Why Not? Ed. HERALD:—You publish that a cannery with a capacity of 3000 cans per day can be had for \$500 exclusive of building (and any sort of an old shed would do for that) and now we would ask why don't some one erect one this summer? There is a fortune to be made on the Coquille canning fruit.

Arango School Report. The following shows the result of the semi-annual examination, held last week.

Table with columns: Name, U.S. History, Arithmetic, Grammar, Geography, Reading, Spelling. Lists names like Alice Wimer, Mattie Wimer, Alice Schroeder, etc.
