It is reported that the schooner Wing and Wing which went ashore at Cresent City is nearly ready to come off the ways. She has had a thorough overhauling and is now as good as ever.

Our editor-in-chief while away has been amusing the boys with crab stories. You want to watch out, boys, for his conscience does not realize how many crabs there are in ten car loads.

Very few salmon are being caught now, but it is expected a fine run will be in by the 20th inst. So far the indications are better than they were last year; and they say as the season opens, so it will continue.

An Indiana man has written to the secretary of the interior asking for him to return by mail $3500. The Indiana man gives no reason only stating he needs the money. An Ohio man wrote to the same department asking for $2000, to pay a debt of that amount he owed. It seems that all the fools are not dead yet.

During the last six months the records show the number of deserters from the U. S. Militia to be 1467 against 1209 for the same period in 1888. Fully three-fourths of the desertions take place the first year of enlistment. The cause is said to be due to the fact that when a man enlists he expects to be a soldier but finds out he has a great deal of extra work to do, and the result is desertion.

Let us give the readers of the HERALD a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery and diarrhoea. The only safe way to combat these diseases, is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhœa Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints. It costs but 25 or 50 cents, and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale by J. H. Nosler, Coquille City, and W. L. Dixon, Myrtle Point, Oregon.

Notice.

C. E. Edwards is agent for the Coquille river for the Whitley steel and ball joint mowers and Champion self-binders, and sulky hay rakes. Our local steamboat men should see to it that the felling of timber into the river is stopped. The navigation of the Coquille is everything to the people, but none haye so good a chance to find out depredators and none are more interested in keeping the river open than the steamboat men.

"The Old Oaken Bucket,
The Iron-bound Bucket,
The Moss-covered Bucket,"

is very likely the one that has conveyed poisons to your system from some old well whose waters have become contaminated from sewers, vaults, or percolations from the soil. To eradicate these poisons from the system and save yourself a spell of malarial, typhoid or bilious fever, and to keep the liver, kidneys and lungs in a healthy and vigorous condition, use Dr. Pierce's Golden Medical Discovery. It arouses all the excretory organs into activity, thereby cleansing and purifying the system, freeing it from all manner of blood-poisons, no matter from what cause they have arisen. All diseases originating from a torpid or deranged liver, or from impure blood, yield to its wonderful curative properties. It regulates the stomach and bowels, promotes the appetite and digestion, and cures Dyspepsia, "Liver Complaint," and Chronic Diarrhea. Salt-rheum, Tetter, Eczema, Erysipelas, Scrofulous Sores and Swellings, Enlarged Glands and Tumors disappear under its use.

"Golden Medical Discovery" is the only blood and liver medicine, sold by druggists, under a positive guarantee of its benefiting or curing in every case, or money paid for it will be promptly returned.
