the bar the tow-line became fouled in the propeller and the schooner was thrown on the south spit. The steamer was also grounded, but was floated off on the same tide. All efforts to haul the schooner off, up to the present have proved futile, but the prospects are favorable for her being hauled off on the tide either to-day or to-morrow. She has as yet suffered no material damage.

The Steamer Thistle departed for the Klamath Monday morning. She took as passengers, Ed. Belcher, Frank Hume, Mrs. Capt. Swartz and son and A. M. Gillespie, the three later en route for San Francisco. The steamer returned yesterday bringing up 500 fresh salmon, a quantity of salt salmon, and some lumber for Mr. Huntley's house. Messrs. Belcher and Hume also returned.

(Umpqua Herald.)

Winiford Wright, the fourteen year old son of J. W. Wright of North Roseburg, had a little trouble with his father Saturday, and Sunday left home telling his brothers he was going to kill himself. He was found about noon near the residence of Mr. Stowell, a mile or two from town, with a gash in his throat. A physician was called, the wound was sewed up and the boy taken home, and is considered out of danger. He reports that three tramps tried to murder him, but it is generally believed that he attempted to commit suicide.

J. R. N. Bell has returned from Salem and is arranging his affairs to move to the capital city to reside permanently. He, in conjunction with Clinton Monroe, has leased the Chemekete Hotel, Salem, for four years and will take charge of that house the first of November.

The United States supreme court has decided that each state may regulate the liquor traffic. This was on an appeal from Iowa in the celebrated case of Hibbs v. s. Iowa. Now how of unconstitutionality.

A traveling man, stopping at the Lee House, Campbellburg, Ind., on learning that a lady in the village was suffering terribly with cramp colic, gave the land-lady a bottle of medicine, which he had with him and requested her to take it to the sick woman.

The medicine relieved her promptly and she believes saved her life; it was Chamberlain's Colic, Cholera and Diarrhoea Remedy, the promptest and most reliable medicine in use for Bowel Complaints.—Sold by J. H. Nosler, Coquille City, also, by W. L. Dixon Myrtle Point.

A CURE FOR DIARRHOEA.—Mr. J. A. Burrisson, of Colburg, Montgomery Co., Ia., has found out how he can cure any case of Diarrhoea. Two of his children had the disease; for about six weeks he tried four different Patent Medicines without benefit, but he finally got hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which he says completely cured them, and is confident it will cure any case when the plainly printed directions are followed.—Sold by J. H. Nosler, Coquille City also, by W. L. Dixon Myrtle Point.

Ague can not be permanently cured until the system has been thoroughly cleansed of all morbid matter. Quinine and other febrifuges, will check it temporarily but it is sure to return unless the system has been cleansed. For this purpose there is nothing better than St. Patrick's Pills. They not only physic, but thoroughly cleanse the entire system and will, in most cases, prevent ague and like malarial diseases if used as soon as the first symptoms appear. Sold by J. H. Nosler Coquille City, also W. L. Dixon Myrtle Point.

For SALE.—Fine Brussels carpet, lounge and other household goods; also two wagons. Apply to S. J. Tuttle, this place. tf.
