The Herald has splendid clubbing facilities with the best newspapers published in the land. We offer The Herald and the New York TWICE-A-WEEK WORLD, both for one year for only \$2.25.

A POINT FROM THE REPORT.

The San Francisco Examiner of Oct. 27th makes the following editorial defense of itself and the striking railroad men, during the late strike at Sacramento, California, wherein the Southern Pacific and its paid Associated Press and corrupt newspaper press lied, jointly and singly and repeatedly, against the strikers as anarchists, and rioters and murderers, and against the Examiner as their organ.

ATTEND TO YOUR OWN LITTLE BUSINESS.

A few white livered scrubs and lousy scabs may imagine it is smart to let their tongues wag too much about the private and personal affairs of the editor of the Echo-Leader.

Findings No. IV of the report declares:

We find that the crowd assembled at the depot on that day was composed largely of curious onlookers, who had no connection with the strikers and women and children; that the number of armed men who might have offered forcible resistance at the depot was greatly exaggerated.

These are the men whom the railroad organs represented as ready to sack and murder, and would have shot down like wild beasts.

surrounded by the crowd, and that the people were permitted to pass as they pleased between the companies and to gather around the Gatling gun.

For about an hour General Sheehan's command remained in this position. If the crowd had been so disposed they could have overwhelmed his troops, taken the Gatling gun and turned it upon the Second brigade.

WE ARE NOT ALONE.

The Herald is not alone in its glory in receiving the tongue of slander and vilification and the boycott. An experience of 35 to 40 years as a newspaper man through all the trying changes of the past four decades, has not unfitted us to merit the assaults of undesirable portions of the community, nor forced us into submission to threats, withdrawal of patronage and denunciations from shabby-genteel would-be bosses and masters.

Appropos of the Herald being opposed to the public being robbed and swindled by corporations, trusts or syndicates, their agents or attorneys, which is charged against us by the Oregonian, the Herald is also opposed to the authorities allowing their communities to be swindled and defrauded by traveling "steel stove," "four-bin" or other fakes, and will interpose an expose and warning of these "sharps" whenever it can get facts to warrant, but we take notice the Oregonian mentions late swindles of this character in Tillamook and other coast counties very gingerly, and in no manner condemnatory.
