parchment or with pen;
Before the law made citizens, the moral
law made men.
Law stands for human rights, but let it

PENNOYER TO CLEVELAND.
The Governor sent the President Another
Christmas Letter.

The Portland Sun says: A year
ago Governor Sylvester Pennoyer
sent President Grover Cleveland a
letter that was read with interest all
over the country. On the 24th of
December the governor mailed
another letter to the White House,
Washington, D. C., that will not be
devoid of interest to the whole
country. It may sting the chief
magistrate in its directness, but it
will certainly touch a responsive
chord in the hearts of a large ma-
jority of the American people, who
favor silver money.

THE GOVERNOR'S LETTER.
Portland, Or., Dec. 25.—To the
President, Washington, D. C.:

Christmas has again visited our
stricken land with its prostrated in-
dustries and its idle throngs willing
but unable to work, and unwilling
forced to beg or suffer. Your panacea—a
change in the Sherman law and
the tariff—has been administered,
but there is no change in the sad
condition of our unfortunate
country. After two years of ruin-
ous delay and mismanagement you
have, thank heaven, at last discov-
ered the real trouble, although you
have not proposed the proper rem-
edy. As you now concede, the
country needs more money, but it
does not want the worthless stuff
you proffer. It needs gold and
silver money with which to pay
debts, and it does not want bank
rags with which it cannot pay debts.

Thirty years ago the Democratic
party had a president that defied
the banks in the interest of the peo-
ple. Has it now a president that
defies the people in the interest
of the banks? All the traditions of
the party that elected you are for
gold and silver money and against
bank currency. Do you aspire to
furnish an example of treason to the
cause entrusted to your care, which
will be without any parallel, except
one, in all the annals of American
history? Your party in both houses
favors the restoration of silver as
standard money, the people actually
suffering from the existing prostra-
tion of business favor it, and will
you not stand with them in over-
turning the monometallic policy of
the British moneyed oligarchy,
which is fast degrading our fair
country to the condition of a sub-
jugated province and our hitherto
free people to a condition of finan-
cial serfdom? Always remembering
the unemployed multitudes all over
our broad land, I pray that God
may give you light and strength to
do the right.

SYLVESTER PENNOYER.
PEOPLE'S PARTY MOVING.
Proceedings of the Session of the National
Committee at St. Louis on the 23th.

St. Louis, Dec. 23.—The opening
session of the national committee of
the People's party was held today
at the Lindell, with 200 persons
present.

The meeting had no sooner been
called to order than a motion was
made to exclude representatives of
the press and appoint a committee
of five to give out press reports.
The motion was carried. National
Chairman Taubeneck was in the
chair. At the afternoon session
the conference proceeded to listen
to addresses by J. S. Coxey upon
his non-interest-bearing bond plan,
Delegates Howard, Manning and
Adams upon the recent election in
Alabama and others upon the gen-
eral purposes of the conference.

Delegate Adams in his closing
sentences created considerable ex-
citement by saying that though the

Populists of Alabama were long
suffering in their refusal to resort
to revolution, patience might soon
cease to be a virtue and they would
not stand by much longer and
see their rights taken away.

After a short recess the roll of
states was called for introduction
of resolutions.
By Alabama (Delegate Adams), a
resolution requesting the United
States senate to adopt Senator W.
V. Allen's resolution of December
19th for the appointment of a com-
mittee to ascertain whether Ala-
bama's people are living under a
republican form of government.
Adopted unanimously.

Arkansas, California, Oregon,
Colorado, Georgia, and Indiana re-
ported progress in the advancement
of Populist principles, and the
spokesmen in the general remarks
insisted on the conference standing
strictly by the Omaha platform.
Illinois' spokesman, Mr. Lord of
Chicago, in addition to an insistence
upon the principles of the Omaha
platform, presented resolutions
adopted by the Populist city cen-
tral committee of Chicago denounc-
ing the recent imprisonment of E.
V. Debs and others in Chicago as
an invasion of the right of trial by
jury; also a series of resolutions
prepared by Lyman Trumbull of
Chicago denouncing the use of regu-
lar troops in the Chicago labor dis-
turbances last summer as a mili-
tary invasion, declaring the use of
regular troops a forcing of freedom
to oppress others in behalf of mon-
opoly, denouncing the issue of in-
terest-bearing bonds in time of
peace, demanding the free coinage
of silver at the ratio of 16 to 1, and
insisting that monopolies bearing
upon public rights should be owned
and operated by the government.

FLORIDA FRUIT CROP.
It Has Suffered Greatly by the
Big Frost of the Season.

