LOCAL ITEMS.

Fresh milk delivered—see Mr. Sanford's "Notice."

P. A. Decker of Myrtle Point was on our streets Saturday.

T. C. Norris of this place filed on a homestead last week.

Rev. W. C. Scott of Bandon preached at Myrtle Point last Sunday.

The weather has been charming and the days beautiful for several days past.

Facts speak louder than words. Simmons Liver Regulator does cure bowel disorders.

Mr. and Mrs. H. Root of Norway have returned from their trip to Jackson county.

Lewis and Fred Garrett of Humboldt county, Cal., are visiting their friend S. L. Lafferty at Norway.

There was a large attendance at the public sale of remnant stock of Harkness & Scott's store last Saturday.

Mr. and Mrs. Gallier came up from Bandon last week and visited friends here several days, besides looking after interests here.

Mr. and Mrs. J. S. Lawrence attended the quarterly meeting services of the Methodist church at Arago last Saturday and Sunday.

Uncle Gabe Brown is still suffering at times from the blood-poisoning which set in on receiving a slight hurt on his right hand a fortnight ago.

John Walstrom, a clever citizen of Parkersburg, was up on business last Saturday. Mr. W. is progressive and enterprising, and took a hand in the fishing this season.

For the cure of headache, constipation, stomach and liver troubles, and all derangements of the digestive and assimilative organs, Ayer's Pills are invaluable. Being sugar-coated, they are pleasant to take, always reliable, and retain their virtues in any climate.

Dr. Stockman took advantage of the beautiful weather of the past few days and rode into town. Saturday was his first visit for many weeks and since his recovery from a very severe sick spell.

Dr. T. R. Wheeler, dentist, will be in this city for about one month. Artificial plates from $7 up; silver fillings $1; gold fillings from $2 up; extracting 50c. Satisfaction guaranteed in all operations. Office—In the Nasburg building, Front street, lately occupied by McDonald the barber.

The HERALD desires to warn its readers and citizens generally against the "steel range" and other swindlers. Parties are doing up several sections of this state, notably the coast counties, and Coos and Curry may be on the list. It is pronounced a fraud of the worst kind, but unsuspecting parties are permitted to be swindled just the same.

W. H. Waddington of Lampey creek came up last Saturday. He visited this office of course, and brought us a specimen of Brussels sprouts, something new in this section in the cabbage line, but a very peculiar growth, succulent and palatable. This experiment by Mr. Waddington here has been very successful. The "sprouts" is on exhibition at this office, and has been a curiosity to many.

The I. O. G. T. lodge at this place held their election for new officers last Tuesday night. The following were elected: Bud Nosler, C. T.; Miss Lucy Nichols, V. T.; C. Baxter, secretary; Miss Nellie Figg, treasurer; D. P. Strang chaplain; Prof. Kenematz, financial secretary; M. O. Buzan, marshal; R. J. Robinson, guard; Frank Boyrie, sentinel; Bertie Clark, past chief templar; C. Wilkins, deputy.

Prof. and Mrs. F. L. Harford of Newburg have spent a couple of weeks in this county in the cause of temperance, as representatives of the W. C. T. U., of which Mrs. Harford is the state corresponding secretary. They have made friends—and some enemies, doubtless, all the more evidence of their faithful, good work—and strengthened and advanced the cause much in this locality. They are of the Friends, or "Quaker" order, are plain, practical and able and devoted to the cause.

Temperance Meetings.

A series of temperance and reform lectures have been given to our citizens the past week by Prof. and Mrs. Harford of Newberg, lecturers of the State W. C. T. U. Mrs. Harford addressed a good audience of ladies last Friday afternoon on the subject of "Health and Heredity." That night she gave an able temperance address, on the evolution of the temperance reform movement since the Washingtonian, or moral suasion days to the present W. C. T. U. development. Saturday afternoon Mrs. Harford addressed the ladies again on "Dress Reform." Saturday night Prof. Harford delivered an able address on the objections made to prohibition. His replies to "business" men's objections were unanswerable, living facts, his own home town, Newberg, furnishing arguments and data that were convincing. Sunday morning Mrs. Harford occupied the pulpit of the Methodist church and delivered an eloquent and able sermon, her topic being chiefly the weakness of the church when worldliness pervaded it. Mrs. Harford also spoke Sunday night to a large and interested audience, and was followed by a few remarks by Mr. H., the choir furnishing a number of pleasing songs. Mr. and Mrs. Harford also rendered a temperance duet. The presence of these workers has greatly revived the spirits of our temperance people.

