RIGHT OF WAY.—The people who demand damages for right-of-way for the railroad will in nine cases out of ten lose more than the amount they get. It is the cry: "It spoils my place," but try one of them and see if you can buy the spoiled place for the figures it was held at before the road or its prospects advanced the price. No one can afford to incur the displeasure of a railroad company whose road runs through his lands, and especially when the company knows his interests have been doubled by the building of the road.

The article of W. H. Nosler "To The Clergy," on our first page deserves more than a passing notice, and while it was crowded out of last week's HERALD, it is none the less of interest. As long as the clergy preaches cold facts that can't be lived up to under the present distorted state of society, leaving the live subjects to liberals and people of the world generally, so long will the church lag. Tell the working man to give what he has and trust in God will not help him out of present difficulties. Give him a better state of society and then it will do to preach to him.

Kids Again Victorious.

The Kid base ball nine of this place played the Parkersburg boys at Parkersburg on Sunday, the game resulting 20 to 15 in favor of the Kids. It was the closest game they have had, but the good treatment extended to them by their rivals almost paralyzed them, and they could almost wish they had been beaten. The steamer Restless came up and carried our boys down free of charge and returned them in good shape in the evening. All are loud in praise of the Parkersburg people. Frenchy, the engineer on the Restless umpired the game and gave universal satisfaction.
