The cannery at Empire received 2500 salmon Tuesday morning of last week, and is running on full time.

The county jail at Empire City is now enclosed with a fence 12 feet high. This will shut off outside interference with the birds within, and make their security more probable.

Mrs. Harford, of the W. C. T. U., directed the rendition of the "Milkmaids' convention" at Marshfield Tuesday evening of last week, similarly to its conduct in this city about a year ago.

A transit of Mercury takes place Nov. 10. The planet will pass between us and the sun, taking about six hours to make the transit, beginning at 7:46 in the morning. Visible on this coast.

Ex-Sheriff Wieder and wife returned to the bay from San Francisco last week, bringing their son John with them, who is said to be improving from the medical care he received in the city. He uses crutches.

Channy M. Byler, druggist, at Empire, has been appointed postmaster at that place. He is a very capable young man and his appointment seems to give satisfaction to the citizens, since a change was to be made. The postoffice will probably be moved to Seugstacken's store.

The ladies composing the decoration committee of the Christian Workers of this city, desire to thank our townsman T. A. Walker for his assistance and skill as displayed in placing the mottoes and festoons at the M. E. church.

Bro. Dodge, who accompanied Hon. Binger Hermann to Bandon a few days since with a view to the personal inspection of the jetties by the latter, will give a write-up of the visit in this week's issue of the West Oregonian, and the impressions as to damages likely to be sustained from the winter's storms.

The special correspondent of the Roseburg Review, in its issue of October 16th, gives a detailed account of his visit to the renowned Joaquin Miller, the poet of the Sierras, at his home on "The Heights," which is several hundred feet above the sea level, and from which is seen the great bay of San Francisco. The poet's first wife—we do not know if he was ever married since—was an agreeable and intelligent lady, and possessed considerable poetic ability. She was a sister of our Judge G. M. Dyer of Bandon, and died not many years since.

The products of the Bandon woolen mill have already attained considerable reputation. The number of orders now on hand, we learn, will take many months to complete, and the cry is still they come. Thirty people are now hard at work from morn till night, and if the orders keep coming in, and increasing at the present rate, additions will have to be made to the present mill, so as to considerably increase its present output. All these orders, save the local ones they have had, as yet, all come from San Francisco, as they had no time to send samples anywhere else.

Alex Urquhart of Riverton has been seen on our streets frequently of late.

Hon S. H. Hazard of Empire City has been commissioned a notary public.

William Benham of Smith's logging camp has moved into town for the winter.

C. L. Gray, the jeweler, will be at J. W. Lense's store on November 5th to do all kinds of repairing of watches, clocks, jewelry, etc.

The Bandorille may be expected now at an early day. We learn that her troubles of litigation are ended and that she would start at once on her coast route.

Dud Johnson has been out about a fortnight collecting beef cattle to send to the city on the steamer Alice Blanchard. He will put aboard about 65 head this trip.

The Douglas county sheriff and deputies are being led hither and thither after Manning and Owen, our prison escapes, whom they are led to believe are in that section.

It is reasonable to suppose that as Ayer's Sarsaparilla has benefited others it will benefit you. No other medicine is so effective in producing a radical change in the blood and imparting renewed life and energy to the whole system, both nervous and physical.

Educational matters are on the boom. There are three private schools at Myrtle Point, and there are now three at Bandon and all likely to do well. One of them will be on the western side, and its proximity to the beach will enable the pupils to have a run there, and inhale the fresh and invigorating breezes that come in from over the great ocean.

Judge Schroeder held an inquiring in this city last Thursday on James Saunders, for some years past an inmate of the county infirmary, and committed him to the insane asylum at Salem. Sheriff Gago and T. A. Walker started with him for Salem at once. Mr. Saunders is well up in years, and now subject to epileptic fits.

Rev. Father Desmarais, of Marshfield, has been appointed by the archbishop of Oregon to take charge of the Catholic mission of Gardner and Smith river, in Douglas county. Hamilton, attorney for railroad company.

Mr. Ryons of Lincoln, Nebraska, who has bought some valuable property with a frontage on the beach, is getting 75 acres of it cleared. Men are now engaged cutting down the brush, and when it is properly prepared a large orchard will be planted there with choice fruit trees of various kinds, and for which it is admirably suited. It is the intention when these fruits are properly matured, they will be carefully boxed up and forwarded by the C. B. R. railroad to Roseburg and thence to the eastern states, where Oregon fruit is now beginning to be appreciated, and where the prices even now obtained would pay all expenses and leave a very satisfactory margin for the consignor.