O. E. S. Election and Installation.

At the annual election of officers of Elgin Chapter, No. 24, O. E. S., at Myrtle Point, the following officers were elected for the ensuing year: Mrs. Carrie Wise, W. Matron; W. H. Walker, W. Patron; Miss Mary P. Harris, A. Matron; Mrs. Fannie G. Dixon, Sec.; Mrs. Ursula Rose, Treas.; Miss Daisy B. Giles, Cond.; Mrs. Emelia Perkins, A. Cond.; Mrs. Mary C. Brown, War.; Sol Wise, Sent.

Members of Beulah Chapter, No. 6, O. E. S., are cordially invited to attend installation of officers, Wednesday evening, Nov. 14, 1894.

C. H. Dalrymple, attorney at law at Albany, is shortly expected in this section. He owns a 10-acre lot at Bandon beach. This he is going to get surveyed into building lots, and he says he can dispose of all these in Albany, just as soon as the C. B. R. railroad is sufficiently advanced to prove that it is bound to go right on to Roseburg without any unnecessary delay. The people up there do not want to go to Yaquina, or any other bay, but they want, when they go for a summer outing, to walk along the beach and inhale the pure, invigorating sea-breeze that comes in there from over the vast surface of the boundless ocean, and not the stifling wind that comes to them from the other side of the bay.

Sheriff Gage and Special Deputy T. A. Walker returned last Saturday from their business trip to Salem. On coming via Roseburg they took charge of C. J. Owen, the jail-breaker, whose capture at Sacramento we mentioned last week. Sheriff Gage delivered him at Hotel de Gage in the proper shape.

We regret to learn of Andrew Perkins' illness at his father's home, on the lower river. We hear that he has been advised to go to the city to the hospital in order to receive proper treatment, and probably have an operation performed.

Postmaster Harlocker holds the following letters as "advertised," which the proper parties can have on application to him: Thomas Ash, Dave Williamson, E. D. Schultz (4), Elmer Schultz (2).

The schooner Danielson is reported damaged to the extent of about $2500 from her late accident on the spit at Florence. She will be taken to San Francisco and there put on the ways.

Seagulls are harboring along the river up to and above this place, occasioned, mariners say, by the storms and threatened storms on the ocean.

Mrs. Capt. Lockwood came up on a visit to Mrs. Harkness and Mrs. Scott yesterday.

Miss Ella Schroeder and sister, Mrs. Krubs, came down from Arago on a visit yesterday.

Mrs. Ev Hayes is over from the bay visiting her mother, Mrs. G. A. Brown.

The steamer Bandorille sailed from Portland and will be due here tomorrow.

The Christian Endeavor

Program, given last Sunday afternoon at the Christian church, was an attraction. Mrs. Maury presided. Mr. and Mrs. Harford were present and lent their aid in making the meeting both successful and edifying. Both addressed the meeting, the choir gave several charming songs, and with other exercises passed a pleasant hour.

Teachers' Examination.

Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county school superintendent thereof will hold a public examination, at Marshfield, commencing on Wednesday, at 1 o'clock p. m., the 14th day of November, 1894.

Teachers who are eligible for state certificates and diplomas must make application at the same time. J. H. BARKLOW,
County School Superintendent,
Coos county, Or.

Those who claim to know say that our breakwater at the mouth of the river will never amount to much, unless the jetties are strengthened like those at Coos bay, and run out into deep water just as they are there. When this is done we will have no more bars, as all the mud and sediment in the river will be carried out into deep sea, and from thence by tides and currents forced out and distributed along the ocean's depths. When this is completed we will have no necessity to get nearly all our exports—save lumber—as we do now, to and from Coos bay. We can export and import through our natural highway, the Coquille river, and thereby save all the expenses and inconveniences we are now under in being compelled to get from the bay what we can get with less danger and cost through the mouth of our own river.

