TUESDAY, AUGUST 26, 1890.

ALL SORTS.

Mr. David Roberts of Empire City was a visitor here on Tuesday.

We acknowledge a complimentary to the state fair and regret our inability to attend.

M. B. Gibson and two daughters passed through town Wednesday for Salem where the girls will attend Mount Angel school.

Mr. Beyers, of Sumner, spent Wednesday with relatives and friends here. He left the following day to visit in Douglas county.

Dave Spencer was killed at his farm 7 miles from Ashland last week by a pulley rope giving away when he was hoisting hay in his barn.

Edward Bellamy is now engaged in preparing a drama based on his ideal of society and government as expressed in "Looking Backward."

Half a dozen bandits last week robbed a Missouri Pacific train at Robber's cut where the James boys committed a like deed years ago, securing \$90,000.

A good team of good sized six year-old horses, wagon, harness and camping tent offered at a great bargain—\$325. Property at Myrtle Point. Write or call at this office.

Did you ever read—"ten acres enough?" If you have, then why not begin on that ten acre lot offered by Sherwood & Sanford for \$500, only one mile from Coquille City.

BUSINESS CHANCE.—A good traveling business is offered for a short time, to some party with a capital of \$2500 to take a half interest in a double stereopticon exhibition. Address Prof. C. J. LaDee, Marshfield, Oregon.

"The widest plank on earth" is on exhibition at a railroad depot in this city. It was cut at the Elk river mill, and is sixteen feet in width. It will be among the Humboldt exhibits at the world's fair in Chicago.—Humboldt Standard.

A road from here to Lamprey creek is the next; this is an important step, as this road will intersect the Myrtle Point and Bandon road, and give to the people of this place an easy route to Bandon, and to all other points on the river by land.

THE ENTERTAINMENT.—On Wednesday evening the Star Comedy Company gave "The Midnight Mistake" free to a large audience at Masonic hall. It was really a rehearsal at which they wanted to try some new hands. All did remarkably well.

Mr. Henry Adams of Missouri Bottom, Myrtle creek, is taking in Coos county, and is immensely pleased. He says the Middle Coquille wagon road to Roseburg is the finest mountain road he has seen in the state, and that Coos' portion is the best part of it.

One acre of land suitable for choice business lots, in the heart of Coquille City is now offered for sale by Sherwood & Sanford. This property has a good dwelling house and its location is one of the best in the town, being near the boat landing and adjacent to business houses.

LASSED A BUCK.—The crew and passengers on the steamer Restless on Tuesday, afternoon, coming up to this place, had some fun with a large fat buck which they lassoed as it was swimming across the river. They came near having to take water as it was inclined to clean them out when they got it on board.

GOOD SCHOOL.—The Newport school numbers are nearly one hundred pupils, and the interest of all is manifest by the large attendance and maternal progress being made. They have lately supplied their school house with patent seats and a beautiful eleven inch globe. The walls are literally covered with useful charts, and altogether the coal mine town of Coos county is foremost in her school facilities. Prof. Ed. T. Jennings, is principal, and his good work is known all over the county.

Pixley After Them. The following excerpts from the leader in a recent issue of The San Francisco Arognaut shows that Frank M. Pixley has taken up the cudgels to defend in earnest the outraged poor of our land.

The crimes which organized capital perpetuates upon the laboring poor are more cruel, more deliberately malevolent and a thousand times more indefensible than all the offenses which arise from working guilds and labor strikes or bread riots. The one class of offense comes from a sense of personal danger. It is the universal sentiment of self defense aroused for self protection. Capital combines from cowardice and in order to satisfy its lust for gain. Capital is the bully that oppresses the weak—because they are weak, poor and indefensible.

Labor cannot be patient, for while it deliberates and plans it starves. The crimes which capital perpetrates are too numerous to mention in detail. Oppressive and tyrannical governments depend upon and result from wealth.

Trusts, corners, combines and moneyed syndicates, are all criminal organizations which men of wealth resort to in order to enhance the value of the necessities of life indispensable to sustain physical strength necessary to enable the workingman to endure the hours of toil which the master exacts—unsurprising interest, a monopoly of lands, special laws for the protection of property, the cost of legal expenses. This is only one proceeding at law which is conducted by the state at the expense of the tax paying public, and that is prosecution for crime.

The rich may oppress the poor by corporate or other exactions, may deprive the poorer man of his land or estate and drive him to a ruinous defense at law, the success of which may impoverish him. If against any of these modes of oppression and devices to which rich and unscrupulous men resort to increase their capital there should be strikes and unlawful combinations, and out of them should result destruction of life and property and an interruption of the law, let all reasonable, intelligent and just minded men calmly consider whether labor has not causes for dissatisfaction.

