

Lower River Department.

Mr. Tupper sold some property at Marshfield for the sum of \$5000 to Dr. Tower. We remember that last year the same property was offered for \$1600. What is the matter with Coos county?

Bandon is improving fast. Capt. Reed's new residence is nearly finished. Mr. Gauntlett is busy painting it.

Mr. Averill's new building is nearly complete.

Mr. G. W. Irwin passed through Bandon with fifteen Indian children last Saturday. He was on his way to the Chemawa school near Salem with them where they will receive an education.

Col. R. H. Rosa and Mr. Cathcart left for Empire City last Sunday.

The schooners Del Norte, Eureka and Danielson are barbound at this place.

The schools at Parkersburg and Free Trade are reported in sight at present writing.

Mr. Bryant came down to Bandon last Saturday to superintend the buildings of the life saving station at this place. We understand that his gentleman has charge of all the life saving stations in this county and will make his headquarters in Bandon.

Company K held their monthly drill last Sunday. The boys are going to give their annual ball on Saturday, Nov. 20th next. It will be the ball of the season. A cordial invitation is extended to all. Now, ye Coquillers, come and have a good time. Capt. Blumenthal is noted for his success in whatever he undertakes; therefore we hope that the company will have a large crowd from Myrtle Point. You come, Ed, won't you?

One of our most prominent citizens, Mr. Robert Walker, has at last concluded to put the tract of land he bought from Mr. Averill on the market. This is the choicest location in town for residence and we are glad that we have now a show of getting a home at a reasonable price.

Mr. Henry Rhoner left for Humboldt county, Cal., last Monday. Do not forget when you come to Bandon to visit Mr. Alvin Manek. Messrs. Tupper and Manek want you to go hungry or dry.

Mr. Chris Long has been lucky this week. He caught two bears in his traps, but we did not get a smell, Chris.

Ducks are plentiful on the flats, but you have to get up early to shoot them. LANCET.

Lampy Creek Items. Lampy creek is looking up. Health good; craps middlin'. Mr. Quick's house is nearly complete.

Mr. Hanley has put up a splendid house and barn.

Mr. Doughty has plenty of hogs and potatoes. So has Mr. Waddington.

Sunday School is still in full swing with a good attendance.

Day school has just closed after a very successful five months teaching by O. A. Kelly, J. P. River Ripples.

Oregon should see to it that she is creditably represented at the Worlds Fair at Chicago in '93. She cannot afford to let other and less favorably located states surpass her in either the character, quality or quantity of her exhibits, and there is no time to be lost or frittered away. California and Washington have "caught on" to the importance of being well represented and are making great preparations to be "in it." They will undoubtedly make a great showing, and Oregon should also wake up, scratch the moss off her back and strive to get there Eli. There are no obstacles in the way other than her own negligence. No state in the Union can make a better showing, and very few states seem to take less interest in the matter. Let Oregon arouse, put on her Sunday clothes and go to that exposition determined to walk off with the cake. She can do it.—Ex.

Beatty's Tour of the World. Ex-Mayor Daniel F. Beatty, of Beatty's celebrated organs and pianos, Washington, New Jersey, has returned home from an extended tour of the world. Read his advertisement in this paper and send for catalogue.

San Francisco is facing the lamentable prospects of a coal famine. The supply for the last nine months is nearly 100,000 tons short of that of 1889 and nearly double that amount short of the supply for the same months in 1888. We have the coal to supply the world for ages to come. Come and get it.

Huntington, the railroad magnate, has perfected a big deal between his lines, the Union Pacific, Southern Pacific, and the Missouri Pacific by which all will go under one management. This precludes the possibility of competition. The people may expect to be fleeced just as long as they leave those things under the ownership, and control of private individuals.

There is a movement on foot to have a new fair district organized of Douglas, Coos and Curry counties. The fair is to be held alternately on Bandon beach and in Douglas county. This would interest the people of the three counties who now care little for the Central Point fair. The early connection of Douglas and Coos by rail makes the project more acceptable, and it is thought that it would be a great success. The next legislature will be asked to form the new district and make a suitable appropriation to give the enterprise a start.—Roseburg Review. [What's the matter with Curry county? It will be quite as handy for Curry at Bandon as for Coos, but Port Orford would be a good place for it.

Mr. John Keown, the worthy postmaster at Keown, Allegheny county, Penn., says: "Chamberlain's Cough Remedy sells better than any other." The reason of this is because it can always be depended upon. Let any one troubled with a severe cold give it a trial and they will find that the first dose will relieve the lungs and make breathing easier, and that its continued use will free the system of all symptoms of the cold. The promptness and certainty of this remedy in the relief and cure of colds, has won for it many sincere friends and made it very popular. For sale by R. S. Knowlton and S. L. Leneve, druggists, Coquille City, Oregon.

The Road to Wealth

Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions can exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors. DR. HENLEY'S English Dandelion Tonic exerts a specific influence over the liver, excites it to healthy action, resolves its chronic engorgements, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.