H. A. Jones and Dudley Johnson, both candy-makers, have joined in the manufacture of candies at this place and can supply the markets of this and adjoining counties with the purest and best in the market. They have leased the Wimer building, on Front street, opposite Mrs. Root's restaurant, and will have a full complement of the finest French and other candies for the winter and holiday trade. Dealers hereabout should inspect these goods and learn prices before purchasing elsewhere.

The schooner Antelope reached the city safely. Fears pervaded that the up-turned brig Lucas was our schooner Antelope, but the crew of the former had been rescued and her loss established, while our good ship Antelope has been heard from in port.

NOTICE is hereby given, that about December 1st, or sooner, I will be prepared to furnish a good article of fresh milk at your door at popular prices, and 20 per cent will be deducted to those wishing to take their milk at my barn at milking hours.

A continuous supply will be maintained if possible, in reason, and a share of the public patronage is respectfully solicited.
R. D. SANFORD.
Coquille City, Or., Nov. 6.

Our old friend W. Gallier will make ready for growing apples on an enlarged scale. He says others may talk of prunes, and others still of other fruits, but as for himself apples suit him exactly and promise a good market.

N. Lorenz will now occupy the new storeroom next door to the post-office, late Harkness & Scott's, where he will open at once a choice stock of general merchandise, specially seasonable fall and winter goods, hats, caps, boots and shoes, rubber goods of all kinds, woollen ready-made clothing, underwear, etc. Call at his new store.

Mr. and Mrs. John Simmons' home was made a scene of life and jollity last Thursday evening, the schoolmates of their daughter, Miss Jessie, greeting her with a surprise on her 13th birthday.

James and Web Mast were in town from the North Fork Saturday. James has been teaching school for some time, and will leave for normal school at Monmouth soon.

The wisest course in politics is to vote for the best man, and you cannot be mistaken. So in the use of blood-purifiers, you can't be mistaken if you take Ayer's Sarsaparilla, because all parties agree that it is the best—the Superior Medicine.

Mrs. R. E. Buck furnished many nice flowers, including a great variety of chrysanthemums for the decorations at the church during the late series of services.

Gallier's blacksmith shop at Bandon was discovered to be on fire last Friday night, but in time to save it.

Our Coquille creamery, Patrons' company, turned out 6538 pounds of butter during month of October. It ranks first-class at San Francisco.

Our townsman, Sam Johnson, informs us that his latest dispatch from the east is that the Pops get away with everything at today's election.

Jack Laird, George Schroeder, and others of a hunting party whose names we have forgotten, returned Sunday. Of course all other hunting parties may now declare themselves "off." No use boys.

Mrs. A. Johnson, whilst recently strolling along the beach, found a valuable ruby. The local inhabitants, now that the visiting season is over for this year, may also be able to pick up something else besides agates.

For a pain in the side or chest there is nothing so good as a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back. For sale by S. L. Leneve, druggist.

David B. Ogden, U. S. assistant engineer, arrived at this place today. He is detailed to make an hydrographic survey of this river. He begins at Myrtle Point, although he has already established low-water mark at our wharf.

Nothing new, so far as the public is informed, has developed in the express office robbery at Myrtle Point.

Mrs. Sheppard returned home yesterday.

Resolutions of Respect.

Whereas, Death, the king of shadows, has hovered over us and removed from our midst Edgar Johnson on October 14. He was a young man whom all respected. He had been an invalid for over five months, but bore his afflictions bravely and patiently. He was an honest upright man, an affectionate son and brother, and a true friend. Therefore, be it

That Deputy Clerkship.

To the editor of Coquille HERALD: In the last week's issue of the Sun you doubtless noticed an article, "We wash our hands," which was published simply to hound a man for personal revenge in behalf of the editor and create the impression that the appointment of the deputy county clerkship met with disapproval of the party here in Marshfield. In order to place the facts before the public, I will state that there are not more than four men that have openly stated their objection in regards to the appointment, and that it was an oversight of our committee in not asking these parties to sign; also that Eugene Pannenberg has resided with us over one year and six months, and has identified himself with the party ever since. He has been a hard worker in our ranks and done more actual service than the editor of the Sun in making People's party votes. That he is fully competent the Sun does not deny, and whose business is it if the bondsmen of the county clerk have given their consent to the appointment? As far as the Sun representing the rank and file of the People's party here is concerned, it is well known that *it is a very small portion*, and we hope the day is not far distant that he may once more resume his exalted position among the "400" that his contact with the Populist party has deprived him of for a brief spell.

