

UP-RIVER DEPARTMENT, ORVIL DODGE, EDITOR. MYRTLE POINT, COOS COUNTY, OREG.

TUESDAY, JULY 2, 1889.

LOCAL MATTER.

Bill Warner's barn is up. More time for this department next week. Col. Ralph Ross, of Bandon, gave our town a pleasant, but flying visit Sunday. Mr. Rosa has a host of friends in Myrtle Point and vicinity, hence the leading citizens were glad to see him. There is no doubt but that he will make the celebration at Bandon a success, aided by his colleagues.

Wm. Phillips has chopped about 20 acres this spring on his Rowland prairie ranch. This will make one of the finest ranches in Coos county for stock, or any other use. A visit to his good home convinced us that their lovely mountain ranch was the embodiment of comfort and contentment.

The M. P. band is well equipped for Bandon. Bart Green is an excellent drum major. His graceful back-actions, front movements and other displays of true beauty will likely bust Johnny Roberts out because the latter young gentleman will be leader on the 4th, and will no doubt be the favorite among the fair ladies.

Last Sunday morning Bart, Johnny and I came down the South fork of the Coquille—leaving Rowland prairie in all its grandeur—in Wm. Phillip's wagon which was drawn by two spirited horses. We had one of the most favored opportunities of seeing this part of our romantic vale.

O. J. Grant has fine crops growing. The Massey Bros. are improving their spacious farms. We saw Sam Johnson sitting on his porch reading the late paper. Capt. Harris' primitive residence gave signs of comfort. The orchard is full of fruit. R. C. De ment's lands seem to be well covered with grass and as we passed on down the old Hermann homestead, G. W. Majory's farm and Lewis Billings' hillside ranch were noted to have a prosperous appearance.

There were more people in town last Sunday than usual. Some came to hear the brass band play their magnificent pieces, set apart for the grand celebration at Bandon, and some to see the pretty young girls that Myrtle Point is becoming justly celebrated. As the band started out for a practical march, we noticed Capt. W. H. Harris, one of our pioneers, at the head of a trio of beautiful young ladies bearing the U. S. flag. Capt. Harris helped to carry the flag through the Mexican war, and with a company of volunteers preserved order in the Indian war of Coos county in 1886.—Oh! we just looked out of the window and saw the return of the Capt. and the band. A little girl has stepped between grandpa and the young ladies, yet Capt. is with the march, all keeping time to the measured time of Fred Schroeder and Geo Majory's drums.

Iowa Slough Items. Rain, rain. Chittin back. Garding and crops looking fine. Little Anna (Jewess) is the people of Iowa settling up with a new school. Mr. Wellington, from Jackson county Mr. Eight. Chas. Nozler took don last week. The spile driver is lorbod driving sp parties. The people of Lov tain in the Fourth of the year.

Bandon weather. Temperature—monthly mean, 57 range, 3.6. rain number of days/ four.

Leventhal, the auctioneer form but now of San J ed a sack of fl sold it 57 times, the Johnston

Coquille City Public School. The total enrollment for the term is 168. Average daily attendance for the last month, 102; for the term 127. The advanced department carried off the banner the last month for the best average attendance.

The following are the names of those neither absent or tardy: Bert Dean, Bennie Lawrence Erma Lukens, Lula Moulton, Eugene Norton, Walter Dean, Neddie Lawrence, Icy March, Frank Boyrie, Oliver Sanford, Arthur White, Stanley Jenkins, Willie Jenkins, Charlie Whetstone, Leona Dean, Fannie McDuffy, Laura Alexander, Julia Drane. Others deserve equal credit because kept out on account of sickness.

Number of classes in each room: advanced 14, intermediate 16, primary 12. Visitors last week were Messrs Dean and Callahan. Total number of visitors for the term 33.

The teachers wish to thank those who have supported and patronized their work, and especially those who have sent their children regularly. Regularity is the first law of discipline and morality. Nothing is so vicious toward a pupil's proper advancement in school as irregularity in attendance. It discourages the pupil, annoys the teacher and is detrimental and unfair to those who do attend regularly, and is almost invariably the cause of fault finding.

Miss Clinton goes to the rancho for a few days for much needed recreation.

Prof. Brinegar has the faculty of patience enormously developed by laboring under the difficulties of poor seats and diminutive blackboard in his school room. He expects to remain here, except for a few days "rustication."

J. J. STANLEY, Principal.

An Editors Prayer. An exchange gets off the following: I would flee from the city's rule and law—from its fashion and form cut loose—and go where the strawberry grows on its straw and the gooseberry grows on its goos; where the catnip tree is climbed by the cat as she clutches for her prey—the guillemet and unsuspecting rat, on the rattan bush at play. I will catch the saffron cow and the cowlet in their glee, as they leap with joy from bough to bough on the top of a cowslip tree; and list while the partridge drums his drum and the woodchuck chuck his wood, and the dog devours the dogwood plum in the primitive solitude. O, let me drink from the moss-grown pump that was hewn from a pumpkin tree. Eat mush and milk from a rural stump, from form and fashion—new gathered mush from the mushroom vine, and milk from the milkweed sweet—with luscious pineapples from the pine to make my repast complete. And then to the white-washed dairy I'll turn, where the dairy-maid hastening hies, her ruddy and golden-red butter to churn from the milk of her butterflies; and I'll rise at morn with the earliest bird, to the fragrant farmyard pass, and watch while the farmer turns his herd of grasshoppers out to grass.—Ed.

The Bandon Beach Estate. Containing upwards of 630 acres, to be sold in lots to suit purchasers, including land lots of ten acres and upwards, building lots, sites for villa residences, etc., etc., at the town of Bandon Beach. The productiveness of the soil which is a black or dark brown sandy loam is well known. The equability of the climate—there is only one degree and a decimal between the temperature of the months of May and December, and only eleven degrees between the winter and the summer—see last annual report of the chief signal officer of the army—render it a most desirable locality for those in search of health and recreation. It contains the purest and coldest springs, and creeks flowing with an abundant supply of water throughout the year. The above lands include the renowned Bandon Beach by right of patent and of considerable length, with its rock bound bays, spate beaches, golden sands, spacious coves and varied attractions, and when connected by rail, which we hope it soon will be, with the inland railways, will in all probability be the greatest marine and summer resort on the Pacific coast. Apply to GEORGE BAXSWERT, Bandon Beach, Coos county, Ore.
