Devotional exercises followed, conducted by Mrs. L. P. Maury. Miss Alice Stember of Dora read a selection—"Apples of Gold;" Mrs. A. R. Scott of Bandon read a paper, "How shall I take home the most good from this meeting," which subject was farther briefly discussed by Rev. W. C. Scott. Mrs. Phillips read a paper prepared by Mrs. Emma Henry of Myrtle Point, subject—"The relation of young people to temperance."

The president thanks Rev. Thornton for assistance in preparing the program, etc.

The maskers were limited, but this did not prove a hindrance and everybody had a good time. Geo. Quigley distinguished himself, as usual, by setting one of the finest midnight suppers that ever a ball party sat down to.

West Oregonian: There has been considerable said pro et con in regard to the county clerk refusing to take county warrants as fees from litigants. This is a simple question and it needs no argument, for it is simply a fact that the clerk cannot accept such payment for clerk fees, as he is obliged to turn over to the treasurer every night all fees paid in. Now how nice it would be if an attorney could purchase a fifty dollar county order for forty dollars and deposit it with the clerk to pay fees in litigation and charges.

A. E. Avins, a veterinary surgeon, just arrived here from the valley, tells us we look comfortable here, and as it faring quite well to what they are in that section. In that splendid country wheat only averaged about 15 bushels to the acre the past season, and oats about 25 bushels, while the prices rule so low that the farmer is often worse off than if he had not sown in hope, and reaped in despair. He mentions one farmer, well fixed and hitherto prosperous in his husbandry, who, with gathering about 100 acres of wheat came out \$40 in debt. Many others have fared about similarly.