THE EXAMINER'S BIG PREMIUMS

The San Francisco Examiner will give away at its next annual drawing 9000 premiums, aggregating in value $145,000. Each subscriber, also, receives a fine picture worth in the market more than the price of the paper. These are splendid inducements, because the Examiner is the best newspaper on the coast and is well worth alone the $1.50 a year that it costs. If you subscribe now you can get the HERALD and the Weekly Examiner both one year for only $2.75. This clubbing rate entitles the subscriber to a ticket in the drawing and all other special privileges. Don't fail to take advantage of this offer.

Harry Baldwin, who lately disposed of his property on Bear creek, is now residing in Bandon. Although there not yet many weeks he is greatly improved in appearance, has increased considerably in weight, and possesses a healthy and vigorous aspect, the like of which he has not exhibited for many years. Rumor will have it that he——well, why not? he has been a bachelor long enough.

MRS. ELMIRA HATCH.
HEART DISEASE 20 YEARS.
Dr. Miles Medical Co., Elkhart, Ind.
DEAR SIRS: For 20 years I was troubled with heart disease. Would frequently have falling spells and smothering at night. Had to sit up or get out of bed to breathe. Had pain in my left side and back most of the time; at last I became dropsical. I was very nervous and nearly worn out. The least excitement would cause me to faint. I was also much troubled with fluttering. For the last fifteen years I could not sleep on my left side or back until began taking your *New Heart Cure*. I had not taken it very long until I felt much better, and I can now sleep on either side or back without the least discomfort. I have no pain, smothering, dropsy, no wind on stomach or other disagreeable symptoms. I am able to do all my own housework without any trouble and consider myself cured.
Elkhart, Ind., 1888. MRS. ELMIRA HATCH.
It is now four years since I have taken any medicine. Am in better health than I have been in 40 years. I honestly believe that *Dr. Miles' New Heart Cure* saved my life and made me a well woman. I am now 62 years of age, and am able to do a good day's work.

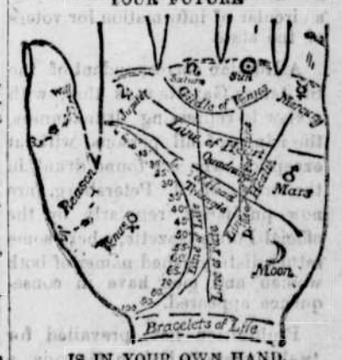
YOUR FUTURE



IS IN YOUR OWN HAND.
Palmistry assumes to tell what the lines in your hand indicate. It will amuse you, if nothing more. The above diagram almost explains itself. The length of the LINE OF LIFE indicates probable age to which you will live. Each BRACELET gives you thirty years. Well-marked LINE OF HEAD denotes brain power; clear LINE OF FORTUNE, fame or riches. Both combined mean success in life; but you must keep up with modern ideas to win it. You will find plenty of these in Demorest's Family Magazine, so attractively presented that every member of the family is entertained. It is a dozen magazines in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF FATE, peaceful life; the reverse if crooked. A well-defined LINE OF HEALTH spares you doctors' bills; so will the health hints in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the GIRDLE OF VENUS well marked; keep up your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb premium picture, 17x22 inches, "I'm a Daisy!" which is almost a real baby, and equal to the original oil painting which cost $300; and you will have a magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will be prized and posted on all the topics of the day, and all the fads, and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion magazine, its fashion patterns are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only $2.00, and you will really get over $25.00 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the Magazine, send for a specimen copy. A large QUADRANGLE means honesty; a large TRIANGLE generosity; long FIRST DIVISION OF THUMB strength will; LONG SECOND DIVISION, reasoning faculty. The MOUNT OF JUPITER betokens ambition; that of SATURN, prudence; the SUN, love of splendor; MARS, courage; MOON, imagination; VENUS, love of pleasure; and MERCURY, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.