Owen Captured.

Sheriff Patterson of Jackson county and Sheriff Cathcart of Douglas have succeeded in capturing the Coos county fugitive from justice, Chas. B. Owen, who escaped from the jail at Empire City during the term of district court, about three weeks ago. The capture was made by the local police at Sacramento Monday of last week. He was going under the name of "C. J. Goodwin," and was the victim of a decoy letter. Manning was still at large.

Last Wednesday Mrs. J. P. Stemler, Miss Alice, and two younger children, came down from Dora, the former to attend the Christian Workers' convention, to which Miss Alice was a delegate and took an active part in the proceedings. A distance of about 30 miles through mud and storm evidences their interest in the work of the Christian Workers. Miss Alice is also president of the county W. C. T. U., which is now in session at Bandon.

Chas. W. Dye desires the HERALD to express his gratitude to his neighbors and friends for their many attentions during his late affliction, and he hopes that if any ill should happen to them, that their neighbors and friends will be as good to them as they have been to him. Mr. Dye tells us that a few days since his neighbors turned out in force and finished slashing what he was at when the accident happened to him.

Mr. and Mrs. Smith and family of northern Curry county, are now camped on the beach. They have completed their harvesting, and have moved up to where they are, in order to recuperate and lay in a good stock of health, and vitality, to carry them safely through the winter and enable them to go through the next year's work with strength and vigor.

The board of trustees visited the schools Friday, and express satisfaction, generally. They will make some improvements to relieve the crowded condition of the schools. They complain, however, that some of the children are sent to the primary department without books, and desire to urge parents to attend to this matter at once. The children cannot progress in their studies without books, besides it is an extra hardship on the teacher.

Express Robbery at Myrtle Point.

Thursday night of last week some party or parties went through the Wells-Fargo Express Co's safe at Myrtle Point, taking everything of value. The office is in J. H. Roberts' brick building, but statements are so conflicting as to details that we can give no particulars regarding whether the thieves broke in or out, how much was really taken, and the condition of the safe at the time of the robbery. The amount stolen is variously stated from \$250 to \$2000, but the facts are kept from the public. We learn authoritatively, however, that the route agent is present and the office suspended.

Mr. and Mrs. Gene Norton, nee Grace M. Even, whose wedding took place on the evening of the 20th inst, were the recipients of a charming serenade from the band last Saturday night, and in turn the latter were delightfully entertained with refreshments, music and games until a seasonable hour.

**YOUR FUTURE**

**IS IN YOUR OWN HAND.**

Primary cause to tell what the lines in your hand indicate. It will answer you, if nothing more. The above diagram almost explains the length of the LINE OF LIFE indicates probable age to which you will live. Each BRACKET shows you thirty years. Well marked lines of HEAD denotes brain power; clear LINE OF FORTUNE, fame or riches. Both combined mean success in life; but you must keep up with modern times to win it. You will find plenty of lines in DeWitt's Family Magazine, so attractively issued that every member of the family is interested. It is a diagram MAGAZINE, a CLEAR LINE OF HEALTH bespeaks tenderness; a straight crooked. A well defined LINE OF HEALTH shows you doctors' bills; so will the health hints in DeWitt's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or beyond. Keep up your spirits by having DeWitt's Magazine to read. By subscribing to it for 1904 you will receive a gallery of exquisite works of art illustrated in an artistic manner, that will keep you posted on all the topics of the day, and all the latest and different items of interest about the world, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while DeWitt's is a fashion magazine, the beautiful pages are perfect, and you get with it, free of cost, all the pictures you wish to use during the year, and in any size you wish. Send for your subscription at once, only \$3.00, and you will really get over \$25.00 in value. Address: DeWitt's Magazine, 710 Broadway, New York. If you are unacquainted with the Magazine send for specimen copy to J. C. DEWITT, RANGEL means honesty; a large THUMBLINE generally; love FIRST DIVISION; the BUTTERING OF THE MOUNT OF JUPITER means ambition; the SATURN produces the BUTTERING OF JUPITER; MAJUS, courage; MOON, imagination; VENUS, love of pleasure; and the SUN, intelligence. Take our advice at above and you will be sure to possess the last and most valuable quality.