With English Capital An English syndicate makes a new loan of 25 millions of dollars to the Argentine Republic.

An English syndicate purchases the Standard and Etna Rolling mills for \$705,000.

A London syndicate buys the Pay Rock mines in Colorado for 1 mill in dollars.

The Trunk and Baggage factories of Newark, New Jersey, are bought by a London syndicate for \$1,400,000.

At a very recent visit of London capitalists they decided to invest 20 millions of dollars more in Kansas City at once.

English capitalists have organized a company to build the Maryland and Delaware ship canal. Capital eight million dollars.

A syndicate with \$1,500,000 to control the works of Blake, Knowles & Company, of Boston, and similar works in other cities of the United States.

The Springfield Brewing Co., of Springfield, Ohio, is organized with a capital of \$350,000 and the Springfield breweries are bought up, a man from England takes charge.

A trust with 40 millions of dollars capital, to control the trade in crude drugs in Great Britain, with the intention of extending the field of operations to the United States.

An English company buys up 4 million acres of the Northwest railroad lands, and surveys it off in small farms on which to locate foreign paupers to raise wheat.

An English syndicate has bought the John Ronch ship building yards at Chester, Pa., so as to get on this side of the ocean and get the benefit of our protective tariff in this great industry.

Forty-five Years Boudance. Gentis: For forty-five years I have been afflicted with blood poison, liver and rheumatic difficulties. Part of the time confined to my bed. My blood was badly diseased. Six bottles of Hibbard's Rheumatic Syrup did me more good than all the other medicines I have taken. My friends have used it in every case it has proven a wonderful remedy. I have known of some wonderful cures of dyspepsia and neuralgia. Mrs. Mary Biddle, Mitchellville, Iowa. Hibbard's Rheumatic Syrup and Plasters are remedies of great merit. I believe they are no equal in the cure of rheumatism and all blood diseases. Dr. H. Reichard, Druggist, Mitchellville, Iowa. Sold by W. S. Knowlton, Coquille City, Or.

Riverton Items. Ed. HERALD.—Having seen no items in your paper from this place for two or three weeks I thought a few from here, might be of interest to some one.

Potatoes and late gardens look well.

Several lots have been bargained for in Riverton.

We are told the postoffice commission has come; so Riverton will soon receive mail, at the post-office.

Plenty of ripe fruit now takes the place of berries which are nearly all gone; and only now and then can a few berry pickers be seen gathering the remnant of the season.

School will close in a few days after a session of four months.

What has become of Lodi? we may ask; but as one passes along the river, he can see that he has erected a new house near by where the other stood; and between burn-outs, hay-baling, and building, will little wonder that he has no time to write.

Mrs. King and Miss Britenbacher of Angora were guests at R. P. King's last week. In company with Mr. King's family they have now gone to the beach.

Mrs. Jenkins of Coquille has been visiting friends here.

A bear hunt is talked of by the boys round here.

An enjoyable time was had at a social singing at B. Vowel's the other night.

The Census.

Table with columns: Census of 1890, Census of 1885, Vote of 1890. Lists various counties and their respective census figures and votes.

An Old Soldier's Story: In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhoea, since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I use it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all of my old comrades, who, while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, A. E. Bending, Halsey Ore. For sale by R. S. Knowlton and S. L. Levee, Coquille City, Oregon.

What They Think of us. The cause of Nationalism, says the Houston (Texas) Echo, is spreading with wonderful rapidity, and the seed is taking deep root in what has heretofore been considered thorny ground. As a method of propaganda the press is being more generally used than heretofore by reformers of every kind.

Weekly papers, with a healthy look, are constantly starting up to advocate the claims of humanity as understood in this new school of thought. California seems the most fertile battlefield, and the ideas from Boston have leaped a continent and taken firm hold on the people of the Golden State.

FOR SALE CHEAP.—20 head of young cattle. Inquire of C. A. Ballard, Arago, Oregon. 50 ft.

The base ball game as published last week was wrong in one figure; Coquille City Kids beat Bandon's nine 33 to 17 with one inning left.

Mr. A. J. Davis, the original settler on the townsite of Marshfield, and who left this county settling in Butte, Montana, some thirty years ago, recently died there a millionaire six times over.

MARRIED.—At the residence of the bride's mother on upper Sixes river Aug. 17, 1890, Edward Masters and Miss Annie McBride, both of Curry county. The HERALD extends congratulations.
