Chief Editor J. A. Dean and little son Lorin might have been seen delving in the sand on Bandon beach Wednesday morning for clams. Securing about a half bushel, they took them to John Moore, a noted epicure of the county, and in short order they were feasting on clam chowder such as few cooks can get up. Oh! how we should like to have been there!

Prof's Hull and Sweet gave an entertainment here Saturday evening which was liberally patronized and gave entire satisfaction. They advertised to charge admission but as the marshal asked them for a license they refunded the money to those already in the hall and took up a collection at the close. Miss Smith of Coos river sang two songs and was recalled but as she did not have more music with her did not sing any more. REPORT OF THE TEACHERS' INSTITUTE AT BANDON.

The Best Ever had in the County.

The annual institute for the county of Coos was held at Bandon, Oregon, August 12-16. The first meeting was held Monday evening at 7:30 p. m. being called to order by the superintendent. A large number were in attendance not only of our own county but also from abroad. An address of welcome was delivered by C. H. Dalrymple of the Bandon school and heartily responded to by R. W. Airy, principal of the Norway public school. An interesting lecture on American Antiquities or the Moand Builders was delivered by Prof. J. B. Horner, principal of Roseburg public schools presenting practical methods in teaching history. Prof. Hull of the State Agricultural College gave a chalk talk which was full of happy surprises and instructive thoughts on the subject of penmanship and drawing.

Tuesday morning we were favored by one of Prof. Hull's lectures on the subject of reading, showing some excellent methods in teaching that branch. Orthography received its full share of attention. Prof. J. M. Williams superintendent of the Eugene public schools spoke upon this subject; the methods advanced being discussed quite thoroughly by those present. The subject of geography was taken up in the afternoon by R. M. Porter in which he showed why and how this branch should be taught. Great interest was shown in the discussion quite a number taking part with enthusiasm. The principal features of the evening's entertainment were an eloquent and entertaining address by Prof. J. S. Sweet of the State Normal School, Astland, and an instructive and interesting lecture by Hon. J. M. Siglin of Marshfield interspersed with recitations, and music both vocal and instrumental.

Wednesday forenoon was at the teachers' disposal and was improved by strolling on the beach, visiting the large caves along the coast, playing croquet upon the sands, or by a ride over the bar. During the afternoon, Prof. Hull instructed and entertained those present upon the subject of physiology making all his points very clear by illustrations upon the blackboard or from nature. The greater part of the evening was occupied by Hon. John A. Gray of Marshfield in a grand lecture in which he presented his subject, "Abreast of the Race," in an able manner, touching closely upon the teacher's work, and putting forth principles which will make not only teachers but all who carry them out both nobler and better. Vocal and instrumental music and reading gave variety to the evening's entertainment.

Thursday morning was devoted to history and language lessons. Prof. Horner presented his methods of teaching history. He acted as teacher and those present formed the class and by doing actual work showed that his methods could be practiced. E. S. Bunch took up language lessons and gave practical methods whereby the learner may be started in that study. He was followed by Prof. Hull who brought out other points of interest on the same subject. Prof. Sweet during the afternoon occupied some time on the rudiments of music clearing up many of the difficulties to be met with in teaching that branch and by diagrams on the board made his points plain. Prof. Williams spoke further upon teaching language lessons and showed an exhaustive manner of giving lessons in composition. A lively interest was shown in the questions from the question box and in the answers. The entertainment of the evening surpassed all previous efforts and was a grand success. The leading features were several recitations by Prof. Hull; an address by Rev. J. R. N. Bell; solos by Misses Florence Smith and May Bunch; violin imitations and music; and instrumental music by Prof. Horner, Prof. Sweet, Miss Ora Bell, Mr. Samuel Barrows and Mr. Tappin. The money collected amounted to over fifty dollars which will be used in defraying the expenses of the institute.

Friday morning K. H. Hansen of Dora presented his methods of teaching primary arithmetic. Methods of teaching advanced arithmetic were then given by J. H. Barklow. Prof. Hull followed, explaining difficult points in arithmetic, showing how the subject of reading could be presented to a class, explaining the tides, and why the earth was an ellipse.

The committee on resolutions presented the following:
I. Be it resolved that a vote of thanks be tendered to Rev. J. R. N. Bell, Prof. Hull, Sweet, Horner, Williams, Supt. Stewart, and others for their efficient labors to raise the standard of education in our own county.

II. Resolved, That a vote of

thanks is due from the members of this institute and the people of this vicinity to John A. Gray, J. M. Siglin, Rev. J. R. N. Bell, Miss Hattie Coleman and others who have contributed to the success of the evenings entertainment.

III. Resolved, That a vote of thanks be tendered the various lines of transportation, the hotels, and to the citizens of Bandon who have contributed to the comfort and entertainment of the visitors during the late institute.

IV. The hearty thanks of the teachers are tendered to Supt. Bunch for the untiring energy with which he labored for the success of the institute and to forward the cause of education.

V. Resolved, That a copy of these resolutions be sent to the various papers of the county of Coos for publication.

David Strang, Chairman, Florence L. Smith, Wm. Horsfall, Jr., Miss Kistler, Charlotte Vanderburg, Com.

The above resolutions were unanimously adopted.

J. M. Williams in behalf of the visiting teachers presented the following resolution which was adopted by them.

WHEREAS Supt. Bunch of Coos county has at great labor and cost to himself procured our attendance at the annual institute of Coos county held at Bandon;

WHEREAS, As we have been right loyally received and entertained by the teachers of Coos county and the citizens of Bandon;

Resolved, That we tender Supt. Bunch, the teachers of Coos county and the citizens of Bandon our most sincere thanks for their kindness and hospitality.

The institute closed with the best of feeling and the well wishes of all. It has been by far the most successful, profitable, and pleasant meeting in the interest of education ever held in Coos county. It has also been the largest, nearly every teacher in the county being present. In a short report like this it is impossible to give an idea of all the work done but we can safely say that no teacher can afford to miss such an opportunity for improvement. But successful as this institute has been we look for greater results at the next annual meeting.

The excursion over the bar was a great success. At about 4 p. m., Friday, some 40 or 50 persons, mostly members of the institute, boarded the tug and went out over the bar a mile or so and took a spin around among the wonders of the deep. Returning it was found that not one of the lot had been sea sick.

I expect to open a private school in this place Sept. 2. Length of term, four months. No pains will be spared to obtain cheap and comfortable boarding for outside pupils.

W. H. Bunch our county superintendent, showed us a picture by Mr. Wilkins of the teachers at Bandon. There are upwards of a hundred in the group and they are all very plain, so much so in fact, as to pick out immediately the persons you know.

Have you examined that new list of property offered by Sherwood & Sanford this week and noted changes in the old list on prices of certain places which are offered at slaughtered prices through consent of owners, for a short time, for reasons best known to themselves.
