For a pain in the side or chest there is nothing so good as a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back. For sale by S. L. Leneve, druggist.

During the past week a commercial school in San Francisco has billed our town for patrons. The cost of such an agent and advertising would pay the tuition of a goodly number of our youth, and save them traveling expenses and risks and temptations by attending Prof. Conger's splendid school at Bandon. Your board bills will be lighter, too, and your patronage will be given at home.

Russell Panter was up from Riverton last week and renewed friendship with the people's friend —the HERALD. Mr. P. speaks, volantarily, a good word for our old friend T. J. Perkins' nursery. Mr. P. is experienced and throughly reliable, and has limited his enterprise to a select few of the fruits that are the best and do the best here, so that any dealings with him in that line will be not only cheaper than from abroad, but just what you want.

Our old friend J. C. Wilson met with an accident last Friday, which was painful, though not serious. He was handling melted babbett metal, when some of it alighted on the back of his left hand and would not be shaken off, burning into the flesh and making a very painful wound.

The Douglas county authorities have been puzzling their brains for some time past as to how they could take in a pauper and charge the expense to Coos county, and probably supposing that Coos county's judge and board being Populist would not be overburdened with a knowledge of the law in the case—for what do they know about law?—that they could just take charge of this Coos county case and pop it to the Pops almost without them knowing it. But the shoe is on the other foot. The person who figures in the case as the pauper is Charlie Hermann, who was discharged from this county's poor farm for vicious conduct, though he is regarded as fully competent to support himself by his labor, and is besides an ex-soldier and therefore not a common pauper under our statutes, and if needing to be cared for, is a proper subject for the soldiers' home. He was not sent to Douglas county, but went of his own accord and was therefore under the jurisdiction of that county. But to settle matters, they raised a purse and sent Hermann back to this county, and now our authorities will be obliged to provide for him. He is at Bandon, and the G. A. R. post will have to move in the matter, and this will be backed by the county authorities, as provided by law.

The West Oregonian makes mention that some of the young men who are attending school in that place have rented the G. A. R. hall and meet there four nights out of the week for study, one evening being a school of vocal music, conducted by Sam Johnson. Editor Dodge commends them for it, and the HERALD would commend similar action on the part of our youth here as being far more in the line of what they need and seem to desire than so many nights of fun and frolic.

HEART DISEASE 30 YEARS.
GRAND ISLAND, NEB., April 8th, 1892.
Dr. Miles Medical Co., Elkhart, Ind.
GENTLEMEN: I had been troubled with HEART DISEASE FOR THE LAST 30 YEARS, and although I was treated by able physicians and tried many remedies, I grew steadily worse until I WAS COMPLETELY PROSTRATED AND CONFINED TO MY BED WITHOUT ANY HOPE OF RECOVERY. I would have very bad sinking spells, when my pulse would stop beating altogether, and it was with the greatest difficulty that my circulation could be started, which would bring me back to consciousness again. While in this condition I tried your NEW HEART CURE, and began to improve from the first, and now I am able to do a good day's work for a man 68 years of age. I give DR. MILES' NEW HEART CURE all the credit for my recovery. It is over six months since I have taken any, although I keep a bottle in the house in case I should need it. I have also used your NERVE AND LIVER PILLS, and think a great deal of them. Z. AVERY.

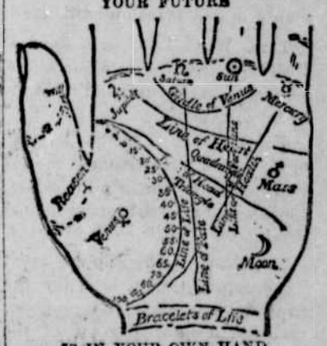
YOUR FUTURE


IS IN YOUR OWN HAND.
Palmistry assumes to tell what the lines in your hand indicate. It will amuse you, if nothing more. The above diagram almost explains itself. The length of the LINE OF LIFE indicates probable age to which you will live. Each BRACELET gives you thirty years. Well-marked LINE OF HEAD denotes brain power; clear LINE OF FORTUNE, fame or riches. Both combined mean success in life; but you must keep up with modern ideas to win it. You will find plenty of these in Demorest's Family Magazine, so attractively presented that every member of the family is entertained. It is a dozen magazines in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF FATE, peaceful life; the reverse if crooked. A well-defined LINE OF HEALTH spares you doctors' bills; so will the health hints in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the GIRDLE OF VENUS well marked; keep up your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb premium picture, 17x22 inches, "I'm a Daisy!" which is almost a real baby, and equal to the original oil painting which cost $300; and you will have a magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the topics of the day, and all the fads, and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion magazine, its fashion pages are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only $2.00, and you will really get over $25.00 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the Magazine, send for a specimen copy. A large QUADRANGLE means honesty; a large TRIANGLE generosity; long FIRST DIVISION OF THUMB strong will; LONG SECOND DIVISION, reasoning faculty. The MOUNT OF JUPITER betokens ambition; that of SATURN, prudence; the SUN, love of splendor; MARS, courage; MOON, imagination; VENUS, love of pleasure; and MERCURY, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.