Jacksonville, Fla., Dec. 30.—Re-
ports by wire from fifty-one cor-
respondents in the orange district
of the state indicate that at least
1,510,000 boxes of unpicked oranges
are solid, and more than 300,-
000 boxes in warehouses or lying
in bulk preparatory to picking are
frozen. Tomatoes, cabbage, beans,
peas, and all vegetables in the
northern half of the state are
ruined, except the pineapple plan-
tations, which are not much injured.
The day before yesterday half
of the season's great orange crop
of five million boxes was still on
the trees.

The fall of the northern blizzard
switched around through the Flor-
ida peninsula and within the space
of a few hours Florida had sus-
tained a loss that, estimated in
cash, would reach into the millions.
The destruction will be felt for
many years, indirectly or directly,
by all the people of the state.
Previous to this time the coldest
weather known was in 1885, but
there is no record to show just how
cold it was then.

Upper Coquille.
Dec. 29.—A few things the leg-
islators ought to do. The first is
to undo part of what they did
two years ago. Those who are not
willing to take the offices at the
old salaries, set them back to the
old salaries, but as for the state,
cut them down half, and if they
can't live on that let them dig po-
tatoes.

As for the state library, the
laboring man has no use for it and
don't want to be taxed to run the
machine.

The state university is an unjust
tax on the people of the state; if
it can't live without taxing the la-
boring class of people, cross it out.
The normal schools the same; if
the common people haven't the
benefit of it, don't tax them to sup-
ply it. Give the money to the
public school fund.

If you allow liquor licenses to
be given to the city corporations,
make them responsible for all costs
caused by the liquor.

Coos county needs a law giving
the people the right to let the of-
fices of sheriff, clerk, recorder,
treasurer and assessor to the low-
est responsible bidder.

I had not put down the militia.
We have no more use for it than
the fifth wheel to a wagon.

GENERAL NEWS.

CONGRESS WILL DO LITTLE.

Montgomery, Ala., Dec. 30.—
Governor Oates, who has just re-
turned from Washington, says the
Carlisle currency plan will be de-
feated, the Nicaraguan canal bill
fail to pass, and congress will do
but little this session.

PERJURY IS CHARGED.
Seattle, Dec. 30.—Dr. W. P. Book,
president of the suspended Aber-
deen bank, was arrested here to-
night on a charge of perjury. It
is claimed that Book's personal
property was listed to the county
assessor as the bank's property,
and that the bank thus paid taxes
on Book's property.

HIS WIFE WAS ELECTED.
Fort Dodge, Ia., Dec. 30.—As
the result of a clerical error in an
election ballot, Iowa will, for the
first time in its history, have a
female justice of the peace, Mrs. L.
K. Castle, of Colander, being sworn
in today. The intention was to
nominate her husband, but by mis-
take his wife's initials were used
and she was elected. As there was
no legal obstacle to her filling the
place, she was sworn in.

MRS. BLOOMER DIED.
Council Bluffs, Iowa, Dec. 30.—
Mrs. Amelia Bloomer, from whom
the Bloomer costume, one of the
first efforts towards dress reform,
was named, died at her home in
this city today. She was in her
younger years a noted lecturer on
temperance and woman suffrage.
She established at Seneca Falls, N.
Y., in 1849, a paper called The Lily,
the first paper in this country
owned and edited by a woman.

AND THIS IS FREE AMERICA!
San Francisco, Dec. 30.—It is
expected that a war will break out
in a few days between two power-
ful highlander societies in Chi-
na-town, because Lee Yeh, a member
of the Ben On Tong Society, re-
fuses to pay for a woman he recently
bought of the Wah Ting Sang
Fung Society, of 1018 Dupont
street. The story among the Chi-
nese is that Lee Yeh agreed to pay
\$1000 for the woman, and that
after paying \$800 he grew tired of
the bargain, which he had announ-
ced.

WILL WORK IN THE DIVES.
San Francisco, Dec. 30.—General
Booth has commissioned Helen
G. Schofield as a lieutenant in the
Salvation Army, and has assigned
her to work in the hardest post in
San Francisco, among the lowest
of the fallen women. She is a
daughter of the Rev. L. M. Scho-
field, who was pastor of several
important Presbyterian churches
in California, and is now in Chi-
cago. Miss Schofield graduated
with distinction from Mills semi-
nary two years ago and joined the
Salvation Army last April.

On October 3, 1890, George
Divine was discharged from the
penitentiary, his sentence for com-
mitting larceny in Baker county
having expired and a few days ago
he was restored to citizenship by
Governor Pennoyer's granting him
a full pardon. Divine, says the
Baker City Democrat, is his as-
sumed name. He is a son of Joa-
quin Miller, the poet of the Sierras,
and now on a tour of the Sandwich
Islands.

