The children throughout this and adjoining counties are afflicted with whooping cough.

GIRL WANTED.—Mrs. Elliott wants a girl to wash dishes, and do general kitchen work at Leland hotel. Will pay $15 per month.

DIED.—At the home of her parents five miles above Coquille City, of diptheria, Catherine, oldest daughter of Mr. and Mrs. Samuel Smith, aged 20 years.

We have just learned that old Grandpa Williams, formerly of this place, died at the residence of his son W. H. in Douglas county on June 11th. He was a member of the G. A. R. post of this place, and was a good old man.

The steamboat inspectors, the invincible Frank McDermott for boilers and Capt. Edwards S. Edwards for hulls visited the river the latter part of the week and renewed the boats' papers. We acknowledge a pleasant call.

The Coquille never had so bright prospects before. The newcomers are workers and will give business a new impetus. The road to the valley via Middle Coquille will do more to settle the county than any other one thing now, and the rich discoveries in quartz on the upper river will help the cause very materially.

Mr. Jasen Machado having given up the Robinson house, Mrs. Robinson will run it for a short time pending necessary improvements, when Mr. B. W. Rice will take charge. Mr. R. is a deservedly popular man and will try to give general satisfaction. The house will be better equipped than ever before, and it will be the endeavor of the new management to make the tables the best in the county.

Myrtle Point is building up very rapidly. It is situated at a most eligible point, taking in the whole upper river including South, Middle, East and a big part of North Coquille. A daily stage will be put on and kept going the year round between that place and Roseburg, as soon as the Middle Coquille wagon road is completed. This will help the place very materially.

Outside parties have commenced gobbling up timberlands in Coos county. It is said a large mill company of Puget Sound will build a mill on the Coquille, and to that end send a lot of men down to secure timber lands. Extensive bodies of the finest timber in the world yet remain unclaimed on the river, but will, in some instances, require railroads or tramways to bring the timber to the water.

Referring to the daily work of Congressman Hermann as stated in Mr. Dodge's department, reminds us that, by virtue of our wonderful increase in population and material wealth, Oregon is entitled to another congressman Indeed, there is not a member in our national congress that has near the amount of work that Mr. H. has. A coast state is worst of all, and with nearly half a million of people the work in the lower house is simply immense. Mr. Hermann is the one man that could do what he is doing for his people—the people of Oregon, not one of whom, in truth, can say he has neglected a trust or failed in securing the required relief where there was the ghost of a show.

All work neatly and promptly done at Wilson's the jeweler. Satisfaction guaranteed.

Finer watches for the same money than can be had elsewhere in the county at J. J. Wilson's.

Pupils attending Prof. Stanley's private term of school can get board at Mrs. Higginbothom's at $2.50 per week.

Miss Mattie P. Krekle one of the ablest liberal lecturers on the coast will discourse at Hunnewell hall on the 16th inst.

Go to J. J. Wilson's for nice neat and nobby jewelry. He can be relied on for goods as represented and for lowest prices.

MONEY TO LOAN:—Several thousand dollars to be had on approved real-estate security. Apply at office of Sherwood & Sanford.

Mr. A. W. McArthur, of Chicago, is in town looking for a location for a bank, of which he is said to be principal owner of two.

Mr. and Mrs. and Baby Marsh of Port Orford have been visiting Mrs. M's parents, Mr. and Mrs. John Kronenberg, in this place the past few days.

Another death in the Smith family from diphtheria gives further alarms. The Dr. (Sponogle) in charge seems to think there is no danger, with precaution, of its spreading. So far there are no other cases and the time is up for those who rushed into it before it was known to be diphtheria.

Grandma Smith who ran a dairy at Dean & Co's place above Marshfield last year was gored by an ox at Noble's camp on the isthmus last Saturday. Mr. Nobles, our informant says, was leading the steer through a gate when the brute refused to go. The old man walked up and started to drive when the animal rushed at him goring him under the arm and in the head. The former wound exposes his lungs and interferes with his respiration. It is feared he will die.

Coos Bay.

Robt. Meran has his new residence in Marshfield nearly ready for occupancy.

A large shipment of chittim bark went out on the steamer Ajax last week.

A saloon has been opened in Marshfield by Frank Reno. If the boys don't get full of O—be—glorious it isn't for want of places to get it.

The Central hotel has received a new coat of paint which greatly improves its appearance. The proprietor, John Snyder, is making preparations to enlarge the capacity of his building.

Jacob Lando, successor to Magness & Lando, will open his store in the Odd Fellows building the first of September. He is fitting that building up in fine shape.

Prof. T. P. Brinegar of Coquille City was in Marshfield several days of last week. He will teach the Utter City school; Miss Coke having been unable to finish her term there on account of sickness.

The Ajax arrived Monday morning and left again the following day, but did not pass over the bar until Wednesday. A large number took passage to the city. The schooner Antelope left the same day.

The birthday of Mrs. Edmonds was celebrated at Bay City point Sunday by a picnic. Bay City has a great reputation for picnics, and this last did not fall behind any previous efforts. A large crowd, big dinner, a dance and much fun were the order of the day.

A party of seventeen from Marshfield and Bay City took an excursion to the sand hills Sunday. They report a good time and the usual amount of fun. The boys went for the purpose of fishing, but there were girls along who were after other fish, and the programme was changed to a stroll on the hills. LARDEE.

BASE BALL.

Coquille Boys do up the Coaledoes.

On Sunday last the Coaledo boys came over to play the Coquillers a match game of baseball. Coquille City has no organized nine, and had a hard time picking up the required number, some of the best players refusing to play because "we stood no show," for want of organization and practice. By taking some inexperienced boys in their early teens the game was made up and played with the following result:

A Farmer on the Fair.

A Good Time Certain for Those Attending.

ED. HERALD:—I notice in the last issue of the HERALD a short article referring to the coming county fair, which opens at Halls prairie on Sept. 9. The author of that article in speaking of the exhibits that are promised says: This may end mostly in talk, but we really believe much of the promises will be carried out. Now, I want to say—could our farmers and stockmen be viewing their own interest correctly when they will not consult to do all in their power to make a success of the fair this fall inasmuch as the society has acceeded to our requests and set apart the first two days of the fair to the exhibition of our goods. Now I cannot understand why we should choose to make a failure of our part. No, I am positively of the opinion that all the wide-awake farmers and stockmen will be on hand and take an utmost, as they should in one of the most needed enterprises connected with scientific husbandry. There will be a good lot of nice stock there on Monday and Tuesday so don't fail to come and see them if we cannot bring some thing better. May be we can. If we should come without bringing anything we will be almost sure to say, well I wish I had brought this or that; so look out and come prepared to take a prize. A nice time is sure to come. No gambling, drinking or racing on these two days; so come on, brother grangers, let us join hands in making our part of the fair a success.

J. W. WIMER.

Delightful!

EDITOR HERALD:—If there is anything on the face of the globe that is really pleasant, it is to hear a sonorous whistle sounded, (anywhere from three to five times) in the morning, between the hours of four and six o'clock. It reminds a stranger in your midst that Gabriel is near at hand, and all mankind must awaken to the sound of his trumpet. STRANGER.
