THE R. R.—The work on the Roseburg, Coos Bay and Eastern railroad is being rushed along as fast as possible under the circumstances. Mr. Graham has given the Roseburg Review the progress and status of the whole business. It is owing to the fact that much of their machinery can't be successfully used among the roots; that owing to the fruit season in California few Chinamen can be had, and the further fact that most of the work at present is piling, bridging, etc., that work is not more vigorously prosecuted at this time. In a month work will be active with a large force. The rails for 30 miles and the engines for road will be here in three months. The road will be complete to Roseburg in time to carry next season's crop, and the time called for in bonus contract will be met at every point.
