Also lots 11 and 12 in block 19 Coquille City to Mr. Jones lately from Fresno, Cal., for \$275. Also lot 2, block 19 to S. L. Leneve for \$150. Several other sales are made verbally, and will be reported when the shiners are put up.

Our school is out and reviewing the work, we must say that Prof. Stanley and Brinegar and Miss Clinton have taught us a most excellent school. The attendance has been fair and the best of progress made by individual pupils. A wonderful advance in physiology and hygiene by the smaller class is apparent. Prof. Stanley, the principal, believes in the utmost precision and his pupils are veritable soldiers in their school work. His school is noted for its most excellent order, and under such circumstances little less than a solid phalanx at the extreme front could be looked for nor comes much short of the fact.
 We give on our first page by request of a number of the members of the G. A. R. post of this place a vigorous protest against the allowance of pension claims to undeserving men. They claim the article, which is from the Alta, is the exact sentiment of the G. A. R. and that it is getting down to the notorious fact that a good hospital record is sufficient to insure a pension. They see that at the present rate of increase that in ten years the revenue of the country would pay the pension claims, and that sooner or later all, whether good, bad or indifferent, will have to be disallowed. This will shut off thousands of just claims that have not been presented for pride's sake or other cause, but which fickle fortune will force to be presented.
 Father and Mother Schroeder will be at Bandon on the 3rd of July and remain until after the celebration of the 4th. Fifty years ago, this worthy couple were wedded in Baltimore, Md. Their married life has been a pleasant journey over scenes of bliss. Success has attended them so that want or distress have never reached their door. Joy and prosperity has attended them during their lives except only a trio of sad bereavements. They arrived in Coos county in 1859. Their family have since become one of the principal elements of social and in lustrous factors of the Coquille valley. Mr. Schroeder was one of the first postmasters and magistrates of the Coquille—serving the people of the valley with an integrity which secured the highest respect of the whole community. Owing to poor health, recently; these pioneers have been obliged to forego a celebration of their golden wedding, as was formerly intended, but will, as before stated, visit Bandon and thus see their old friends of the early days of '59 and others that they esteem so highly. A golden wedding is seldom witnessed, and as these parties are old settlers suppose that Thos. Hirst, John Kenyon, David Holland, Capt. Harris, Andrew and John Nasburg, Judge Lowe, Ed. Fahy, Judge Dyer, and many others we might mention should take this matter in hand and see that a fitting recognition of this event be carried out in honor of these pleasant people.—Cor. Mail.

The Walker, Iowa, News, says: "Our old friend, Robert Baird, of Muscatine, Iowa, has been secretary of the state senate, and an active politician for years, but was never generally known until he had the colic, and used Chamberlain's Colic, Cholera and Diarrhoea Remedy, and got into one of their advertisements. "Now he is famous." Here is what Mr. Baird said: "While in Des Moines, I was taken with a severe attack of bowel complaint. For two days I suffered intensely, trying several drug stores and paying them for relief, but in vain. I finally bought a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and two doses of that brought me out all right. It costs less than the drug store preparations and I have the balance for future use. I consider it a grand remedy." 25 and 50 cent bottles for sale by J. H. Nosler, Coquille City, and W. L. Dixon, Myrtle Point, Oregon.

Let us give the readers of the HERALD a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery and diarrhoea. The only safe way to come! at these diseases, is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints. It costs but 25 or 50 cents, and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale by J. H. Nosler, Coquille City, and W. L. Dixon, Myrtle Point, Oregon.