**E. L. Owen, a resident of Rose-
burg, was recently knocked down
by two unknown men on the bridge
and robbed of \$15 and a couple of
milk cans he was carrying. Stran-
gely enough, however, they allow-
ed him to keep his watch. He was
quite badly beaten with a
revolver and then driven back
across the river and threatened
with death if he came back. Mr.
Owen had been out late attending
a social party the perpetrators have
not been discovered.**

Several newcomers have recently
taken up their residences in this
neighborhood, says the Prineville
Review, and are combatting cheer-
fully with the usual rigors of an
upper Deschutes winter. Among
them are: Mr. Quimby and fam-
ily, Mr. Hawthorn and family, and
Mr. Osburn. Mr. Osburn has a
history. He it was who, as a baby,
was placed under the floor and
his mouth filled with rags to keep
him from crying out when the
Whitman massacre occurred.

Thomas Taylor, of Whisky Creek,
Wallowa county, has received
notice from the pension bureau
that unless he furnished rebuttal
testimony in 30 days his pension
would be stopped. It all hinges
on the question of his soundness
at the time of enlistment. He has
been drawing a pension since 1866.
His family doctor, who swears to
his soundness on the first applica-
tion, is probably dead, so the old
man is placed at a great disadvan-
tage to furnish this proof now, when
so many years have elapsed since
his enlistment. His discharge is
indorsed in red ink by his com-
manding officer, "a good soldier."

PATENTS
NOTICE TO INVENTORS.

There was never a time in the history
of our country when the de-
mand for inventions and improve-
ments in the arts and sciences gen-
erally was so great as now. The
conveniences of mankind in the fac-
tory and workshop, the household,
on the farm, and in official life,
require continual accessions to the
apparatus and implements of each
in order to save labor, time and
expense. The political change in
the administration of government
does not affect the progress of the
American inventor, who being on
the alert and ready to perceive the
existing deficiencies, does not permit
the affairs of the government to deter
him from quickly conceiving the
remedy to overcome existing discrep-
ancies. Too great care cannot be
exercised in choosing a competent
and skillful attorney to prepare and
prosecute an application for patent.
Valuable interests have been lost
and destroyed in innumerable in-
stances by the employment of incompetent
counsel, and especially in this advice
applicable to those who adopt the
"No patent, no pay" system. Inventors
who entrust their business to
this class of attorneys do so at im-
mense risk, as the breadth and
strength of the patent is never con-
sidered in view of a quick endeavor
to get an allowance and obtain
the fee then due. THE PRESS
CLAIMS COMPANY, John Wed-
derburn, General Manager, 618 F
street, N. W., Washington, D. C.,
representing a large number of im-
portant daily and weekly papers, as
well as general periodicals of the
country, was instituted to protect its
patrons from the unsafe methods
heretofore employed in this line of
business. The said company is pre-
pared to take charge of all patent
business entrusted to it for reason-
able fees, and prepares and prosec-
utes applications generally, includ-
ing mechanical inventions, design
patents, trade-marks, labels, copy-
rights, interferences, infringement,
validity reports, and gives special
attention to rejected cases. It is
also prepared to enter into competi-
tion with any firm in securing for-
eign patents.

Honorably discharged soldiers and sailors who served ninety days, or over, in the late
war are entitled, if disabled for ordinary manual labor, whether the disability was caused by service or not, and regardless of their pecuniary circumstances,
WIDOWS of such soldiers and sailors are entitled (if not remarried) whether soldier's
death was due to army service or not, if now dependent upon their own labor for sup-
port. Widows not dependent upon their own labor are entitled if the soldier's death
was due to service.

CHILDREN are entitled (if under 16 years) in almost all cases where there was no
widow, or she has since died or remarried.

PARENTS are entitled if soldier left neither widow nor child, provided soldier died in
service, or from effects of service, and they are now dependent upon their own labor for
support. It makes no difference whether soldier served or died in late war or in regular
army or navy.

Soldiers of the late war, pensioned under one law, may apply for higher rates under
other laws, without losing any rights.

Thousands of soldiers drawing from \$2 to \$10 per month under the old law are entitled
to higher rates under new law, not only on account of disabilities for which now pen-
sioned, but also for others, whether due to service or not.

Soldiers and sailors disabled in line of duty in regular army or navy since the war are
also entitled, whether discharged for disability or not.

Survivors and their widows, of the Black Hawk, Creek, Cherokee, and Seminole or
Florida Indian wars of 1822 to 1842, are entitled under a recent act.

MEXICAN WAR SOLDIERS and their widows also entitled, if 63 years of age or dis-
abled or dependent.

Old claims completed and settlement obtained, whether pension has been granted
under later laws or not.

Rejected claims reopened and settlement secured, if rejection improper or illegal.

Certificates of service and discharge obtained for soldiers and sailors of the late war
who have lost their original papers.

Send for laws and information. No charge for advice. No fee unless successful.
